

Roman Britain: A New History

The Britain of the Roman Occupation is, in a way, an age that is dark to us. While the main events from 55 BC to AD 410 are little disputed, and the archaeological remains of villas, forts, walls, and cities explain a great deal, we lack a clear sense of individual lives. This book is the first to infuse the story of Britannia with a beating heart, the first to describe in detail who its inhabitants were and their place in our history. A lifelong specialist in Romano-British history, Guy de la Bédoyère is the first to recover the period exclusively as a human experience. He focuses not on military campaigns and imperial politics but on individual, personal stories. Roman Britain is revealed as a place where the ambitious scramble for power and prestige, the devout seek solace and security through religion, men and women eke out existences in a provincial frontier land. De la Bédoyère introduces Fortunata the slave girl, Emeritus the frustrated centurion, the grieving father Quintus Corellius Fortis, and the brilliant metal worker Boduogenus, among numerous others. Through a wide array of records and artifacts, the author introduces the colorful cast of immigrants who arrived during the Roman era while offering an unusual glimpse of indigenous Britons, until now nearly invisible in histories of Roman Britain.

This textbook is endorsed by OCR and supports the specification for GCSE Ancient History (first teaching September 2017). It covers the whole of Component 2, both the compulsory longer Period Study and the three optional Depth Studies: Longer Period Study: The Foundations of Rome: From Kingship to Republic, 753–440 BC by Paul Fowler Depth Study: Hannibal and the Second Punic War, 218–201 BC by Paul Fowler Depth Study: Cleopatra: Rome And Egypt, 69–30 BC by James Melville Depth Study: Britannia: From Conquest to Province, AD 43–c. 84 by Christopher Grocock How did reactions to the exploitation of women and the poor make Rome great? How did Rome survive a fourteen-year invasion? Was Cleopatra a great queen? What was the impact of Roman invasion on Britain's diverse and prosperous culture? This book raises these and other key questions. GCSE students and their teachers will explore the foundation of Rome, the rise of its empire, and its interactions with neighbouring cultures, through the eyes of its historians and archaeology. This book invites us to look at Ancient Rome and the modern world in a new light. The ideal preparation for the final examinations, all content is presented by experts and experienced teachers in a clear and accessible narrative. Ancient literary and visual sources are described and analysed, with supporting images. Helpful student features include study questions, further reading, and boxes focusing in on key people, events and terms. Practice questions and exam guidance prepare students for assessment. A Companion Website is available at www.bloomsbury.com/anc-hist-gcse.

The centuries during which Britain was under Roman occupation have always had a contradictory reputation. David Mattingly's book draws on a wealth of new research to recreate this colonial Britain: a rebellious, disadvantaged place needing heavy garrisoning and highly vulnerable to political change in Rome.

Rome's power was under constant challenge. Nowhere was this truer than in Britain, Rome's remotest and most recalcitrant province. From the beginning to the end, a succession of idealists, chancers and reactionaries fomented dissent and rebellion. This book covers eleven rebellions and explains why Britain was a hot-bed of dissent.

Die Wiedergeburt Roms

The Struggle for Power in Post-Roman Britain

Der Untergang des Römischen Weltreichs

Die Kelten und ihre Geschichte

The Romans For Dummies

An illustrated chronicle of Britain as a Roman province places the region's conquest and occupation by Rome within a larger context of Romano-British society, in an account that includes coverage of such topics as the construction of Hadrian's Wall, the rule of the emperor Honorius, and the recent archaeological discovery of the Colchester stadium.

With the help of over 100 illustrations, many of them little known, Martin Henig shows that the art produced in Britannia--particularly in the golden age of Late Antiquity--rivals that of other provinces and deserves comparison with the art of metropolitan Rome. The originality and breadth of Henig's study is shown by its systematic coverage, embracing both the major arts--stone and bronze statuary, wall-painting and mosaics--and such applied arts as jewelry-making, silversmithing, furniture design, figure pottery, figurines and appliques. The author explains how the various workshops were organized, the part played by patronage and the changes that occurred in the fourth century.

