

Blood Red (Aphrodisia)

Is he a man or a monster... Prudence Hightower, daughter of London's music master, is betrothed to a man she does not love, grieving over her mother's unexplained suicide, and worried for her father's mysteriously declining health. To escape the heartache and a drab life she turns to enigmatic Nicolae Tedescu, her father's gifted pupil, finding comfort in his music and discovering passion in his arms. Longing for the love denied him over the centuries, Nicolae finds it in the prim young mortal but is crushed when she rejects his offer of the dark gift. Can he live for all eternity without her? Can Pru survive a plot by a centuries-old cult to use her as bait to destroy Nicolae? Within the music lies the strength to mend a broken heart. A witch's chant holds the key to reclaiming a lost soul. When all else is lost, taking a chance on love is the most dangerous choice of all.

Yogic Secrets of the Dark Goddess unfolds the mystic beauty of Kali, the most powerful but misunderstood of the great goddesses of India. Probably the most comprehensive and innovative examination of Ma Kali in recent decades, the book reveals all dimensions of life and consciousness in Kali's transformative dance.

HOT VAMPIRE KISS: The werewolf population is entrenched in a century long civil war, and now they are plagued by a virus that is turning wolves into killers. The Brooks brothers pursue one such rogue werewolf to Temple, Texas. It is in Temple that Evan encounters a beautiful nurse named Marissa who instantly melts the hundred years of ice running through his veins. When she is brutally attacked by the wolf, he breaks the rules of the Vampire Council and uses his blood to save her. Now, if he doesn't kill the wolf by the next full moon, Marissa will become a killer wolf, and he will be sentenced to death. HOT VAMPIRE SEDUCTION: The underground vampire population of Austin, Texas has taken to hosting orgies with human women who've been forced to indulge in a new aphrodisiac. The drug, Blood Red, is a mixture of a rare type of werewolf blood and that of a vampire. Blood Red creates an insatiable desire for sex in the user to the point of pain in the absence of pleasure. Sometimes that pain leads to death. Vampire Warden, Aiden Brooks,

has spent more than a hundred years enforcing the laws of his race, and life has taught him that anyone that he allows into his world ends up dead. Despite knowing this all too well, having painfully loved and lost in his past, when his search for the creator of Blood Red places coroner Kelly Riggs directly in both his path, and that of a dangerous clan of vampires, his desire for her goes well beyond offering her protection. He's drawn to her bravery, seduced by her feisty spirit and beauty, but he is determined to resist her, fearing he will put her in harm's way. But Kelly is already on the radar of the enemy, and when she gets too close to the evil vampire clan's secrets, she is given Blood Red. Now Aiden's hunger for her might be the only thing that can keep her alive but who will save her from him? *HOT VAMPIRE TOUCH: In blood they will find destiny and the eternal bond of passion... A Vampire Warden betrayed by a werewolf he loved, turned into something not Vampire or Wolf. The woman-the wolf-who will heal him...if he doesn't destroy them both first. Reissue. Originally published under the same titles with different covers.*

The book presents an account of the flora of M.P. with special reference to Western parts included six districts only. The dominant vegetation of this area is dry deciduous forest dominated by Teak-Acacia-Butea. The another major formations of these areas are grassland, which prevails under anthropogenic factors. Total 980 species have been collected and described under recent taxonomical nomenclature. This book is very informative and useful for students, teachers, researchers and NGO working in the field of botany and taxonomy

Initiate yourself into one of the most enriching and powerful systems of magick anywhere. The Angels' Message to Humanity presents a radical, new system of 88 graded paths based on mandalas created from

the five Enochian tablets. Incorporating ritual magick, creative visualization, yoga, and mantras, nothing apart from this book is needed for these initiations. The revised pathworking rituals in The Angels' Message to Humanity allow a magician to fully explore the Enochian system of magick, alone or with others. Explore alternative methods of skrying and ritually working with the Watchtowers. Build the Enochian Cube as a powerful, three-dimensional model of the magickal universe through advanced pathworking rituals. Geared to the intermediate or advanced magickal student, this book is divided into easy-to-read text and endnotes containing helpful references and technical information, as well as 121 illustrations and 8 color plates. This is a Print-on-Demand title. Please allow an additional 2-3 days for delivery

