students in their study of accounting. The numerous exam-style questions will also help students sitting accounting examinations with their revision. The Multiple Choice Question Book may be used on its own or in conjunction with any introductory accounting text, including Frank Wood's Business Accounting Volume 1. The book will be suitable for students taking introductory accounting courses at college or university as well as those preparing for professional accountancy examinations. This edition of Frank Wood's A-level Accounting has been restructured to match

closely the AQA A-level syllabus, now covered in the first fifteen chapters. In particular coverage of partnership accounts, now in one chapter; all company accounting is covered in one chapter; and standard costing and variance is covered in a single chapter. The book builds on a first course in accounting and includes coverage of the more advanced aspects of financial and management accounting. As well as providing instruction and practice in the preparation of accounting information, the text stresses the need for students to understand the business reasons behind

accounting techniques. A continuing strength of the book is the large amount of question material. Recent past questions from the main examining bodies are included as well as a useful guide to examination techniques at A-level. This book has been written for the following syllabuses: * K.A.S.N.E.B. Accounts Clerks National Certificate examination at Stage 1 Elementary Book Keeping and Stage 2 Principles of Accounts * K.C.E.