AUFSTIEG UND NIEDERGANG DER RÖMISCHEN WELT (ANRW) ist ein internationales Gemeinschaftswerk historischer Wissenschaften. Seine Aufgabe besteht darin, alle wichtigen Aspekte der antiken römischen Welt sowie ihres Fortwirkens und Nachlebens in Mittelalter und Neuzeit nach dem gegenwärtigen Stand der Forschung in Einzelbeiträgen zu behandeln. Das Werk ist in 3 Teile gegliedert: I. Von den Anfängen Roms bis zum Ausgang der Republik II. Principat III. Spätantike Jeder der drei Teile umfaßt sechs systematische Rubriken, zwischen denen es vielfache Überschneidungen gibt: 1. Politische Geschichte, 2. Recht, 3. Religion, 4. Sprache und Literatur, 5. Philosophie und Wissenschaften, 6. Künste. ANRW ist ein handbuchartiges Übersichtswerk zu den römischen Studien im weitesten Sinne, mit Einschluß der Rezeptions- und Wirkungsgeschichte bis in die Gegenwart. Bei den Beiträgen handelt es sich entweder um zusammenfassende Darstellungen mit Bibliographie oder um Problem- und Forschungsberichte bzw. thematisch breit angelegte exemplarische Untersuchungen. Die Artikel erscheinen in deutscher, englischer, französischer oder italienischer Sprache. Zum Mitarbeiterstab gehören rund 1000 Gelehrte aus 35 Ländern. Der Vielfalt der Themen entsprechend gehören die Autoren hauptsächlich folgenden Fachrichtungen an: Alte, Mittelalterliche und Neue Geschichte; Byzantinistik, Slavistik; Klassische, Mittellateinische, Romanische und Orientalische Philologie; Klassische, Orientalische und Christliche Archäologie und Kunstgeschichte; Rechtswissenschaft; Religionswissenschaft und Theologie, besonders Kirchengeschichte und Patristik. In Vorbereitung sind: Teil II, Bd. 26.4: Religion - Vorkonstantinisches Christentum: Neues Testament - Sachthemen. Fortsetzung Teil II, Bd. 37.4: Wissenschaften: Medizin und Biologie. Fortsetzung. Informationen zum Projekt und eine Übersicht über den Inhalt der einzelnen Bände finden Sie im Internet unter: http://www.bu.edu/ict/anrw/index.html Ferner gibt es eine Suchmaschine für die Stichwortsuche im Inhaltsverzeichnis aller bisher erschienenen Bände: http://www.uky.edu/ArtsSciences/Classics/biblio/anrw.html

Based on Umweltgeschichte der Antike, somewhat expanded and with chapter 22, The environment in Roman Britain, added.

Britannia

The Archaeology of Roman Britain

The Art of Roman Britain

A fully revised edition of an accessible and authoritative account of Roman Britain. Presented in a logical, clearly written and readable style it is the ideal introduction for the newcomer to the subject and a valuable sourcebook for the specialist. John Wacher is Emeritus Professor of Archaeology at the University of Leicester and author of many works on Roman Britain including the highly regarded Towns of Roman Britain.

The end of the Roman period and the early development of Post-Roman Kingdoms are two of the most important - and most debated - subjects for archaeologists and historians. Questioning many current assumptions, this book presents a radical reinterpretation of Britain in the period 400-600. Drawing attention to far greater similarities between immediately post-Roman Britain and the rest of Europe than previously thought possible, it highlights the importance of fifth-sixth-century Britain in understanding wider themes regarding the end of the Western roman empire as a whole. A very wide range of archaeological and written evidence from the whole of Britain is discussed, rather than focusing on either Anglo-Saxon or Celtic archaeology alone. Burials, settlements and religious centres are brought into the discussion, alongside new material and more obscure data from scattered sources. The final occupation of Roman towns, forts and villas is examined, and post-Roman hill-forts such as Tintagel, Dinas Powys and Cadbury Congresbury is evaluated. Anglo-Saxon and early Christian cemeteries such as Spong Hill and Cannington are considered, and evidence for the earliest British monasteries explored. This book not only offers an exciting new interpretation of Britain in the fifth and sixth centuries AD but is probably the most comprehensive survey of the archaeological and written evidence for the period. It will be indispensable for professional and amateurs archaeologists alike and invaluable for students of British, Roman or Medieval archaeology and history at all levels.