The first work of its kind, The History of Medications for Women: Materia medica woman is a richly detailed, far-ranging illustrated history of medications for women in all the great cultures and civilizations, from ancient times to the present. Compiled by an acclaimed author of medical history literature, this is the only book that extends from the earliest uses of ergometrine, lettuce, and mummy medicine, through the history of women's medications in ancient Assyria and Egypt, and into the 16th through 20th centuries. With the main sections organized by origin and timeline, the book contains lists of medications used by women from earliest times to the present accompanied by historically-based text. The author includes botanical, chemical, pharmacological, and therapeutic details where appropriate, as well as extensive quotations from both contemporary and old, rare books. The text is complemented with the history of obstetrics and gynecology, along with short biographies and illustrations. Additionally, the author presents a unique fund of hard-to-find information in sections devoted to topics such as anesthesia and analgesia, antiseptics, antibiotics and chemotherapy, blood transfusion and Rhesus disease, eclampsia, family planning, menopause, and uterine stimulants. Interesting and thought-provoking, The History of Medications for Women will not only provide an enjoyable read, but will allow you to appreciate the past and look at the future with a new perspective.

Lonely Planet Sardinia is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Get pleasantly lost in Sardinia's wild Barbagia and Ogliastra provinces, kayak through the sea grottoes of Golfo di Orosei, or boulder-hop at Gola Su Gorropu; all with your trusted travel companion.

Althea Yates is a vampire hunter, skilled with the crossbow and the stake. But she knows nothing of a

man's touch--or how to control the unladylike dreams that haunt her sleep. That is when they come, two men of unearthly beauty who ravish her in sweet carnal games, taking her to the precipice of exquisite desire and unimaginable erotic pleasure. It is scandalous. Forbidden. Unholy. For her lovers are not men, but vampires--the very beasts she and her father have sworn to destroy. It is only a dream ... until the elegant carriage arrives at the inn, drawn by four black horses. Until Yannick de Wynter, Earl of Brookshire, alights, silver-eyed, determined, and hungry for something she cannot name. And suddenly, Althea is no longer certain whether she has had a dream ... or a dangerously erotic premonition.

The Mediterranean Love Plan unveils the "7 Secrets of Passion" from some of the most romantic countries in the world: Italy, France, Spain, Greece and Israel. Most couples marry in a flurry of passion, but soon find themselves wondering "How do we keep love interesting, fun and romantic? How do we keep the spark growing for decades?" Steve and Misty Arterburn offer unique, ground-breaking answers to these age-old questions. Romance is much more than a date night out or a week away. A passionate, long-lasting love requires two people who are sensually in love with life and each other. In this fascinating book, the authors explore research on seven activities that prompt passion, then describe how Mediterranean cultures practice these secrets in everyday life. Steve and Misty also share how these fun-to-apply secrets have taken their own marriage from confused to confident, from discouraged to delighted-- and how you can do it too. The Mediterranean Love Plan will help couples become more playful, creative, connected and romantic -- burning with passion that stands the test of time.

"Following on the successes of two previous dictionary projects, the CRC World Dictionary of Plant Names and the CRC World Dictionary of the Grasses, Umberto Quattrocchi has undertaken this dictionary of economically important plants.... He has done for these plants what was so admirably done in his other works--brought the vast and scattered literature on plant names, and in this case, too, their uses, into coherent order so that the inquisitive scholar can get a foothold." --From the Foreword,

Donald H. Pfister, Harvard University and Harvard University Herbaria, Cambridge, Massachusetts The CRC World Dictionary of Medicinal and Poisonous Plants: Common Names, Scientific Names, Eponyms, Synonyms, and Etymology provides the starting point for better access to data on plants used around the world in medicine, food, and cultural practices. The material found in the five volumes has been painstakingly gathered from papers of general interest, reports and records, taxonomic revisions, field studies, herbaria and herbarium collections, notes, monographs, pamphlets, botanical literature, and literature tout court. It includes sources available at various natural history libraries, floras and standard flora works, local floras and local histories, nomenclatural histories, and the International Code of Botanical Nomenclature. Much more than a dictionary, the book provides the names of thousands of genera and species of economically important plants, concise summaries of plant properties, and appropriate observations about medicinal uses. Drawing from a tremendous range of primary and secondary sources, it is an indispensable time-saving guide for all those involved with botany, herbal medicine, pharmacognosy, toxicology, medicinal and natural product chemistry, and agriculture.

