of one of the most significant lay evangelists of the twentieth century. In the early 1930s not many who knew Lewis would have guessed that he would become such a significant evangelist. He has left an evangelistic legacy that has

the laity of the church, this is especially difficult, as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made