What was it like to live in Roman Britain? What sort of house would you have lived in? What sort of clothes would you have worn? This book takes us back in time to see what it was really like to live in Roman Britain, what kind of sights and smells would be around us, and what our daily lives would have involved.

"A must for anyone interested in the Roman Empire and its impact on world history." —Tony Robinson star of Blackadder and Time Team. This entertaining and informative guide introduces readers to the amazing world of ancient Rome and its emperors, epic wars, awesome architecture, heroes, and villains. With a complete rundown of Roman history alongside fascinating insights into the lives of everyday Romans, readers will discover the amazing people and events involved in the rise and fall of one of the greatest of all ancient civilisations and how its influence can still be felt around the world today. Guy de la Bédoyère is a historian, archaeologist, and Roman expert, he is well known for his numerous books and appearances on TV, especially Channel 4’s Time Team.

Life in Roman Britain

der rastlose Kaiser

First published as part of the best-selling The Oxford Illustrated History of Britain, Peter Salway's Very Short Introduction to Roman Britain weaves together the results of archaeological investigation and historical scholarship in a rounded and highly readable concise account.

This title introduces readers to life in Roman Britain from a child's viewpoint. The book introduces general features of the time period, but focuses on what life was like for children, including where they lived, what they learned at school, and where they worked. The text is supported by primary source material (paintings, artefacts, quotes, etc.) that brings the past to life. A final section explains how we use historical evidence to reconstruct the past.

Mit großer Erzählkunst und analytischer Schärfe schildert Peter Heather das Nachleben des Römischen Reiches von seinem Untergang im Westen bis ins Mittelalter. Eine neue und aufsehenerregende Geschichtserzählung, wie die mittelalterliche Welt entstand. In seinem fulminant geschriebenen Buch bietet Peter Heather eine neue Gesamtdarstellung Roms, die von 476 n. Chr. bis zum Jahr 1000 reicht. Er zeigt, wie sich neue Reiche auf dem Territorium des ehemaligen Römischen Reiches bildeten und neue Kriegergesellschaften entstanden. Auch wenn die Einheit des alten »Imperiums« zerstört war, so war der Traum seiner Wiederherstellung nach wie vor lebendig. Und doch mussten alle Versuche von so unterschiedlichen Herrschern wie Theoderich, Justinian und Karl dem Großen, das Römische Reich zu erneuern, scheitern. Erst im 11. Jahrhundert gelang es den Barbaren, durch die Stärkung des Papsttums eine neue Ordnung zu begründen, die zum Ausgangspunkt unserer westlichen Geschichte wurde.

This incisive study charts the history of the Roman province of Britannia from the conquest of the first century AD through its heyday in the fourth century to the end of the Roman administration in the early fifth century.

Rome's Most Northerly Province

An Imperial Possession

A History of Roman Britain

Britain in the Roman Empire, 54 BC - AD 409

Die Römer für Dummies

Superbly illustrated throughout, this illuminating account of Britain as a Roman province includes dramatic aerial views of Roman remains, reconstruction drawings and images of Roman villas, mosaics, coins, pottery and sculpture. The text has been updated to incorporate the latest research and recent discoveries, including the largest Roman coin hoard ever found in Britain, the thirty decapitated skeletons found in York and the magnificent Crosby Garrett parade helmet. Guy de la Bédoyère is one of the public faces of Romano-British history and archaeology through his many appearances on several television programmes and is the author of numerous books on the period.