The career of Christopher Lee has stretched over half a century in every sort of film from comedy to horror and in such diverse roles as the Man With the Golden Gun, Frankenstein's monster, Fu Manchu and Sherlock Holmes. From Corridor of Mirrors in 1948 to Star Wars: Episode II-Attack of the Clones in 2002, this reference book covers 166 theatrical feature films: all production information, full cast and crew credits, a synopsis, and a critical analysis, with a detailed account of its making and commentary drawn from some thirty hours of interviews with Lee himself. Two appendices list Lee's television feature films and miniseries and his short films. The work concludes with an afterword by Christopher Lee himself. Photographs from the actor's private collection are included.

The spiritualist and author of Dictionary of Aphrodisiacs presents an in-depth study of love potions and charms through the centuries. Love and sexuality are perhaps some of the most essential, eternal, and universal concerns of humankind. Since before recorded history, societies have sought ways to improve their physiological potency, attract mates amorously, and—in some instances—prevent such attraction or divert it elsewhere. Over time, these means have taken many forms: love elixirs, spells, and rites have been part of virtually every civilization through the ages. This survey explores the evolution of love potion practices over the centuries and across the world. Separate chapters focus on ancient Greece, Rome, India, and the Orient, as well as the Middle Ages and modern times. Author Harry E. Wedeck relays the spiritual aspects of these concoctions as well as historical anecdotes about them. Recipes are also included, though Wedeck cautions that they are exclusively for academic purposes and not intended for personal use.

The perfect gift for Valentine's day - practical, simple and sensuous recipes to unleash the lover in all of us. Mark Douglas Hill has spent a lifetime in pursuit of foods that encourage friskiness and enhance the frisking. In search of the ultimate aphrodisiac dishes, over the years he has researched and refined, trialed and tested ingredients and recipes from all over the world. This compendium of culinary come-ons is the legacy of his unceasing quest. The Aphrodisiac Encyclopaedia is a veritable cornucopia of titillating titbits - from liquorice to lobster, figs to foie gras, and mango to mint. Along with mouth-wateringly tempting recipes, each entry is packed with diverse and diverting fact - historical, literary, biological and psychological - and the aphrodisiac and amorous qualities of each ingredient examined and appraised. This Valentine's, cook up a steamy dinner for the man or woman in your life with The Aphrodisiac Encyclopaedia.

From ancient hieroglyphs to modern-day graffiti, discover the secrets, origins and meanings of over 2,000 signs and symbols. The world around us is filled with signs and symbols. Modern signs like alphabets and flags are universally recognisable, whereas many symbols of ancient derivation are hard to decipher. Explore the fascinating origins and meanings of the signs and symbols people have used over the centuries and discover how they have been interpreted in myth, religion, folklore, art and contemporary culture. Find out why a flag at half-mast is a symbol of mourning, why a heart pierced by an arrow is a symbol of love and the ancient roots of fertility symbols.

Projected six-volume set of encyclopedia on the "indigenous medical wisdom in India known as Ayurveda." Entries range from short to long. Miscellaneous appendixes.

Go West Young Man. Amble along with Marion Ledbottom on his misadventures looking for the right man by going west. It sounded so good at the time. Dandy by birth, Man bi-necessity, Marion does not view the world as most frontiersmen do. Disowned-Bi his family in Boston, expelled from Theology School, exorcised from the Church, going west sounded like a very good idea at the time. Join Marion in this Light-hearted Western five years later as we visit the despicable little hamlet of Yellow River. Would you eat anything in or out of a Yellow River? Do Vermin even bathe in Yellow River? X-Blueblood Marion will turn Yellow River into a Greenhorn Outhouse Basement. Sit a' spell, fire one up and see how it ain't suppose to be done.

