

Bishop Mountain Guides

An illustrated guide that covers urban hotspots such as San Francisco and LA to the natural beauty of the Yosemite National Park and the Lake Tahoe area. Camping and hiking information in Sequoia, Death Valley and the other great National Parks is included as well as the highlights of the east - Las Vegas and the Grand Canyon. Hotel and restaurant details are given to suit all budgets together with the lowdown on the coolest (or, failing that, the most interesting) clubs and bars. Comprehensive contexts sections featuring the best books and movies on California, as well as extracts from two best-selling authors are also included. The Rough Guide to California is the ultimate guide to the USA's most exciting and varied state. Whether you're looking for inspiring accommodation, great places to eat, the best bars, chilled muso haunts or cutting-edge clubs, you'll find the solution. The guide also includes three full-colour sections covering the state's unmatched influence on American music, its remarkable array of food and wine, and getting the most from California's wonderful backcountry - hiking, skiing, rock climbing and surfing. Plus The Rough Guide to California is packed with incisive comment on everything from LA's political scandals and Hollywood hype to San Francisco's Beat poet hangouts and Yosemite's sheer rock walls. Accurate maps and comprehensive practical information help you get under the skin of California, whilst stunning photography and a full-colour introduction make this your ultimate travelling companion. Originally published in print in 2011. Make the most of your trip with The Rough Guide to California. Now available in ePub format.

** Complete descriptions of 17 routes to the summit of Mount Whitney * Three new hiking routes: Bishop Pass Trail, Taboose Pass Trail, and Avalanche Pass Trail * A Trip Planning Guide that ranks the routes by difficulty, elevation gain, and total mileage Are you up to the challenge of ascending Mount Whitney? This guidebook contains everything you need to summit the highest point in the contiguous United States. This new edition includes a thorough examination of the planning, preparation, and physical training/conditioning necessary for a safe and successful climb, as well as an updated discussion of wilderness permit requirements of both the National Park Service and the US Forest Service. With the increasing popularity of winter ascents on Mount Whitney, a new snow and ice chapter was included in this edition. Author Paul Richins identifies the best places to camp on multi-day backpacking routes, and the most interesting exploratory side trips to take, as well as presents route variations that either reduce the length of a given route, avoid difficult terrain, or add additional "must-see" areas.*

The rock climber's equivalent of a Rand McNally road atlas, this completely revised and updated new edition of Rock 'n' Road compiles information on over 3,000 climbing areas in all 50 states, Canada, and Mexico. The book offers location maps, detailed directions, star ratings, the kind of climbing and rock encountered, access issues, classic routes, and much more. The fundamental reference source for North American climbers.

[CLICK HERE](#) to download the chapter "The Alpine Environment" from Alpine Climbing * For climbers who know the basics and are ready to venture at higher altitudes * Written by longtime guides and climbing instructors certified by the American Mountain Guide Association (AMGA) * Recommended by the AMGA * Teaches situational thinking and learning as well as technique This intermediate-level guide addresses tools, skills, and techniques used in alpine terrain including rock, snow, ice, and glaciers at moderate altitude -- approximately 5000 meters (16,000 feet) and lower. The technical protection systems are covered, of course. But 30 years of alpine climbing experience has convinced the authors that mastery -- and safety -- lie in the far more difficult task of knowing exactly which techniques to use, where and when. Therefore, they teach step-by-step decision-making skills, providing scenarios, checklists, and self-posed questions to inform the decision process. Alpine Climbing assumes some prior knowledge, primarily in rock climbing skills and techniques. Basic knots, belaying, rappelling, building rock anchors, leading, placing rock protection, and movement skills on

rock: variations of these skills that are of particular value in the alpine environment are addressed in this book.

A Cultural History of the Pacific Northwest Volcanoes

California's magnificent Sierra Nevada mountain range packs a punch when it comes to adventuring. Join local author Wilbur Morrison as he walks you along the Pacific Crest Trail and the John Muir Trail, through King's Canyon, up to the top of Mount Whitney, and swimming in Lake Tahoe. Offering tips on exploring this fantastic area alone, Morrison also lists local outfitters who can help you plan a horseback riding trip, a hike, a biking excursion or an overnight trek. Amazon customer. Includes maps and photographs. Between Mt. Whitney and Lake Tahoe is the true Sierra Nevada, a land of granite, glacial ice and alpine lakes. Here you will find forests of giant sequoias, wildflowered meadows and steep V-shaped river canyons. Among the areas this guide explores: The Eastern Sierra, including Mammoth Lakes and Mono Lake Nevada and Lake Tahoe The Western Sierra, encompassing Gold Country Yosemite Kings Canyon, Sequoia and the Sierra National Forest You'll read about the local history and get basic travel information, from contact numbers and addresses for tourism bureaus and outfitters to airlines and rental cars. You'll discover the towns and attractions, including the best lodging and dining spots. The adventure sections are packed with detailed advice on how to explore the region on foot, on horseback, on water, on wheels and on snow.

Over the past 150 years, people have flocked to the Pacific Northwest in increasing numbers, in part due to the region's beauty and one of its most exceptional features: volcanoes. This segment of the Pacific Ring of Fire has shaped not only the physical landscape of the region but also the psychological landscape, and with it the narratives we compose about ourselves. Exceptional Mountains is a cultural history of the Northwest volcanoes and the environmental impact of outdoor recreation in this region. It probes the relationship between these volcanoes and regional identity, particularly in the era of mass mountaineering and population growth in the Northwest. O. Alan Weltzien demonstrates how mountaineering is but one conspicuous example of the outdoor recreation industry's unrestricted and problematic growth. He explores the implications of our assumptions

that there are no limits to our outdoor recreation habits and that access to the highest mountains should include amenities for affluent consumers. Each chapter probes the mountain-based regional ethos and the concomitant sense of privilege and entitlement from different vantages to illuminate the consumerist mind-set as a reductive--and deeply problematic--version of experience and identity in and around some of the nation's most striking mountains.

