

We Were Warriors: A Powerful And Moving Story Of Courage Under Fire

A book of Civilization and Future. This book shows the path to our civilizations grand Future. This book shows the right way. To righteousness, goodness and positivity. A future worth writing about. Enjoy.

Young Sam led a busy and mundane life. Between managing a part-time job and school simultaneously, his passion for football was his only solace. He had only a couple of friends to call his own, unsure of where his family was. His life was torn asunder after he started hearing a mysterious voice and befriended a new girl at school, Elizabeth Swift. He learned the truth about the voice within him. It was his soul: Frazen, who was speaking to him. Now, he and his friends must make a perilous journey to the most desolate place in the world to release Frazen and others into another dimension: a magical world where they belonged, one where a war has been raging for a century, guided by an ancient prophecy. Driven suddenly into the heat of battle, fumbling between legends and myths from the past and unearthing deep secrets about himself and his family, can Frazen end the war? Can he restore order and find peace before a wicked veil covers Sam's material world?

In 1990 unknown Maori author Alan Duff suddenly became both famous and notorious in New Zealand for his first novel *Once Were Warriors*. The violent story of a poor urban Maori family aroused much controversy in New Zealand society, and the Maori community in particular. Many Maori commentators condemned the novel for its negative and allegedly racist portrayal of the indigenous Maori people, accusing Duff for hanging out the dirty linen and blaming the victim. Four years later, the homonymous film by Maori director Lee Tamahori led to similar fame and controversy. On the one hand, critics strongly disapproved of the commercial indigenous film on social, political and aesthetic grounds. On the other hand however, *Once Were Warriors* became the most successful motion picture in the history of New Zealand cinema, grossing over 6.7 million NZ dollars in the national box office and reaching a large international audience. *Once Were Warriors* was not just a novel or film, but a powerful cultural representation which had a significant impact on New Zealand society. In this richly illustrated book Emiel Martens examines the impact of *Once Were Warriors* in Aotearoa New Zealand by exploring the two cultural representations (with a specific emphasis on the film) and their aftermath in postcolonial New Zealand society: Why did *Once Were Warriors* cause such a controversy within the Maori community? Which were the underlying metaphors of the public debate on both the novel and the film in New Zealand society? And what did the heated reception of *Once Were Warriors* say about the position and identity of the indigenous Maori people within modern New Zealand? Bringing together a wide variety of popular and academic texts, the author discusses these urgent questions in relation to timely New Zealand and wider postcolonial issues such as racial stereotypes, cultural politics, ethnic relations, indigenous media and Maori identity. As an interdisciplinary Cultural Studies endeavour, this book is surprisingly accessible and will prove interesting reading for anyone who wishes to know more about cultural identity, postcolonial representation and indigenous filmmaking in Aotearoa New Zealand.

Taking It to the Streets: Public Theologies of Activism and Resistance is an edited volume that explores public expressions of activism and resistance to social and political oppression. Contributors reflect on the need for resistance, strategies and resources for effective activism, and prominent areas of contemporary protest.