Evidence-based Ayurveda

The Vegetable Kingdom and Its Products

Agent In Amorous City

Did you know that Vanilla was formerly served as aphrodisiac by Cassanova and Madam Pompadour, and Elizabeth I loved its flavor? This is the first book that provides a complete worldwide coverage of orchids being employed as aphrodisiacs, medicine or charms and food. Opening with an in-depth historical account of orchids (orchis Greek testicle), the author describes how the Theory of Signatures influenced ancient herbalists to regard terrestrial orchid tubers as aphrodisiacs. Doctors and apothecaries promoted it during the Renaissance. Usage of orchids in Traditional Chinese Medicine, Indian Ayurvedic Medicine; by Tibetan yogins and Amchi healers for longevity pills, tonics and aphrodisiacs; by Africans to prepare 'health promoting' chikanda or as survival food when lost in the Australian bush are some highlights of the book. Early settlers in America and the East Indies often relied on native remedies and employment of orchids for such needs is described. Also covered are the search for medicinal compounds by scientists, attempts to prove the orchid's efficacy by experiment and the worry of conservationists.

Description

From the co-founder of one of the world's most respected herbal education websites: recipes, rituals, practices, and personal stories to help you live a more sexually fulfilled and vital life. Plants are the great healers of the earth, and their capacity to support healthy sexuality is just as powerful. This beautifully written and illustrated book brings you into a relationship with herbs for sexual fulfillment and empowerment. Drawing on her own knowledge of herbalism and sacred sensuality, along with intimate stories from students who implemented her teachings, Kimberly Gallagher guides you on a personal journey of growth aided by the aphrodisiac properties and sensual uses of healing herbs and flowers such as damiana, cacao, and rose. Kimberly is an author and co-founder of LearningHerbs, a widely respected herbal education website. In Aphrodisiac, you'll find thoughtful, soulful rituals and dozens of recipes for putting the herbs to use, such as Autumn Blush Cordial, Rose Massage Oil, and Cardamom Chocolate Mousse Torte. You'll read user-friendly and well-researched monographs that teach you everything you need to know about every featured herb. And you'll find a wide range of practices for inviting erotic energy flow into your life--including creating an inviting environment, nourishing your body, and simply slowing down so there's time to savor pleasure. When people are sensually alive and sexually fulfilled, they are more confident, creative, and joyful. They are also more likely to share their unique personal gifts with the world. Aphrodisiac is an essential resource for anyone wishing to live a more vibrant life.

This groundbreaking work calls for the overhaul of traditional Ayurveda and its transformation into a progressive, evidence-based practice. This book begins by looking back at the research of the last three centuries, Indian medicinal

plants, and Ayurveda in a twenty-first-century context. The first part of this book explores the limitations of contemporary Ayurvedic pharmacognosy and pharmacology, discussing the challenges the practice faces from research and clinical trials. It makes a compelling argument for the necessity of change. The second part of the book defines and elaborates upon a new, scientific path, taking the reader from identification of the herb through all stages of drug development. An essential tool for herbal drug development, this text is designed for knowledgeable students, practitioners, and scholars of Ayurveda, pharmacy, and herbal medicine.

Aphrodisiac

A pioneering, methodologically sophisticated set of studies describing and analysing key features of ancient Greek and Chinese civilisations, including issues in philosophy and religion, in art and literature, in mathematics and the life sciences, in agriculture, city planning and institutions. Provides a model for collaborative, comparative work on ancient civilisations.

Everyone said that the Third Young Miss of the Prime Minister's Estate was an immoral trash who would only chase after the crown prince's obsession. If the crown prince wasn't happy, she wouldn't be able to marry him in her entire life. F * ck. It was all nonsense! She was infatuated with him? The first thing Xia Sizhu did after entering the palace was to cancel the Crown Prince's engagement. She's trash? How could she not be adept at refining poison! That she couldn't get married? What was the matter with that famous war god, Dongfang Ye, chasing after her with all his might?! "Dongfang Ye, let me beg you, please don't chase me, okay?" The man smiled, "Not good, Ah Zhu. If you don't let me chase after you, don't tell me you've fallen for someone else?"

