Osteen? How did Lakewood become the largest megachurch in the U. S.? Salvation with a Smile, the first book devoted to Lakewood Church and Joel Osteen, offers a critical history of the congregation by linking its origins to post-World War II neopentecostalism, and connecting it to the exceptionally popular prosperity gospel movement and the enduring attraction of televangelism. In this richly documented book, historian Phillip Luke Sinitiere carefully

As a popular preacher, Joel Osteen's ministry has been a source of existential strength for many, but also the routine target of religious critics who vociferously contend that his teachings are theologically suspect and spiritually shallow. It is often said that salespeople would rather sell than spend a day learning

how to do it. They think time is money and every hour spent in training is money lost and time wasted. But what they fail to understand is that learning how to do sales effectively is actually a catalyst for great sales results for the organization and excellent sales performance for the individual. It is worth noting that while sales is one of the easiest careers to get into, it is not as easy to sustain and spend a life in. So to put it in simpler words, “Everyone can be a sales person, but not everyone can be a successful sales person” To be a successful salesperson it is important to have a deep understanding of the industry you cater to. While the general skill set remains the same, it is the deeper and niche understanding that has the power to differentiate the best from the rest. In the market, there are numerous books and articles on