Insights to Personal Success

Gears of Ragnar k

'An adrenalin-fuelled, gritty story of heroism on the frontline in Afghanistan' - Andy McNab *Unflinching* and laced with wry humour, Johnny Mercer's *We Were Warriors* is an action-packed account of his journey from young commando to a captain with one of the most pressurized and skilled jobs in the army. A captain in 29 Commando, Johnny Mercer served in the army for twelve years. On his third tour of Afghanistan he was a Joint Fires Controller, with the pressurized job of bringing down artillery and air strikes in close proximity to his own troops. Based in an area of northern Helmand that was riddled with Taliban leaders, he walked into danger with every patrol, determined to protect them. Then one morning, in brutal close quarter combat, everything changed . . . In *We Were Warriors* Johnny takes us from his commando training to the heat, blood and chaos of battle. With brutal honesty, he describes what it is like to risk your life every day, pushing through the fear that follows watching your friends die. He took the fight back to the enemy with a relentless efficiency that came at a high personal cost. Back in the UK, seeing the inadequate care available for veterans and their families, he was inspired to run for Parliament in the hope he could improve their plight. 'This is NOT the stereotypical account of war, it's without doubt the best first hand account in a war zone I've ever read.' - Tom Marcus, ex MI5 Surveillance Officer, author of *Soldier, Spy* Dave Barr had had a penchant for trouble since day one, born in the back of a car, shooting by the time he was five, riding a motorbike at seven, Dave regularly got into fights at school. The only reading Dave would do growing up involved motorbikes, shooting, westerns and the military. After reading *Battle Cry* by Leon Uris aged 12 he knew he wanted to be a Marine. Following a series of menial jobs, working at a barbers and in service stations, at 17 he joined the Marines before shipping out to Vietnam. This was his dream come true, flying as a helicopter gunner, he ended the war with an impressive 57 Air Medals. After leaving the Marines, like many veterans Dave found it hard to hold down a good job and stay out of trouble. It was then that he read about Israel. Always looking for a rush Dave

learnt to skydive before he deciding to take his chances, emigrating illegally to Israel. He was inducted into the Israeli Army and then the Paratroops, where the training was difficult, involving long tough marches, and learning Hebrew. After serving his time he left Israel - back in the USA Dave was stuck in a rut and ready for his next adventure....This is the first volume in the gripping and action-packed memoirs of Dave Barr, providing a rich and colorful account of one man's odyssey as a professional soldier, seeing war at the 'sharp end'.

These stories encourage the reader to remember their deepest fears; stories that many of our elders still tell to this day, travelling by word of mouth through towns and neighbourhoods. Almost everyone has had goosebumps reading these stories and again the doubts appear: Can it be possible? For some, they are just stories to pass the time, to frighten children, or to teach morals, for others, they serve as idolatry, pretensions of magic and superstitions. It will be you, dear reader, who will decide how to interpret these stories which are taken from the townspeople and there they return, between what is told beyond our borders and our own myths and legends. These stories may be between reason and fantasy and you will decide. The author is clear in that he does not bow to either of the two sides, he only recounts what he has heard.

What kind of love would it take to tear the Heavens and Hells apart? A divine? Or just simply...love? What happens when evil falls in love with innocence? Lucinda has always felt out of place, always felt alone and as if her life would never move forward. But then comes Peter Blackfeather - tall, dark, enchanting... Secrets that run so deep, even the Devil doesn't dare to look. She is drawn in and starts to discover not only his secrets, but secrets that she doesn't even know she had. Will she choose Peter and his siblings? Will she choose her new family? Or will she choose her old life, her safe haven?

The Healer's Journey

Old Man's Tale

Important American periodical dating back to 1850.

The beauty of the North Idaho Mountains pulls Patrick and Grace McPherson to spend their first winter months of retirement at their cabin in the high mountains on Porcupine Pond. Ready to head back home to Tamarack Landing for Christmas, the snowstorm of the century traps them in their cabin for weeks. They soon realize they are not alone. As they search frantically for a way out of the mountains, their fear turns to terror as they are stalked by something unseen, yet deadly. About the Author C. A. Wilson is a native of the Pacific Northwest. Retired, she currently lives with her husband in the mountains of North Idaho where she enjoys snowmobiling, four-wheeling, and gold panning.

Sometimes life isn't as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means "thank you for doing something small that I liked." 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich and not get the bread wet. 5. Sometimes the most important things don't fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her mission: to be legendary. It isn't long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. When We Were Vikings is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all... We are all legends of our own making.

Daily Warrior is made up of 365 inspirational daily entries—one for every day of the year. Whether you are facing indecision, frustration, or adversity, Daily Warrior has something to raise you up, and remind you of your own strength and potential. It will help you to realize that you are true warriors. Whether you read an entry every morning, every night, or simply at some point in between when you're struggling, within these pages you will find the encouragement to overcome whatever ails you, confronts you, or drags you down.

