Hollywoodstar Atlanta Jackson flieht vor der Presse in ein kleines italienisches Dorf, um Ruhe zu finden. Aber sie hat Pech - oder Glück? Denn in der sonst so ruhigen ländlichen Idylle ist noch ein zweiter Superstar zu Gast: Angelo Casali, den sie schon einmal abblitzen ließ ...

Recently angels have made a remarkable comeback in the popular imagination; their real heyday, however, was the Middle Ages. From the great shrines dedicated to Michael the Archangel at Mont-St-Michel and Monte Garano to the elaborate metaphysical speculations of the great thirteenth-century scholastics, angels dominated the physical, temporal, and intellectual landscape of the medieval West. This book offers a full-scale study of angels and angelology in the Middle Ages. Seeking to discover how and why angels became so important in medieval society, David Keck considers a wide range of fascinating questions such as: Why do angels appear on baptismal fonts? How and why did angels become normative for certain members of

the church? How did they become a required course of study? Did popular beliefs about angels diverge from the angelologies of the theologians? Why did some heretics claim to derive their authority from heavenly spirits? Keck spreads his net wide in the attempt to catch traces of angels and angelic beliefs in as many portions of the medieval world as possible. Metaphysics and mystery plays, prayers and pilgrimages, Cathars and cathedrals—all these and many more disparate sources taken together reveal a society deeply engaged with angels on all its levels and in some unlikely ways.

Merciful Judgments and Contemporary Society: Legal Problems, Legal Possibilities explores the tension between law's need for and dependence on merciful judgments and suspicions that regularly accompany them. Rather than focusing primarily on definitional questions or the longstanding debate about the moral worth and importance of mercy, this book focuses on mercy as a part of, and problem for, law.

This book is a product of the University of Alabama School of Law symposia series on 'Law, Knowledge and Imagination'. It explores the ways law is known and imagined in a diverse array of disciplines, including political science, history, cultural studies, philosophy and science. In addition, books produced through the Alabama symposia explore various conjunctions of law, knowledge and imagination as they play out in debates about theory and policy and speak to venerable questions as well as contemporary issues.

This is it—the stunning conclusion to the first story arc reimagining the iconic vampire-with-a-soul. Angel must decide which path to follow on his quest to earn redemption and to free himself from this vampire curse—and all roads lead to Sunnydale. Bryan Edward Hill (Detective Comics, Killmonger), Gleb Melnikov and series creator Joss Whedon (Buffy the Vampire Slayer, Marvel's The Avengers) will blow you away with a shocking final page reveal that no Buffy or Angel fan can miss! The topic of this exhibition and catalog is the angel, but more important the way the angel is represented. The image of the angel has varied with the changing times and stylistic and cultural spheres but, at the same time, it has remained essentially

unchanged and charged with a particular fascination that transcends fashions and styles.

A new historical novel from Pamela Schoenewaldt, the USA Today bestselling author of *When We Were Strangers*. Italy, 1905. Fourteen-year-old Lucia and her young mother, Teresa, are servants in a magnificent villa on the Bay of Naples, where Teresa soothes their unhappy mistress with song. But volatile tempers force them to flee, exchanging their warm, gilded cage for the cold winds off Lake Erie and Cleveland's restless immigrant quarters. With a voice as soaring and varied as her moods, Teresa transforms herself into the Naples Nightingale on the vaudeville circuit. Clever and hardworking, Lucia blossoms in school until her mother's demons return, fracturing Lucia's dreams. Yet Lucia is not alone in her struggle for a better life. All around her, friends and neighbors, new Americans, are demanding decent wages and working conditions. Lucia joins their battle, confronting risks and opportunities that will transform her and her world in ways she never imagined. Heaven is losing the fight for Earth to Hell, humans succumbing to the temptations and corruption offered by the demons and now things have reached a critical point. The angels are ill equipped to fight back lacking skills of

