Education Policy in Chinese High Schools

Oswaal JEE (Mains) Solved Papers + JEE Main Mock Test 15 Sample Question Papers (Set of 4 Books) Physics, Chemistry, Mathematics (For 2022 Exam)

This book investigates the education policy in Chinese high schools from both concept and practice perspectives. It offers a specific lens to explore Chinese high school education since the reform and opening up, the teacher policy in Chinese high schools, the curriculum and textbook policy in Chinese high school, the school layout policy of Chinese high school education, the enrollment policy of college entrance examination, and the diversified development of high school education in China. All those dimensions related to exploring the education policy in Chinese high schools offer an understanding of the modernization of high school education in contemporary China since 1949. This book provides multiple perspective to investigate the systematic landscape of high school education, contextually.

This is the brand-new Australian Curriculum Edition—a revised and extended edition with over fifty extra pages of work for students to complete. This book is suit able for students of all abilities studying Year 8 Mathematics. It has been specifically written to help students revise their work and succeed in all their class tests, half-yearly and yearly exams. In this book you will find: Topics covering the complete Year 8 Australian Curriculum Mathematics course Over 170 pages of practice exercises Fourteen topic tests Four practice exams Answers to all questions CHAPTERS: 1. Basic arithmetic and the calculator 2. Percentages 3. Four operations with integers 4. Indices 5. Rational numbers 6. Basic algebra 7. Length, mass and time 8. Area, volume and capacity 9. Circles 10. Linear relationships 11. Equations 12. Reasoning in geometry 13. Probability 14. Statistics Exam papers Answers

The Credit books have been substantially revised from the previous editions to ensure that they are accessible to all students at this level and now have a 'fast track' route to allow for early presentation. Non-calculator work clearly identified throughout all books. Parallel content between all books allows movement between levels. 'Review' sections at the beginning of each chapter enable students to consolidate learning from previous chapters and establish knowledge required to proceed with the topic. 'Recap' sections provide summaries of the chapter, making them an ideal revision tool. 'Revise' sections contain end of chapter exercises for revision and assessment, building up to exam style questions to ensure thorough preparation for exams.
