THE ORIGINAL
BOOK The
authors have
translated
their

into
actionable

successful
leadership in
the business
world. In the
book, the
authors tell

us that
leaders are

that is a
pressing
issue. This
means that if
there is a

ABOUT: The

blockbuster

bestselling

leadership book that

took America and

the world by storm,

two U.S. Navy

Access Free Extreme Ownership

SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Combat, the most intense and dynamic

Access Free Extreme Ownership

environment
imaginable, teaches
the toughest
leadership lessons,
with absolutely
everything at stake.
Jocko Willink and
Leif Babin learned
this reality first-hand
on the most violent
and dangerous
battlefield in Iraq. As
leaders of SEAL

Access Free
Extreme
Ownership

Team Three's Task Unit Bruiser, their mission was one many thought impossible: help U.S. forces secure Ramadi, a violent, insurgent-held city deemed "all but lost." In gripping, firsthand accounts of heroism, tragic loss, and hard-won

Access Free Extreme Ownership

victories, they learned that leadership at every level is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training to pass on their

Access Free Extreme Ownership

harsh lessons learned in combat to help forge the next generation of SEAL leaders. After leaving the SEAL Teams, they launched a company, Echelon Front, to teach those same leadership principles to leaders in

Access Free Extreme Ownership

businesses,
companies, and
organizations
across the civilian
sector. Since that
time, they have
trained countless
leaders and worked
with hundreds of
companies in
virtually every
industry across the
U.S. and

Access Free Extreme Ownership

internationally,
teaching them how
to develop their own
high-performance
teams and most
effectively lead
those teams to
dominate their
battlefields. Since
it's release in
October 2015,
Extreme Ownership
has revolutionized

Access Free Extreme Ownership leadership

development and set a new standard for literature on the subject. Required reading for many of the most successful organizations, it has become an integral part of the official leadership training programs for scores of business teams,

Access Free Extreme Ownership

military units, and
first responders.

Detailing the
mindset and
principles that
enable SEAL units
to accomplish the
most difficult combat
missions, Extreme
Ownership
demonstrates how
to apply them to any
team or

Access Free Extreme Ownership

organization, in any leadership environment. A compelling narrative with powerful instruction and direct application, Extreme Ownership challenges leaders everywhere to fulfill their ultimate purpose: lead and win. Editorial