deception. Just as all seems lost Peter finds a long-forgotten clause, one which offers Heaven its only chance of salvation. The redemption clause states that any soul who dies while saving another shows the potential for being good and can be saved. With this in hand, Heaven sets up a new agency – the Avenging Angels, recruiting evil souls destined for Hell, offering them one last chance to escape the fire and enter Heaven. Enter Gerald, Angelo and Melissa, all destined for hell. With their very souls at stake, the Avenging Angels must stop the tidal-wave of evil heading in Earth ' s direction, and save humanity from itself. Simple, right? What could possibly go wrong? One simple plan, three evil soul ' s and a world full of good intentions.

Down a lonely, country road in the hinterlands of Maine's western mountains, author Angelo Kaltsos found beauty in a camp called West Branch. In *Of Bears, Mice, and Nails*, Kaltsos tells of discovering an old hunting camp built almost 100 years ago and of his efforts to refurbish the camp to make it his home. Although he grew up and worked in large cities, nature called to Kaltsos. It lured him to woods, parks, and the outdoors. For more than thirty years he has made his home in a small cabin near the Appalachian Trail. Kaltsos first spied the property with spectacular views in 1967; he rented a home prior to purchasing the camp in 1978. In *Of Bears, Mice, and Nails* he describes his simplistic lifestyle with no indoor bathroom, no electricity, no generator, no solar panels, no telephone, and no television. He's gained knowledge of carpentry and agriculture, and learned to plant and care for trees, vegetables, flowers, grapes, and berries. His story includes excerpts of comments left by visitors in his outhouse guestbook who describe the wonders of spending time in a rustic, quiet, and magical place.

Angels and Angelology in the Middle Ages

International Dictionary of Theatre: Playwrights

Un esercito di angeli sterminatori ha attaccato la Terra: dopo poche settimane la violenza dilaga ovunque, insieme alla paura e alla superstizione. Nella Silicon Valley ostaggio delle gang, la diciassettenne Penryn cerca di sopravvivere e proteggere la sua famiglia, fino a quando gli angeli guerrieri non rapiscono sua sorella minore, la più fragile, la più indifesa. L'unico modo per salvarla è affidarsi a un nemico, un angelo che ha perso le ali in combattimento e ora ha bisogno, come Penryn, di raggiungere la roccaforte delle crudeli creature alate a San Francisco. Nel viaggio che li porterà alla città, Penryn e Raffae impareranno a contare solo l'una sull'altro, in un deserto in cui regnano la devastazione e il sospetto e in cui il pericolo è dietro ogni angolo.

While trying to escape their apartment after the angels of the apocalypse descended to demolish the modern world, Penryn meets Raffae, an angel whose wings have been cut off by the angels who kidnapped Penryn's sister, Paige.

il disegno di un bambino - talentuoso - che ferma sulla carta ciò che lo incuriosisce o colpisce, senza porsi troppe domande. Quell'appunto distratto è rimasto lì, apparentemente dimenticato, nella frenesia di una vita, anche artistica, che aveva velocemente cominciato a delineare il suo corso. Come tutte le passioni, però, quel profilo, nel tempo, ha fatto maturare sotterranee riflessioni, portando poi alla luce e nell'arte di Koppelman nuovi stimoli e lavori. E perfino un "nuovo" Napoleone, liberato dal suo essere concreto personaggio storico per diventare icona e simbolo addirittura dell'inconscio collettivo. E, forse, più ancora, realizzazione in carne ed ossa delle battaglie che portano alla costruzione dell'armonia. Koppelman punta, infatti, l'attenzione sul Napoleone che è in ognuno di noi. "La bellezza è sempre unione di opposti - era il manifesto del Realismo Estetico di Eli Siegel, corrente cui Koppelman aderì negli anni Quaranta - e unire gli opposti è quel che cerchiamo di realizzare in noi stessi". Ecco l'intimo desiderio di Napoleone: portare la democrazia affermando però la propria autorità. Ed ecco l'intimo desiderio del Napoleone interiore: affermare il "noi", mettendo in mostra l'"io". Dal desiderio di illustrare questa scoperta, prende le mosse la ricerca di Koppelman, correndo attraverso dipinti, pastelli, acqueforti, incisioni su linoleum, acquerelli per giocare con i suoi stessi