Spät­rö­mische Dekadenz und plün­dernde Van­da­len: so lauten die Klischees über die sogenannte Völ­kerwan­de­rungszeit. Doch wie ent­stand im ersten Jahrtausend aus dem hochentwickelten rö­mischen Süden und dem barbarischen Norden die neue kulturelle Einheit Europa? Um Christi Geburt war Europa zweigeteilt in den hochentwickelten Süden der Mittelmeerkulturen und den unentwickelten Norden germanischund slawisch sprechender Stammeskulturen. Diese kannten weder die Schrift noch den steiner­nen Siedlungsbau, ein stehendes Heer oder die Geldwirtschaft, geschweige denn Städte mit Feuerwehr und Müllabfuhr. Wie konnte der »Ansturm der Barbaren« dem rö­mischen Imperium den Todesstoß versetzen? Peter Heather stellt diese alte Frage im Licht der Erkenntnisse zur Ethnogenese und der modernen Migrationsforschung neu. Vom Hunnensturm bis zu den Wikingern untersucht er die Dynamik der europäischen Wanderungsbewegungen. Die sozialen und wirtschaftlichen Wechselwirkungen zwischen beiden Kulturräumen veränderten diese von Grund auf und ließen sie langfristig zu einer neuen kulturellen Einheit werden: dem Europa, das wir in weiterentwickelter Form noch heute kennen.

The most authoritative history of Roman Britain ever published for the general reader.

Each of these exciting titles is crammed with 100 essential facts. Detailed illustrations encourage even the most reluctant of readers to become absorbed within each fascinating world of information. Quizzes are featured to test knowledge, as well as fun projects to get involved in.

Könige, Konsuln, Kaiser: Das Römische Reich sah viele Herrscher, mit eiserner Hand, mit Caesarenwahn und perfider Diplomatie schafften es die Römer über Jahrhunderte die damals bekannte Welt zu kontrollieren. Was machte die Stärke der Römer aus, warum gingen sie unter und was ist von ihnen geblieben? Auf diese Fragen gibt Ihnen Guy de la Bédoyère in "Die Römer für Dummies" die Antworten und zeigt Ihnen eine Welt zwischen Sklavenbaracken und Nachtigallzungen, Gladiatoren und Stoa. Der Autor schildert Ihnen dieses Reich der Gegensätze lebendig,schillernd und distanziert, kompetent. So finden die Leser eine packende Darstellung und lesen über tausend Jahre als wäre es nur ein Tag.

Within the colonial history of the British Empire there are difficulties in reconstructing the lives of people that came from very different traditions of experience. The Archaeology of Roman Britain argues that a similar critical approach to the lives of people in Roman Britain needs to be developed, not only for the study of the local population but also those coming into Britain from elsewhere in the Empire who developed distinctive colonial lives. This critical, biographical approach can be extended and applied to places, structures, and things which developed in these provincial contexts as they were used and experienced over time. This book uniquely combines the study of all of these elements to access the character of Roman Britain and the lives, experiences, and identities of people living there through four centuries of occupation. Drawing on the concept of the biography and using it as an analytical tool, author Adam Rogers situates the archaeological material of Roman Britain within the within the political, geographical, and temporal context of the Roman Empire. This study will be of interest to scholars of Roman archaeology, as well as those working in biographical themes, issues of colonialism, identity, ancient history, and classics.

The centuries after the end of Roman control of Britain in AD 410 are some of the most vital in Britain's history - yet some of the least understood. "Warlords" brings to life a world of ambition, brutality and violence in a politically fragmented land, and provides a compelling new history of an age that would transform Britain. By comparing the archaeology against the available historical sources for the period, "Warlords" presents a coherent picture of the political and military machinations of the fifth and sixth centuries that laid the foundations of English and Welsh history. Included are the warring personalities of the local leaders and a look at the enigma of King Arthur. Some warlords sought power within the old Roman framework; some used an alternative British approach; and, others exploited the emerging Anglo-Saxon system - but for all warlords, the struggle was for power.