The Mt. Shasta Book

"California dreamin" Wahrscheinlich ist keine Region der Welt ähnlich intensiv aufgearbeitet oder idealisiert worden, und keine wird den Versprechungen derart gerecht. Kalifornien wird zu Recht für seinen Sonnenschein, die Strände und das Meer gerühmt, doch gibt es in der Region noch weit mehr zu entdecken: hoch aufragende Berge, schillernde Großstädte, dichte Urwälder und bezaubernde, geschichtsträchtige Dörfer. Wie das übrige Amerika hängt Kalifornien sein Herz nicht allzu lange an Vergangenes und verkörpert in gewisser Weise die ultimative Gegenwartsgesellschaft mit allen Konsequenzen einer schnellebigen Kultur, die den Konsum über alles stellt und großen Wert auf Äußerlichkeiten legt. Doch das ist nur eine Seite der Medaille, denn außerhalb der Städte erwarten den Besucher gänzlich andere Eindrücke in einer Landschaft aus urzeitlichen Wäldern, primitiven Felszeichnungen der indianischen Urbevölkerung und gespenstischen Geisterstädten aus der Zeit des Goldrauschs. Als ein Land der Superlative bietet Kalifornien das Älteste, Höchste, Größte und Spektakulärste in vielfältigen Varianten auf, die alle weit mehr als nur von lokaler Bedeutung sind. Kalifornien ist ein widersprüchliches Reiseland, ein Land der Extreme, von unglaublicher Schönheit, aber stellenweise auch eintönig und öde, voller fantastischer Träume, auch voller zerbrochener Illusionen, voller sagenhafter Reichtümer, aber auch voller sozialer Probleme - ein Land, in dem meist die Sonne scheint, in dem manchmal aber auch die Erde bebt. Das Stefan Loose Travel Handbuch macht die vielen verschiedenen Seiten Kaliforniens erlebbar.

CLICK HERE to download the chapter on "Uphill Movement" from Backcountry Skiing (Provide us with a little information and we'll send your download directly to your inbox) * For intermediate-to-advanced backcountry skiers * Includes trip planning, navigation, fitness, and avalanche safety information,

in addition to techniques * Provides advice on how to make well-informed backcountry decisions Martin Volken and his co-authors provide skiers with all the tools and knowledge they need to safely and successfully travel in the mountain backcountry. The guide features intermediate-to-advanced techniques for ski touring and ski mountaineering, from planning backcountry trips to perfecting turns in rolling terrain and mastering uphill climbing. For those skiers ready for a more technical, high alpine environment, they draw on traditional mountaineering skills, including roped climbing, setting protection anchors, using ice axes, climbing on bare rock, and more. In addition to mastering techniques, Backcountry Skiing also features information on recent evolutions in ski equipment; avalanche safety tips; a primer on mountain weather and glaciers, trip planning tools, a discussion of emergency situations, nutrition and fitness advice, and winter camping basics. Throughout this guide, a special emphasis is put on being well-informed and making good decisions -- whenever you strap on your skis and skins and head out into the backcountry.

50 Classic Backcountry Ski and Snowboard Summits in California offers some of the finest ski and snowboard descents in California, ranging over a 550-mile span from the Cascade Range in the north, to Mount Whitney, to the Sierra Nevada in the south. Grouped into nine geographical regions, these summits represent the best of the best from well-known destinations to more remote areas to a sampling of the highest peaks.

Backpacking California is a collection of more than 70 of the most intriguing backpacking adventures in Wilderness Press's home territory of California. With contributions from more than a dozen Wilderness Press authors, the book describes routes ranging from one night to one week. Backpacking novices as well as "old hand" California hikers will find expert-crafted trips in the Coast Ranges, the Sierra, the Cascades, and the Warner Mountains. Expanded coverage includes trips in Big Sur, Anza-Borrego, Death Valley, and the White Mountains. Several trips have been described in print nowhere else. Each trip includes a trail map and essential logistical information for trip planning.

Examine the life of the pioneering guide in these 144 letters sharing his thoughts on immigrating to Canada, his passion for nature, his travels, and more. Conrad Kain is a titan amongst climbers in Canada and is well-known in mountaineering circles all over the world. His letters to Amelie Malek—a life-long friend—offer a candid view into the deepest thoughts of the Austrian mountain guide, and are a perfect complement to his autobiography, Where the Clouds Can Go. The 144 letters provide a unique and personal view of what it meant to immigrate to Canada in the early part of the twentieth century. Kain's letters are ordered chronologically with annotations, keeping the sections in English untouched, while those in German have been carefully translated. Historians and mountain culture enthusiasts worldwide will appreciate Kain's genius for description, his passion for nature, his opinions, and his musings about his life. "In a culture that enjoys as many romantic figures as there are mountain peaks on the horizon as viewed from a lofty summit, Conrad Kain holds a special place in the historical landscape of western Canada's mountains. Robinson . . . makes no secret of his affection for Kain, and that's a good thing, because he handles the letters Kain wrote throughout his adult life while guiding in Canada and New Zealand to his dear friend in Austria, Amelie Malek, with the care and reverence they so richly deserve." —Lynn Martel, Alpine

Club of Canada Gazette “From his letters, it’s obvious that Kain loved climbing mountains for the physical challenge, to meet interesting people, to make a living, and for opportunities to travel around the world, but most especially because of his all-consuming love of the natural world.” — Cyndi M. Smith, The Canadian Field-Naturalist, Vol. 129, No. 1
