Secrets To Becoming The Very Best Parent You Can Be Be there for your children every step of the way and give them memorable experiences. What's the recipe for a happy family? It's collaboration and communication. Instilling a spirit of cooperation in your children is the real secret to providing the gift of a happy childhood, being a "good" parent, and building the family you have always wanted. Perfect your parenting techniques. Research psychologists Marion Forgatch and Gerald Patterson have over 40 years of practice and tested clinical and prevention tr Their Raising Cooperative Kids provides a universal and easy to use manual no matter where you live or how your family is structured. Discover the formula for overcoming family struggles and inspiring children to cooperate-from toddlerhood into their teens. Change unwanted behaviors Teach your children new behaviors Reduce family conflicts Specific guidance is included for issues ranging from how to share the bathroom during the morning rush to what to do when a child misbehaves. The authors also remind us of the importance of play-enjoying each other sharing time and activities together is the cornerstone of a connected, happy family. If you enjoyed books like The Whole-Brain Child, What to Expect When You're Expecting, or The 7 Habits of Highly Effective Teens, then you'll want to read Raising Cooperative Kids.

"Life as a Jailer" is a book that is long overdue, and is NOT FOR THE FAINT OF HEART. Have you ever wonder what REALLY goes on behind the walls of a Prison or Jail. If so, you just found the right book. We (Ret.) Capt. Joe DeFranco & (Ret.) K-9 Off. Tom Duncan hold NOTHING BACK in this mind blowing account of both our careers as Correctional Officers... We've both seen things & dealt with things that you're not going to believe and WE TELL IT ALL... "Life as a Jailer" is a TRUE factual account of the daily on goings inside the walls like: Murders, Escapes, Fight

(assaults where Officers have had fingers bitten off and Inmates have been stabbed/shanked.) Cell Fires, Rapes & so many other mind blowing stories... But it's not all bad, there are many funny stories too and (if you can believe) GREAT times. Looking back we are thankful for those days because it's the good times that got us through the bad days.

This book is a comprehensive guide to the management of headaches. Divided into five sections, chapters are presented in a question and answer format. The book begins with an overview of headaches, explaining classification, diagnostic testing and pathophysiology. The following sections cover primary headaches (migraine, tension-related) and secondary headaches (post trauma, vascular-related, infections). The final sections discuss headaches in specific patient groups such as children, the elderly, women, and in pregnancy; and complementary and alternative therapies. Key points Comprehensive guide to management of headaches Covers both primary and secondary headaches, and specific patient groups Includes section on complementary and alternative therapies Highly experienced, internationally recognised editor and author team

Leise, unsichtbar und unerhört mächtig. Das Gesetz der inneren Uhr. Wer kennt das nicht: Schlaflos, wenn alle anderen schlafen, und todmüde beim wichtigen Meeting. Die innere Uhr bestimmt, dass wir einmal mehr, einmal weniger geistig und körperlich fit sind. Wenn wir uns dieser Rhythmen und Phasen bewusst werden, schlafen wir nicht nur besser und sind im Wachzustand produktiver, sondern es eröffnen sich bisher nicht gekannte Möglichkeiten für Höchstleistungen und ein gesundes Leben. Der Bestsellerautor Daniel Pink erklärt das umfassende Ticken der inneren Uhr und wie wir es nutzen können.

What is the boy crisis? It's a crisis of education. Worldwide, boys are 50 percent less likely than girls to meet basic proficiency in reading, math, and science. It's a crisis of mental health. ADHD is on the rise. And as boys become young men, their suicide rates go from equal to girls to six times that of young women. It's a crisis of fathering. Boys are growing up with less-involved fathers and are more likely to drop out of school, drink, do drugs, become delinquent, and end up in prison. It's a crisis of purpose. Boys' old sense of purpose—being a warrior, a leader, or a sole breadwinner—are fading. Many bright boys are experiencing a "purpose void," feeling alienated, withdrawn, and addicted to immediate gratification. So, what is The Boy Crisis? A comprehensive blueprint for what parents, teachers, and policymakers can do to help our sons become happier, healthier men, and fathers and leaders worthy of our respect.

Building on the first edition, Psychiatric Consultation in Long-Term Care has been fully revised and updated, integrating DSM-5 classification throughout. It delivers an essential resource for psychiatrists, neurologists, geriatricians, palliative care physicians, primary care physicians, nurse practitioners, pharmacists, and physician assistants involved in prevention, assessment, diagnosis, and management of neuropsychiatric disorders in long-term care (LTC) populations, as well as for nurses, social workers, and other professionals involved in important day-to-day care.

The book provides comprehensive descriptions of practical, strengths-based, individualized, psychosocial, spiritual, and environmental approaches, and high-quality mental healthcare utilizing pharmacological interventions when appropriate to improve the emotional and spiritual well-being of LTC residents. It details key elements in creating genuine person-centered long-term care: the reduction of inappropriate medications and counter-therapeutic staff approaches, treating serious psychiatric disorders with evidence-based interventions, and a road-map for owners and administrators of LTC facilities.
