"We've all got the power in our hands to kill, but most people are afraid to use it. The ones who aren't afraid control life itself."--Richard Ramirez Ten years after the murder spree that left thirteen people dead and paralyzed the city of Los Angeles with fear, his name is synonymous with Satanism, torture and sadistic murder. Yet despite the sensational nature of his crimes, no one has ever been able to tell the complex story of the killer whose seductive, brooding looks still draw women like moths to a flame--a man millions call the devil himself. Until Now. . . Painstakingly researched over three years, based on nearly one hundred hours of exclusive interviews with Richard Ramirez on California's Death Row, The Night Stalker is

the definitive account of America's most feared serial murderer. From Ramirez's earliest brushes with the law to his deadliest stalking expeditions to the unprecedented police and civilian manhunt that resulted in one of the most sensational trials in California history, *The Night Stalker* is an eerie and spellbinding descent into the very heart of human evil. It is more than epic nonfiction at its brutally real-it is a true crime masterpiece.

*Smartphone, router, Blu-ray, LED - America's use of electronics has grown increasingly more challenging since the invention of the light bulb. If you don't know how many pixels your HDTV should contain for maximum viewing pleasure or if you're ready to throw your hands up when you hear that you have to configure your Internet router using the WPA-PSK (TKIP) or WPA-PSK (TKIP) + WPA2-PSK (AES) security protocols, then you need Eric Taub's *Does This Plug Into That?*. Taub ignores the jargon and demystifies the technology that can make our lives easier, but usually leaves us bewildered, flummoxed, and defeated - especially after consulting the manufacturer's installation and usage instructions. *Does This Plug into That?* cracks the geek code and offers practical advice and directions for everything from purchasing a new TV and setting up a Web connection, to installing a home network and more. *Does This Plug Into That?* is the all-inclusive resource that will make you smarter than your smartphone while enhancing your gadgetry and electronic prowess. *Does This Plug into That?* is every consumer's Rosetta Stone, distilling down all the extraneous technical information into simple actions without the gobbledygook. Now you can join the technophile generation without panicking in the process. Provides information on what a HDTV is, how to choose one, how to connect it to other equipment, programming choices, and adding accessories.*