"The Travels and Adventures of Monsieur Violet in California, Sonora, and Western Texas" by Frederick Marryat. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

This book explores the interdisciplinary arena of peace studies and shows how the field has evolved and continues to grow and change. Dedicated to bringing students face to face with the grave injustices and violence in the contemporary world, it equips them with the tools to work for transformational change. Informed by an intersectional perspective, scholar-activist authors probe contested terrain, including

teaching social justice from a place of privilege, decolonizing pedagogies, and community organizing. Games and simulations, storytelling, experiential integrated learning, and other pedagogical approaches are employed to encourage critical thinking, empathy, optimism, and activism.

A sinkhole is a natural phenomenon. It can happen anywhere, anytime. It drinks lakes dry, consumes jungles, and even demolishes entire mountains. You may have seen one in your street. But these things aren't lost. They've simply been moved. Things are forgotten on the surface all the time. Beneath the crust, they're always remembered. It's just another day for unscrupulous developer Graham Turner when he breaks into an old man's home to steal his property deeds. But then he's sucked through a sinkhole into a forgotten world deep beneath the earth's surface. Graham and the old man must rely on each other if they are to survive and escape this dangerous new world and return to the surface. SINK. A forgotten world. A lost world. But not for long.

The author shares a large variety of experiences that include experiences from this dimension and other dimensions. There are experiences from childhood, ancient times, experiences of healing, experiences with angels, saints, and archangels. There are experiences with other star systems, galaxies, and dimensions. There are many experiences of creativity on many dimensions. There are also experiences with the ancient light group and the mentor of that ancient light group. The experiences with the

Extrapolating the lessons learned through years of studying martial arts techniques and philosophies, Martin Bartel has become a successful businessman and entrepreneur. He has discovered that the possibilities for learning are endless, and that the knowledge gained through the practice of the martial arts is a conduit to success in all aspects of life. He has discovered what it takes to be a 'well-rounded' warrior. Readers need not be martial artists to join Mr. Bartel in this journey toward personal power, success, and happiness. Discover that 'who you are' is the key to 'what you are.' Discover that we have the tools to 'fight the good fight' and win! Discover that We are Warriors.

Have you ever looked into the faces of the people who call you "mom" and wondered what in the world you got yourself into? If you're like many Christian moms today, you've been reading the headlines and watching the rapid-fire changes in our culture with frustration and fear. Let's face it: Moms today are facing questions that previous generations didn't even see coming, and even our right to determine what is best for our own children is under fire. Popular speaker and blogger Heidi St. John (The Busy Mom) believes that today's mothers need a special kind of strength. We need to be strong in the Lord and in the power of His might. We dare not rely on human strength for the battles we're facing right now. In *Becoming MomStrong*, Heidi has a powerful message just for you—the mom in the midst of it all. Through encouragement, practical prayer points, and authentic "me-too" moments, Heidi equips you for a job that only you can do: to train your children to hear God's voice and to walk in truth no matter where our culture is heading. God wants to use this generation of mothers to do something extraordinary: To be strong in the Lord To know who you are in Christ, and To impart that strength to your kids. In other words, He wants you to be MomStrong! So if you're feeling tired or inadequate today, get ready to find new strength as you join Heidi St. John in *Becoming MomStrong*.

STONY MAN The covert group known as Stony Man has a presidential mandate: keep democracy safe from terror, murder and mayhem. To that end, these elite techno-warriors and battle-hardened commandos take it to the enemy wherever the next conflict occurs. Now, for the dedicated warriors, it's down to dirty business, as a weaponized plague is unleashed across the globe.... SILENT ARSENAL The outbreak of a manufactured virus that is 100-percent lethal takes Phoenix Force and Able Team into a war against terror that's spreading from the jungles of Myanmar to Somalia, and across the globe to Europe. Tracking the insanity to its source, Stony Man discovers that when the smoke clears, they're facing the worst of all possible nightmares: a conspiracy made in America.

