

Document Based Questions Dbqs For Economics

Covers significant eras in U.S. history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Includes guidelines for students, answer prompts, and a scoring rubric. Develops essential writing skills.

Help your students navigate complex texts in history and social studies. This book shows you how to use document-based questions, or DBQs, to build student literacy and critical thinking skills while meeting rigorous state standards and preparing students for AP exams. DBQs can be implemented year-round and can be adjusted to meet your instructional needs. With the helpful advice in this book, you'll learn how to use DBQs to teach nonfiction and visual texts, including primary and secondary sources, maps, and paintings. You'll also get ideas for teaching students to examine different points of view and write analytical responses. Topics include: Using the SOAPSETone (Speaker, Occasion, Audience, Purpose, Subject, Evidence and Tone) technique to to analyze visual and nonvisual texts; Teaching students to distinguish between primary and secondary sources; Working with multiple texts and learning to recognize the relationships between them; Formulating DBQs to suit different types of assessment, including short-answer questions, multiple-choice questions, and in-class essay prompts; Evaluating student responses and providing constructive feedback.

550 AP European History Practice Questions

Social Studies for the Twenty-First Century, Third Edition weaves theory, curriculum, methods, and assessment into a comprehensive model to guide middle and secondary teachers in setting objectives; planning lessons, units, and courses; choosing classroom strategies; and constructing tests for some of the field's most popular and enduring programs. It offers practical, interesting, exciting ways to teach social studies and a multitude of instructional and professional resources for teachers. The text includes separate chapters on teaching each of the major areas of the social studies curriculum. Its reflective and integrative framework emphasizes building imagination, insight, and critical thinking into everyday classrooms; encourages problem-solving attitudes and behavior; and provokes analysis, reflection, and debate. Throughout the text, all aspects of curriculum and instruction are viewed from a tripartite perspective that divides social studies instruction into didactic (factual), reflective (analytical), and affective (judgmental) components. These three components are seen as supporting one another, building the groundwork for taking stands on issues, past and present. At the center is the author's belief that the heart and soul of social studies instruction, perhaps all teaching, lies in stimulating the production of ideas; looking at knowledge from others' viewpoints; and formulating for oneself a set of goals, values, and beliefs that can be explained and justified in open discussion. New in the Third Edition: * Summaries of recent research, particularly in history education, that have been published since the last edition; * Increased attention to social studies standards, as well as those for civics, economics, and history; * An enriched view of teaching history and social studies with a wide array of sources ranging from material objects through primary sources on to art, music, and literature; * Tightening of the text to make it shorter and more pointed, including a few provocative new ideas; * More and better-organized ideas for classroom group and individual activities and cooperative learning;* Expanded appendices on instructional resources include the rapidly growing use of websites; * New visuals that are better integrated into the text and which teachers can use in their classrooms as lessons in visual literacy; and * Continued efforts to inject a bit of humor and self-criticism into a field of education most students view as a sizeable trunk of dead and deadly facts. Social Studies for the Twenty-First Century, Third Edition is a primary text for secondary and middle social studies methods courses.
