Contains the 4th session of the 28th Parliament through the session of the Parliament.

This book explores the governance of the UK, and the process of constitutional change, between Scotland's independence referendum in September 2014 and the UK general election in May 2015. The book contrasts the attitudes of the public, captured through an original survey, with those of politicians,

civil servants, and civic leaders, identified through over forty interviews. It pays particular attention to two case studies involving recent changes to the UK's governing arrangements: the Smith Commission and the transfer of further powers to the Scottish Parliament, and Greater Manchester's devolution deal that has become a model for devolution across England. It also considers the issue of lowering the voting age to 16, contrasting the political attitudes of younger voters in Scotland with those in the rest of the UK. The book will be of interest to students and scholars of UK politics, devolution, constitutional change, public attitudes, and territorial politics.

A Supplement to Marie Tremaine's A Bibliography of
Canadian Imprints, 1751-1800

Thomas Carlyle (1795-1881) was one of the most influential authors of the nineteenth century. Eagerly studied at the highest level of intellectual society, his satirical essays and perceptive historical biographies caused him to be regarded for much of the Victorian period as a literary genius and eminent social philosopher. After graduating from Edinburgh

University in 1814, he published his first scholarly work on German literature in 1824, before finding literary success with his history of the French Revolution in 1837. After falling from favour during the first part of the twentieth century, his work has more recently become the subject of scholarly re-examination. His introduction of German literature and philosophy into the British intellectual milieu profoundly influenced later philosophical ideas. These volumes are reproduced from the 1896 Centenary Edition of his collected works. Volume 13 contains the second volume of *The Life of Frederick the Great*.