Nominated for the Costa Children's Book Award 'The Noughts & Crosses series are still my favourite books of all time and showed me just how amazing story-telling could be' STORMZY 'Malorie's Noughts & Crosses series is the first time I saw myself in a book . . . they were pacey, exciting, rich. What Malorie Blackman has always done so brilliantly is put the minority

front and centre, both in society and politics.' CANDICE CARTY-WILLIAMS 'The most original book I've ever read' BENJAMIN ZEPHANIAH 'Malorie Blackman is absolutely amazing ... [Noughts & Crosses] really spoke to me, especially as a woman of dual heritage.' ZAWWE ASHTON 'Crossfire is searing, political and furious. Malorie's world building is sublime and the way the Noughts & Crosses series holds a mirror up to society is unrivalled' JUNO DAWSON ____ Years have passed since the love between Sephy - a Cross - and Callum - a Nought - destroyed their world and changed their families and society forever. Society appears to be very different now. For the first time ever, a Nought Prime Minister - Tobey Durbridge - is in power. Race and class don't divide people anymore. But things are never really that easy. Because Tobey's just been framed for murder, and the only way to free himself is to turn to his oldest friend - Callie-Rose. Their families divisions run deep, and when two young people are kidnapped, their lives and everything they've fought for are put in the firing line. And when you're playing a game as dangerous as this one, it won't be long before someone gets caught in the crossfire... Crossfire is the long-awaited new novel in legendary author Malorie Blackman's ground-breaking Noughts & Crosses series. 'Rich in moral and social issues, it is devastating about racial attitudes' THE SUNDAY TIMES, CHILDREN'S BOOK OF THE WEEK 'It chillingly echoes the tempestuous taste of the world today while offering the intensity of a thriller' I NEWSPAPER

Medical Aspects of Human Sexuality

Is Arsenic an Aphrodisiac?

"An enigmatic fable in the tradition of 'The Thousand and One Nights.' " —Anderson Tepper, New York Times Book Review Hassan, a storyteller, has gathered listeners in Marrakesh's fabled Jemaa el Fna to perform his annual re-creation of the night on which two foreigners mysteriously disappeared from the

square. But as his audience offers contradicting testimonies, and details transform or dissolve in the haze of memory, the couple takes on an air as enigmatic as their fate, leaving us to wonder whether Hassan is getting closer to the truth or, more disturbingly, is himself part of the mystery.

Dorothy "Dot" Araiza is a sex-toy maker by trade. One would think she has an active social life, but on the contrary, her existence is a rather boring, one. Dot dreams of being swept off her feet by Prince Charming—not to mention getting laid after 8 pathetic years! One lightning storm later, all her fantasies will come true. But Prince Charming isn't quite what she'd expected.

Li Shaoguang was an ordinary university student. Before graduating from university, he had accidentally saved Zhang Wuji and obtained his soul and the Nine Yang Divine Technique. His illusory martial arts combined with his declining martial arts caused a huge change in his world. Of course, it would be accompanied by a beautiful woman.

Sex, drugs, rocks, gold, murder, war, mass poisonings, the deaths of Napoleon, Tchaikovsky, Mozart, and others are all linked by one element - arsenic! Arsenic has been around since the beginning of time and the word has become a metaphor for poison with associated shock value. The general public are fearful of any possible exposure to it and yet it holds a certain dark and eerie fascination! The average person has only one idea about arsenic - it is poison - and this reputation has a sound base. Some arsenic compounds are very toxic and have been used with criminal intent from the time of the ancient Romans to the present day. Up until now, there has been no book that covers arsenic with such breadth. This book is a general appreciation of how much the element, arsenic, has become part of our lives in an entertaining style covering the years 1000 BC to the present day. The coverage of the chemistry, toxicology, and medicinal aspects is deliberately kept at a level for the general reader to understand. It covers the way in which this ubiquitous element and its compounds have influenced the lives of the people of the world. The author's objective in writing this book was not to elaborate on the vast chemistry of the element, but to try to reveal to the general reader how the element and its compounds have become embedded in our social fabric, for good and for ill. No other element comes close in this regard and he uses the word sociochemistry to describe this interface between society and chemistry. The book covers a broad range of topics including the use of arsenic in human medicine in many cultures from Chinese medicine to the beginning of chemotherapy. This peaked in the western world in the early 20th century, with Ehrlich's discovery of salvarsan, an arsenic-based cure for syphilis that gave rise to the field of chemotherapy.