risultati. Napoleone osserva l'orizzonte artistico nei secoli, guardando perfino se stesso allo specchio, non per avere risposte ma forse per porre domande sulla vera natura dell'uomo e dei suoi desideri. [Dino Gasperini, Assessore alle Politiche Culturali e Centro Storico] Chaim Koppelman was only nine when he first drew a profile of Napoleon in his geography book. It wasn't supposed to be a portrait, just a drawing by a talented child who puts down on paper things that strike him or arouse his curiosity, without wondering too much about them. That casual drawing is still there, apparently forgotten in the bustle of a lifetime, artistic and otherwise, that had soon begun to mark out its course. Like all passions, though, that profile of Napoleon caused subterranean reflections to ripen in Koppelman, bringing new stimuli and works to light and to his art. And even a "new" Napoleon, freed from being an actual historical figure and becoming an icon and symbol in the collective consciousness. And, perhaps still more significant, a flesh-and-blood personification of the battles that lead to the construction of harmony. Koppelman focuses attention on the Napoleon who's in every one of us. "All beauty is a making one of opposites, and the making one of opposites is what we are going after in ourselves," proclaimed the manifesto of Eli Siegel's Aesthetic Realism, a movement that Koppelman joined in the 1940s. This was Napoleon's

innermost desire: to bring democracy, but at the same time to assert his own authority. And it's also the innermost desire of our inner Napoleon: to assert the "we" while flaunting our own "I." Koppelman's research started from his desire to illustrate this discovery in paintings, pastels, etchings, linoleum prints and watercolors, playing with his results. Napoleon observes the artistic horizon over the centuries and even looks at himself in a mirror, not to find answers but perhaps to raise questions about the true nature of humans and their desires. The opening chapter traces the history of the term 'problem plays' as applied to Shakespeare and defines it more clearly and precisely than has been done in the past. Julius Caesar, Measure for Measure, Antony and Cleopatra are then discussed in separate chapters, not only as problem plays but from various points of view: such matters as themes, structural pattern, character-problems, the play's relation to its sources as well as to other plays in the canon, are all touched upon.

This book explores the narrative of Adam and Eve, its transformation into the doctrine of original sin, its power

to stimulate reflection on the meaning of human life, its amazing persistence in literature, and its ability to evoke compassion and forgiveness.

Drawing on the works of Shakespeare and American screenwriter Joss Whedon, this study in narrative ethics contends that Whedon is the Shakespeare of our time. The Bard wrote before the influence of the modern moral philosophers, while Whedon is writing in the postmodern period. It is argued that Whedon's work is more in harmony with the early modern values of Shakespeare than with modern ethics, which trace their origin to 17th and 18th century moral philosophy. This study includes a detailed discussion of representative works of Shakespeare and Whedon, showing how they can and should be read as forms of narrative ethics.

Contextualizing Michelangelo's poetry and spirituality within the framework of the religious Zeitgeist of his era, this study investigates his poetic production to shed new light on the artist's religious beliefs and unique language of art. Author Ambra Moroncini looks first and foremost at Michelangelo the poet and proposes a thought-provoking reading of Michelangelo's most controversial artistic production between 1536 and c.1550: The Last Judgment, his devotional drawings made for Vittoria Colonna, and his last frescoes for the Pauline Chapel. Using theological and literary analyses which draw upon reformist and Protestant scriptural writings, as well as on Michelangelo's own rime spirituali and Vittoria Colonna's spiritual lyrics, Moroncini proposes a compelling argument for the impact that the Reformation had on one of the greatest minds of the Italian Renaissance. It brings to light how, in