A New History

Aufstieg und Untergang der Römischen Republik: Mit stilistischer Brillanz und historischem Scharfsinn erzählt Tom Holland die römische Geschichte von ihren etruskischen Anfängen bis zur Ermordung Caesars. »Erzählte Geschichte vom Feinsten. Ein Buch, das mich wirklich gefesselt hat.« Ian McEwan »Eine atemberaubende und glänzend geschriebene Gesamtschau der Machtkämpfe im Rom von Caesar und Cicero.« Uwe Walter »Eine packende, spannende und ungemein unterhaltsame Darstellung der römischen Republik.« Books of the Year, Sunday Times »Tom Holland erzählt den Untergang der römischen Republik neu: ein geistreiches Werk. Hochaktuell.« Independent on Sunday "Gnaeus Julius Agricola (June 13, 40 ? August 23, 93) was a Gallo-Roman general responsible for much of the Roman conquest of Britain. Written by his son-in-law Tacitus, the De vita et moribus Iulii Agricolae is the primary source for most of what is known about him, along with detailed archaeological evidence from northern Britain."--Wikipedia.

Gesund leben muss nicht kompliziert sein, kleine Veränderungen in unseren Gewohnheiten machen einen riesigen Unterschied. Rangan Chatterjee zeigt, wie es geht. Entspannung, Ernährung, Bewegung und Schlaf - auf diesen vier Säulen ruht unsere Gesundheit. Wenn wir mehr entspannen, klug essen, uns besser bewegen und richtig schlafen, werden wir fitter und gesünder. Für jeden Bereich empfiehlt er fünf Maßnahmen, die jeder in seinem Alltag umsetzen kann.

This handbook is currently in development, with individual articles publishing online in advance of print publication. At this time, we cannot add information about unpublished articles in this handbook, however the table of contents will continue to grow as additional articles pass through the review process and are added to the site. Please note that the online publication date for this handbook is the date that the first article in the title was published online. Roman Britain is a critical area of research within the provinces of the Roman empire. Within the last 15-20 years, the study of Roman Britain has been transformed through an enormous amount of new and interesting work which is not reflected in the main stream literature.

Päpste, Herrscher und die Welt des Mittelalters

Rome

Roman Britain: A Very Short Introduction

Rubikon

The Ending of Roman Britain

Jones offers a lucid and thorough analysis of the economic, social, military, and environmental problems that contributed to the failure of the Romans, drawing on literary sources and on recent archaeological evidence.

In the mid fourth century Britain was a full member of the still-powerful Roman Empire; a century later the decaying empire could no longer defend or administer Britain. In the fifth century Anglo-Saxon settlement was limited: what sort of society succeeded that of Roman Britain in areas not yet overrun by the Anglo-Saxons? In the sixth century the Anglo-Saxons gained the upper hand, but was this a process of assimilation rather than conquest? In answering these questions the author avoids the limitations from which previous treatments of this topic have suffered: insularity and dependence on the historical sources. He places Britain firmly in the wider European context and takes as his basis archeological evidence and methodology, not history. The historical sources are seen as dubious, and are only seen as descriptive, not prescriptive evidence.

Antiquarian interest in the Roman period mosaics of Britain began in the 16th century. This book is the first to explore responses and attitudes to mosaics, not just at the point of discovery but during their subsequent history. It is a field which has received scant attention and provides a compelling insight into the agency of these remains.

Die Entstehung Europas im ersten Jahrtausend nach Christus

Britain

The End of Roman Britain

The Landscape of Roman Britain is the first book to combine the latest advances in the archaeology of the period with new scientific approaches to environmental reconstruction. It brings together information from excavated sites and archaeological survey data with that provided by the study of ancient plant and animal remains in order to produce a fuller picture of the society, economy and natural environment of the Romano-British countryside than has, until recently, been possible. Throughout, recent discoveries and established interpretations are discussed, and new analyses and reinterpretations are outlined, making this a fascinating and timely book. Written in an accessible style and clearly explaining each stage of the arguments employed, this book will be essential reading for both amateur and professional archaeologists of Roman and medieval Britain, and for students of British archaeology and landscape history.