Shining Light on God's Word through Poems

From Young Braves to Mighty Warriors is my best recollection and story of how we, as a community, a school, and a group of determined and dedicated young men, overcame incredible obstacles and challenges to build a powerful football program that won the Group A Virginia High School League State Championship in 1970 and four consecutive Region C championships in the six short years that I had the privilege of serving as head football coach. This book is also a tribute to the mental toughness and dedication to a common cause of hundreds of young men who proudly wore the orange-and-black for the Chilhowie Warriors from 1966 to 1973.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Nigerian university environment is a zone in which the most rugged takes it all. Passion violence and intimidation are its characteristics. It is governed by unwritten laws and ruled by cult gangs. These were the forces that pushed Uche around till he decided it was time for him to get his

courage up and join men in a treacherous adventure where nothing is gained apart from pain, fear, and bloodshed. This book is an eye-opener that would enable you experience the nitty-gritty of this filthy environment in all its glory from a safe distance through Uche's eye and leave you with only one ultimate advice: "Don't join."

A generation past, the western realms were embroiled in endless war. Then the Destroyer came. From the blood and ashes he left behind, a tenuous alliance rose between the barbarian riders of Parsathe and the walled kingdoms of the south. That alliance is all that stands against the return of an ancient evil—until the barbarian king and queen are slain in an act of bloody betrayal. Though forbidden by the alliance council to kill the corrupt king responsible for his parents' murders, Maddek vows to avenge them, even if it costs him the Parsathean crown. But when he learns it was the king's daughter who lured his parents to their deaths, the barbarian warrior is determined to make her pay. Yet the woman Maddek captures is not what he expected. Though the last in a line of legendary warrior-queens, Yvenne is small and weak, and the sharpest weapons she wields are her mind and her tongue. Even more surprising is the marriage she proposes to unite them in their goals and to claim their thrones—because her desire for vengeance against her father burns even hotter than his own...

Taking It to the Streets

Reading Pakeha?

A force of New Zealanders and Americans invaded the Treasury Islands in the South Pacific on October 27, 1943, retaking them from the occupiers. Codenamed Operation Goodtime, the action marked the first time New Zealand forces took part in an opposed landing since 1915. In an unusual allocation of troops in the American-dominated theater, New Zealand provided the fighting men and America the air, logistical support. Confronting extreme risks against a determined Japanese foe, the Allies nevertheless succeeded with relatively few casualties. Because of the need for operational security, Operation Goodtime received little publicity and has been relegated to a footnote in the history of the Pacific. This is the first complete account of the Allied seizure of the Treasury Islands.

• Discover the thoughts, history, and customs of the Shuar of the Amazon, as told in their own words. • Tribe members explain their practices of shapeshifting and headhunting; the interdependence of humans and the environment; the role of ecstatic sex; their belief in war as a path to power and their faith in arutam, the life spirit. The indomitable Shuar of the Amazon--reputed to be the only tribe in the Americas that has never been conquered--have lived as warriors, hunters, cultivators, and healers for generations. Even in today's acquisitive, often wasteful world the Shuar offer their philosophy of love, joy, and hope. More than three decades after first befriending the Shuar, author and environmentalist John Perkins and his publisher, Ehud Sperling, inspired Shakaim Mariano Chumpi--a young Shuar warrior who has fought in the jungle war between his native Ecuador and Peru--to travel among his people and record their thoughts, history, and customs. The result is Spirit of the Shuar. Here, in their own words, the Shuar share their practices of shapeshifting, "dreaming the world," and ecstasy, including the role older women play in teaching uninitiated men how to please. They explain the interdependence of humans and the environment, their formula for peace and balance, and their faith in arutam, the life-giving spirit of nature that allows each of us to transform ourselves. They describe how their ancient-and current-practice of shrinking heads fits into their cultural philosophy. Whether exploring the mystery of shapeshifting, delving deeper into the powers of healing herbs and psychotropic plants, or finding new ways to live sustainably and sensibly in the face of encroaching development and environmental destruction, the Shuar have emerged as a strong people determined to preserve their beliefs and share their teachings with a world in dire need of their wisdom. A portion of the proceeds from the sale of this book will be donated to the Ayumpum Foundation to help the Shuar conserve their forests and spread their message.

