Provides background information on Anne Frank and her times

“A brilliantly conceived and long overdue opening up [or deconstruction] of the Anne Frank story.” –James Clifford, Professor Emeritus, History of Consciousness Department, University of California As millions of people around the world who have read her diary attest, Anne Frank, the most familiar victim of the Holocaust, has a remarkable place in contemporary memory. Anne Frank Unbound looks beyond this young girl’s words at the numerous ways people have engaged her life and writing. Apart from officially sanctioned works and organizations, there exists a prodigious amount of cultural production, which encompasses literature, art, music, film, television, blogs, pedagogy, scholarship, religious ritual, and comedy. Created by both artists and amateurs, these responses to Anne Frank range from veneration to irreverence. Although at times they challenge conventional perceptions of her significance, these works testify to the power of Anne Frank, the writer, and Anne Frank, the cultural phenomenon, as people worldwide forge their own connections with the diary and its author. **“This collection of brilliant essays offers fascinating and unexpected insights into the significance of Anne Frank’s iconic Holocaust-era diary from many disciplinary perspectives in the arts and humanities.” –Jan T. Gross, the Norman B. Tomlinson Professor of War and Society, Princeton University** **“This volume is a major contribution to scholarship regarding Anne Frank’s diary and its cultural influence . . . Highly recommended.” –Choice** **“Engrossing . . . The overall aim is to provide a greater understanding of the general and particular engagement with Anne Frank as a person, a symbol, an icon, an inspiration, and perhaps most polarizing, as one victim, not the victim of the Nazi holocaust.” –Broadside**

Netflix ist eines der erfolgreichsten Unternehmen der Welt und wird für seine Innovationskraft, Flexibilität, Geschwindigkeit und seinen unternehmerischen Mut bewundert. Gibt es dahinter ein Geheimnis? Außergewöhnlich sind vor allem die Unternehmensleitlinien, die für alle Mitarbeiter der Maßstab ihrer Arbeit sind. Hier einige Beispiele: Niemand soll seinem Chef nach dem Mund reden Jeder Mitarbeiter kann so viele Urlaubstage nehmen, wie er möchte. Netflix zahlt die besten Gehälter. Netflix will keine Angeber und Selbstdarsteller. Niemand kommt nackt zur Arbeit Allen ist klar, dass ein gut klingendes Konzept vollkommen wertlos ist, wenn die Ideen nicht von der Leitungsebene vorgelebt werden. Aufrichtigkeit und exzellente Mitarbeiter sind für Netflixchef Reed Hastings die wesentlichen Schlüssel zu überdurchschnittlichen Ergebnissen. Wenn diese Voraussetzungen erfüllt sind, kann ein Unternehmen auf starre Regeln wie Arbeiten auszuführen sind und sogar auf Entscheidungshierarchien verzichten.

The Oxford Handbook of Holocaust Studies

The Biography of Anne Frank

Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies. At the start of the twenty-first century, the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics, ethics and religion. Forward-looking and multi-disciplinary, this handbook draws on the work of an international team of forty-seven outstanding scholars. The handbook is thematically divided into five broad sections. Part One, Enablers, concentrates on the broad and necessary contextual conditions for the Holocaust. Part Two, Protagonists, concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator, victim, and bystander. It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault. Part Three, Settings, concentrates on the particular places, sites, and physical circumstances where the actions of the Holocaust's protagonists and the forms of persecution were literally grounded. Part Four, Representations, engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis, interpretation of texts, artistic creation and criticism, and philosophical and religious reflection. Part Five, Aftereffects, explores the Holocaust's impact on politics and ethics, education and religion, national identities and international relations, the prospects for genocide prevention, and the defense of human rights.

This study explores and develops the idea that foreign language teaching can be an art. This encompasses both considering the meaning of artistry in language teaching as well as the possibilities which artistic processes offer pupils in language learning. The first part focuses on the in-service education of language teachers in theatre and improvisation workshops, the second part examines pupils rehearsing and performing a full length play in a foreign language. Thus, this work views the fields of language teacher education and foreign language learning within a common conceptual framework.

In freewriting, we write continuously: we begin with a prompt and keep our pen or pencil moving throughout the entire duration. We do not stop to question or censor ourselves; we do not concern ourselves with spelling, punctuation, capitalization, or grammar; we do not allow critical thoughts. This practical book shows teachers how to use freewriting to help kids write well and more, regardless of grade level, subject, or time of day or year. It is a simple process to implement, and yet makes a significant difference in teacher attitudes, student confidence, and, ultimately, student writing abilities.
