AR 600-43 08/21/2006 CONSCIENTIOUS OBJECTION , Survival Ebooks

This United States Army manual, Army Regulation AR 635-200 Personnel Separations: Active Duty Enlisted Administrative Separations March 2021, implements DODI 1332.14 and DODI 1332.30. Statutory authority for this regulation is established under Sections 1169, 12313(a), and 12681, Title 10, United States Code. This regulation applies to the Active Army, the Army National Guard/Army National Guard of the United States, and the U.S. Army Reserve, unless otherwise stated. This regulation sets policies, standards, and procedures to ensure the readiness and competency of the force while providing for the orderly administrative separation of Soldiers for a variety of reasons. Readiness is promoted by maintaining high standards of conduct and performance. The separation policies in this regulation promote the readiness of the U.S. Army.

On March 2, 2010, the Secretary of Defense appointed the two editors to co-chair a working group to undertake a comprehensive review of the impacts of repeal, should it occur, of Section 654 of Title 10 of the U.S. Code, commonly known as the "Don't Ask, Don't Tell" law. Their assignment was two-fold: (1) assess the impact of repeal of Don't Ask, Don't Tell on military readiness, military effectiveness, unit cohesion, recruiting, retention, and family readiness; and (2) recommend appropriate changes, if necessary, to the event of repeal. This document constitutes their report of that assessment and their recommendations. This is a print on demand edition of an important, hard-to-find report.

Rules of Disengagement examines the reasons men and women in the military have disobeyed orders and resisted the wars in Iraq and Afghanistan. It takes readers into the courtroom where sailors, soldiers, and Marines have argued that these wars are illegal under international law and unconstitutional under U.S. law. Through the voices of active duty service members and veterans, it explores the growing conviction among our troops that the wars are wrong. While the Obama Administration's pledge to remove all American troops from Iraq by the end of 2011 is encouraging - and in no small way likely attributable to resistance by our armed forces - it continues to fight in Afghanistan, and the military may soon have a heightened presence elsewhere in the Middle East and in Africa. As such, Rules of Disengagement provides inspiration and lessons for anyone who opposes an interventionist U.S. military policy.

Enlisted Soldier's Guide

**This candid report is the result of a focused 15-month effort to better understand the increasing rate of suicides in U.S. Army. Key findings include: gaps in the current policies, processes and programs necessary to mitigate high risk behaviors; an erosion of adherence to existing Army policies and standards; an increase in indicators of high risk behavior including illicit drug use, other crimes and suicide attempts; lapses in surveillance and detection of high risk behavior; an increased use of prescription anti-depressants, amphetamines and narcotics; degraded accountability of disciplinary, admin. and reporting processes; and the continued high rate of suicides, high risk related deaths and other adverse outcomes.