Aotearoa New Zealand, "a tiny Pacific country," is of great interest to those engaged in postcolonial and literary studies throughout the world. In the former colonies, myths of national identity are vested with various interests. Shifts in collective Pakeha (or New Zealand-European) identity are marked by the phenomenal popularity of three novels, each at a time of massive social change. Late-colonialism, anti-imperialism, and the search for the idea of a singular 'nation' can be traced through the reception of John Mulgan's *Man Alone* (1939), Keri Hulme's *The Bone People* (1982), and Alan Duff's *Once Were Warriors* (1990). Yet close analysis of these three novels also reveals marginalization and silencing in claims to singular Pakeha identity and a linear development of settler acculturation. Such a dynamic resonates with that of other 'settler' cultures -- the similarities and differences telling in comparison. Specifically, *Reading Pakeha? Fiction and Identity in Aotearoa New Zealand* explores how concepts of race and ethnicity intersect with those of gender, sex, and sexuality. This book also asks whether 'Pakeha' is still a meaningful term.

Ottillie Kingsford's perception of her world has changed rapidly since Loki and Thor fell into her life. With the nine realms in danger and spiteful, vengeful Gods coming to light, she found the adventure she always longed for, but it comes at a price. London is falling beneath the cover of chaos. With Ragnarok raging across the nine realms unchecked and all attempts to stop it a failure, Tillie, Thor, and Loki are facing danger they never saw coming. The gears of Ragnarok keep turning unhindered, but someone is controlling the levers. Tillie promised to spill blood for her father and she has her targets in sight. Tillie will knock down the thrones of old gods as retribution for their sins. The nine realms burn to ash and monsters reveal themselves. Ragnarok cannot be stopped, but Tillie will not back down. If it takes her dying breath, the favored will fall.

Boston Weekly Magazine

This nine-volume edition presents the writings of Thomas Jefferson (1743-1826), Enlightenment thinker and third President of the United States.

If you have trouble reading the Bible from beginning to end, this book is your solution. Each of the 52 poems in this collection describes a Bible event, person, or message. Each poem is simple, easy to read, and provides focus on a biblical topic. This book of poems features both Christmas and Easter sections. Poems range from Creation to Revelation.

We Were Warriors Once is a military-political suspense novel. It chronicles the careers of four officers from the 1960s to the 1990s. Military promotions are based on an up-or-out system: you either progress within specified time frames or you get left behind. Many officers who retire from their military careers at the Pentagon go through the revolving door and return in short order either as defense contract employees or civil servants. Not infrequently, they return to the same office where they worked before retiring. The same holds true for many political appointees. Men who once worked in Washington go off for a period to high-level assignments with defense contractors and return to influential positions in government. These revolving doors can sometimes have unintended negative consequences. President, and former five-star general, Dwight D. Eisenhower's warning against the power of the military-industrial complex is well known. However, that complex is actually tri-fold: military, industrial, and political. *We Were Warriors Once* incorporates revised editions of two previously published novels, *Duty and Character* and *Wrong Enemy, Wrong War*, with entirely new material that plumbs deeper into the defense contractors' influence on national defense policies. The officers who wear the uniforms of the United States armed forces are by and large extraordinarily dedicated men and women. But in the profession of war, sometimes even the best are tempted at times to stray from the straight and narrow.

Kientz unlocks the book of Nehemiah to show how the story has much to teach about courage, leadership, faithfulness to Gods call, sexual purity, and more. (Christian)

Spirit of the Shuar

Why do people go to war? Is it rooted in human nature or is it a late cultural invention? And what of war today - is it a declining phenomenon or simply changing its shape? In this truly global study of war and civilization, Azar Gat sets out to find definitive answers to these questions in an attempt to unravel the 'riddle of war' throughout human history, from the early hunter-gatherers right through to the unconventional terrorism of the twenty-first century. Written with remarkable verve and clarity and wholly free from jargon, it will be of interest to anyone who has ever pondered the puzzle of war.
