The 'Dictionary of Paul and his letters' is a one-of-a-kind reference work. Following the format of its highly successful companion volume, the 'Dictionary of Jesus and the Gospels', this Dictionary is designed to bring students, teachers, ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the 'Dictionary of Paul and His Letters' offers a summa of Paul and Pauline studies. In-depth articles focus on individual theological themes (such as law, resurrection and Son of God), broad theological topics (such as Christology, eschatology and the death of Christ), methods of interpretation (such as rhetorical criticism and social-scientific approaches), background topics (such as apocalypticism, Hellenism and Qumran) and various other subjects specifically related to the scholarly study of Pauline theology and literature (such as early catholicism, the centre of Paul's theology, and Paul and his interpreters since F. C. Baur). Separate articles are also devoted to each of the Pauline letters, to hermeneutics and to preaching Paul today. The 'Dictionary of Paul and His Letters' takes its place alongside the 'Dictionary of Jesus and the Gospels' in presenting the

***The legacy of Pauline scholarship, from ancient to modern, is characterised by a surfeit of unsettled, conflicting conclusions that often fail to interpret Paul in relation to his Jewish roots. William S. Campbell takes a stand against this paradigm, emphasising continuity between Judaism and the Christ-movement in Paul's letters. Campbell focusses on important themes, such as diversity, identity and reconciliation, as the basic components of transformation in Christ. The stance from which Paultheologises is one that recognises and underpins social and cultural diversity and includes the correlating demand that because difference is integral to the Christ-movement, the enmity associated with difference cannot be tolerated. The basis for this project is to verify and determine the extent to which contemporary prophetic ministry in Ghana appropriates prophetism in the early church, Corpus Paulinum, and traditional prophetism in Ghana. The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity. Notwithstanding, Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14. This confirms that prophecy was a common phenomenon in the early church and Pauline communities. Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church, but what is their level of conformity? Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion. As an adherent of the Akan traditional religion would go to a religious intermediary for ebisa (literally to "inquire" or "ask") into present or future happenings, contemporary prophets have positioned themselves to be agents of ebisa in Ghanaian Christianity. This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church. As a biblical motif, 'new creation' resonates throughout the pages of the Jewish and Christian scriptures, and occupies a central place in the apostle Paul's vision of the Christian life. Yet the biblical and extra-biblical occurrences of this theme vary widely in meaning, referring to either a new cosmos, a new community, or a new individual. Beginning with the Old Testament and working through the important texts of Second Temple Judaism, Moyer V. Hubbard focuses on how the motif functions in the argument, strategy, and literary structure of these documents, highlighting its role as the solution to the perceived plight. He then explores in detail which senses of the term Paul intends in Galatians 6.15 and 2 Corinthians 5.17, concluding that 'new creation' in Paul's letters describes the Spirit-wrought newness of the person in Christ, and is fundamentally anthropological in orientation.

The doctrine of the Trinity is one of the cornerstones of Christianity. In *Jesus and the Father*, Kevin Giles wrestles with questions about the Trinity that are dividing the evangelical community: What is the error called “subordinationism”? Is the Son eternally subordinated to the Father in function? Are the Father and the Son divided or undivided in power and authority? Is the Father-Son-Spirit relationship ordered hierarchical or horizontal? How should the Father and the Son be differentiated to avoid the errors of modalism and subordinationism? What is the relationship between the so-called economic Trinity and the immanent Trinity? Does the Father-Son relationship in the Trinity prescribe male-female relationships in the home and the church? "Kevin Giles points out serious problems in the teaching that the Son is eternally subordinated to the Father and argues effectively for the full eternal equality within the Trinity. This book should be read by all who wrestle with the complex but crucial doctrine of the Trinity."—Millard Erickson, author, *Christian Theology* “By showing that subordinationism is a revival of a heresy that was systematically rejected by the non-Arian Church, the author reinstates the classical orthodox doctrine of the Trinity in all its scriptural majesty and grandeur.”—Gilbert Bilezikian, professor emeritus, Wheaton College “Giles skillfully places before us the stark choice which each

generation of theologians must face: will we allow the Bible to speak its message about the Father, Son, and Holy Spirit to us, or will we use the Bible to advance our own agenda? Scholars largely agree that the NT term “mysterion” is a terminus technicus, originating from Daniel. This project traces the word in the Dead Sea Scrolls and other sectors of Judaism. Like Daniel, the term consistently retains eschatological connotations. The monograph then examines how mystery functions within 1 Corinthians and seeks to explain why the term is often employed. The apocalyptic term concerns the Messiah reigning in the midst of defeat, eschatological revelations and tongues, charismatic exegesis, and the transformation of believers into the image of the last Adam.

Since its first publication in 2000, Baptism and the Baptists has become the definitive work on the subject. It examines the theology and practice of believers' baptism among twentieth-century Baptists associated with the Baptist Union of Great Britain, and identifies the major influences which have led to its development. In the nineteenth and early twentieth century, the majority of Baptists concentrated predominantly on the mode and subjects of baptism (immersion and believers), understanding the rite merely as an ordinance--the believer's personal profession of faith in Christ. However, in continuity with a tradition of Baptists going back as far as the first Baptists in the second and third decades of the seventeenth century, there were also a significant number of ministers and scholars who saw the inadequacy of this view of baptism both biblically and theologically. This sacramental view developed and grew throughout the

Sergio Rosell Nebreda focuses on how the Philippian Christ-followers received Paul's letter. The social, historical, literary, rhetorical, anthropological and theological elements are dealt with in order to understand the effect Paul wanted to achieve. The main thesis of the book is that the apostle Paul, who greatly suffered at Philippi, and writing from a prison, desires to affect the Philippians believers to acquire a Christ-orientation based on the values expressed in the Christ-hymn. Phlp 2, 5-11 forms the core of Paul's theological narrative that aims at constructing a sense of imitatio and conformatio in the Christ-following community. Paul uses a 'friendly' style in his letters in order to produce rapport and trust in the community, presenting himself as exemplum ad imitando, after that of Christ. It is because Paul so fully identifies with Christ's orientation in life that the apostle presents himself as a slave of Jesus Christ. In the midst of a society ill with the desire for honour and power, the Christ narrative stands as a radical call for an alternative life-style, based on the exercise of humility which seeks the interest of others rather than focusing on one's own needs and desires. Paul insists on the basis of the Christ-hymn that such a life-style reveals God's character and it is therefore a life rewarded. Through the use of Social Identity Theory this book evaluates how ancient people constructed their group identity in daily life and how through a seemingly inferior model (that of Christ's kenosis in 2, 5-11) the community receives a re-definition of values which are according to God's values, and who has the last word in history. Paul thus presents an alternative and viable way of life in the midst of a society he knows well.

This comprehensive, widely used text by Michael Gorman presents a theologically focused, historically grounded interpretation of the apostle Paul and raises significant questions for engaging Paul today. After providing substantial background information on Paul's world, career, letters, gospel, spirituality, and theology, Gorman covers in full detail each of the thirteen Pauline epistles. Enhancing the text are questions for reflection and discussion at the end of each chapter as well as numerous photos, maps, and tables throughout. The new introduction in this second edition helpfully situates the book within current approaches to Paul. Gorman also brings the conversation up-to-date with major recent developments in Pauline studies and devotes greater attention to themes of participation, transformation, resurrection, justice, and peace. --Publisher's description.