Salvarsan and related compounds were eventually displaced by antibiotics such as penicillin. Arsenic trioxide has staged a comeback, however, and is being used as a successful treatment for a form of leukemia. Other chapters cover arsenic compounds which were widely used in agriculture and wood preservation during the 20th century and their associated myths as well as arsenic compounds as chemical warfare agents and the resulting stockpile. The topic of arsenic in the environment is discussed in depth - arsenic is all around us - in our soil, our water, and our food, and our bodies have adapted to its presence and it does not usually pose a problem. However, the natural presence of high concentrations of arsenic in drinking water currently threatens the lives of millions of people in India, Bangladesh, Mexico and elsewhere. It also covers mining and pesticide manufacturing which can lead to high local arsenic concentrations in soils, slag heaps and mine tailings which, when located close to human activities, can produce human health risks. Other chapters cover a variety of topics including: " A proposed connection between arsenic and Cot Death (SIDS) which caused panic " The high concentration of arsenic in kelp products-is this harmful? " What about the 237,000 tonnes of arsenic trioxide stored in a mine in Canada? " How toxic is arsenic anyway, and how do you assess the risks of exposure? " How did Napoleon die? These and many other topics are addressed at a level that will result in understanding without delving into too much technical detail or requiring a degree in chemistry. Essential reading for everyone with a general interest in science, this illuminating text covers a broad range of topics.

Enjoy this steamy comedic series about tabletop gamers in love by geeky romance author Ivy Collins... What happens at TowerCon stays at TowerCon. Luke West is just my flavor of blond, delicious, lawful evil bad boy. Or at least, that's the character he plays. I've got no idea what he's like in real life, but that doesn't matter—we're both at a local gaming convention and in the mood for a one-night stand. Or at least, that's what I thought was going on. Unfortunately, when I wake up the next morning, I've got a bad hangover and a fuzzy recollection of crying all over our wicked, evil cleric. I'm mortified—and worse, unsatisfied. But at least I'm positive I'll never see the guy again outside of the convention circuit. I figure the embarrassed feeling is mutual—but Luke's got other plans. He tracks me down and proposes a date, gamer-style: he's headed to a dark, edgy live-action roleplaying game for a whole weekend, and I'm invited. Specifically,

he says, for the purposes of being seduced. I'm starting to suspect that Luke West isn't actually a wicked, awful man. But maybe I like him when he's being naughty and when he's being nice. I've got all of this weekend to decide. *A Wicked Encounter* is the second novel in the *Dating & Dragons* romance series, though all of the novels can be read as standalones. This spicy contemporary romance is perfect for gamers who play *Dungeons & Dragons*, and it has a guaranteed happy ending. The story is novella-length, for a quick afternoon read. *** KEYWORDS: geeky romance, nerd romance, contemporary romance, gamer romance, tabletop roleplaying games, RPGs, *Dungeons & Dragons*, *Pathfinder*

Since the beginning of time, lovers have longed to discover anything that would heighten sexual performance and enhance desire. Now, *Aphrodisiac* takes a new look at the subject, exploring the erotic potential of all our senses—sight, sound, touch, smell, and taste. It updates the notion of what constitutes sex appeal and suggests imaginative ways of stimulating the libido and thrilling one's partner. Enhanced with luscious photographs and replete with amorous enticements, *Aphrodisiac* is the perfect romantic gift. Marion McGilvary is a journalist whose work has appeared in *Vogue* and *Marie Claire*.

Mercenary King Chen Qingyang returned to the city to protect his comrade's sister, the goddess. In the bustling city, Chen Qingyang was like a fish in water, carefree and at ease. And to see how the previous generation's soldiers would use their iron fists and wits to build a business empire...

Originally, it was a divine doctor's holy hands, but unexpectedly, the soul wearing silly girl's body became a happy mother. Therefore, she brought Little Treasure to roam the world, fighting dregs of parents, fighting heart of the lotus, fighting joy endless. Five years ago, she was kidnapped and someone saved her. She was wearing a mask, but her skin was whiter than hers. Her skin was smoother than hers, but she didn't know what was going on. "Beautiful mother, the person who owes you money has left ..." Five years later, he suddenly disappeared and she finally escaped from the golden silk cage. It was just that she had just fought against her father and stepmother, yet he had appeared and shamelessly claimed to be her man. From then on, the path of swindling Little Treasure began.
