The Dramatic Art of Athol Fugard

Private Independent Schools

Issue 1,8449 February 3 2011

"Albert Wertheim's study of Fugard's plays is both extremely insightful and beautifully written... This book is aimed not only at teachers, students, scholars, and performers of Fugard but also at the person who simply loves going to see a Fugard play at the theatre." --Nancy Topping Bazin, Eminent Scholar and Professor Emerita, Old Dominion University Athol Fugard is considered one of the most brilliant, powerful, and theatrically astute of modern dramatists. The energy and poignancy of his work have their origins in the institutionalized racism of his native South Africa, and more recently in the issues facing a new South Africa after apartheid. Albert Wertheim analyzes the form and content of Fugard's dramas, showing that they are more than a dramatic chronicle of South African life and racial problems. Beginning with the specifics of his homeland, Fugard's plays reach out to engage more far-reaching issues of human relationships, race and racism, and the power of art to evoke change. The Dramatic Art of Athol Fugard demonstrates how Fugard's plays enable us to see that what is performed on stage can also be performed in society and in our lives; how, inverting Shakespeare, Athol Fugard makes his stage the world.

Paths to College and Career Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Peterson's Private Secondary Schools is everything parents need to find the right private secondary school for their child. This valuable resource allows students and parents to compare and select from more that 1,500 schools in the U.S. and Canada, and around the world. Schools featured include independent day schools, special needs schools, and boarding schools (including junior boarding schools for middle-school students). Helpful information listed for each of these schools include: school's area of specialization, setting, affiliation, accreditation, tuition, financial aid, student body, faculty, academic programs, social life, admission information, contacts, and more. Also includes helpful articles on the merits of private education, planning a successful school search, searching for private schools online, finding the perfect match, paying for a private education, tips for taking the necessary standardized tests, semester programs and understanding the private schools' admission application form and process.

As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."

This remarkable collection of resources shows teachers how to guide their students through the drama process. Drama Schemes, Themes & Dreams offers a comprehensive outline of improvisation and interpretation strategies that teachers can incorporate in classroom instruction. Organized around universal themes that invite students to make connections to texts and to each other, the book encourages students to consider their own identities and their place in the world. Each chapter is organized around a framework that will engage students as they experience a wealth of dramatic activity. This practical and useful book features a host of sources for improving classroom instruction, including scripts, monologues, poetry, novel excerpts, and visual images. Strategy Schemes provide a framework for structuring the learning. Pieces written expressly for inclusion in this book are contributed by experienced educators and artists. The selected strategies enrich the meaning-making, creative process, and critical skills that students need to succeed in school and in life. New and experienced teachers in all subject areas will find the help they need to create meaningful and innovative learning opportunities for all learners.

First published in 1981. The overthrow of the 'gang of four' in October 1976 had profound effects in all areas of Chinese society, and probably nowhere can this be more clearly seen than in the performing arts. Jiang Qing, Mao Zedong's widow, was strongly interested in the performing arts and exercised great influence over them. This book describes her influence and the effects its removal had on the arts. Although the period covered is mainly that since the death of Mao, there is also considerable reference to the years following the Cultural Revolution.

A groundbreaking, cross-cultural reference work exploring the diversity of expression found in rituals, festivals, and performances, uncovering acting techniques and practices from around the world. * A-Z entries span every region of the world and cover diverse topics from Ireland's Abbey Theatre to China's Zhang Mu (rod-puppet theater) * Beautiful illustrations include masks used in classical Greek dramas, an advertisement for a performance of Punch and Judy, the humorous puppet characters, and photographs of actors, performances, and ceremonies from Monty Python to young Balinese dancers performing the Legong dance

The new Rough Guide to England is the definitive insider's guide to a country rich in history, heritage and culture. Now in full colour throughout, this fully updated guide has clear maps, detailed itineraries and regional highlights. Now available in PDF format. There's practical information and advice on visiting England's beautiful countryside and coastline, as well as the many diverse cities, towns and picture-postcard villages. Don't miss a thing with up-to-date reviews of the best places to stay, from boutique hotels to budget hostels, the most authentic pubs and new-on-the-scene restaurants, and the most exciting activities and experiences. Whether you're camping on a remote Cornish peninsula, hiking in the Peak District, being pampered in a spa town or browsing markets in London's East End, explore every corner of this superb country with easy-to-use maps and detailed sights information. Make the most of your time on EarthTM with The Rough Guide to England.

Why are some performers exhilarated and energized about performing in public, while others feel a crushing sense of fear and dread, and experience public performance as an overwhelming challenge that must be endured? What are the factors that produce such vastly different performance experiences? Why have consummate artists like Frederic Chopin, Sergei Rachmaninoff, Pablo Cassais, Tatiana Troyanos, and Barbra Streisand experienced such intense music performance anxiety? This is a disorder that can affect musicians across a range of genres and of all standards. Some of the 'cures' musicians resort to can be harmful to their health and detrimental to their playing. This is the first rigorous exposition of music performance anxiety. In this groundbreaking work, Dianna Kenny draws on a range of disciplines including psychology, philosophy, phenomenology, psychoanalysis, and performance theory in order to explain the many facets of music performance anxiety that have emerged in the empirical and clinical literature. She identifies some unifying guiding principles that will enhance our understanding of the condition and guide researchers and clinicians in the development of effective treatments. The book provides a detailed conceptual framework for the study of music performance anxiety and a review of the empirical and clinical research on the anxiety disorders. In addition it presents a thorough analysis of the concepts related to music performance anxiety, its epidemiology, and theories and therapies that may be useful in understanding and treating the condition. The voices of musicians are clearly heard throughout the book and in the final two chapters, we hear directly from musicians about how they experience it and what they do to manage it. This book will lay a firm foundation for theorizing music performance anxiety and be of enormous value interest to those in the fields of music and music education, clinical psychology, and performance studies.

I Was There

Research in Education

Is human nature cooperative? Man is often said to be a social animal - but what does that mean? Michael Argyle believed that one of the most important components - our capacity to cooperate - had been overlooked and indeed that the whole notion of cooperation had not been properly understood. In this book, originally published in 1991, the author showed he was critical of earlier approaches, and put forward a new and extended understanding of what cooperation consists of, showing the form it took in different relationships and its origins in evolution and socialisation. He offered new solutions to intergroup and other social problems and took a new look at language and communication as a cooperative enterprise.

Peterson's Private Secondary Schools: Traditional Day and Boarding Schools is everything parents need to find the right day or boarding private secondary school for their child. Readers will find hundreds of school profiles plus links to informative two-page in-depth descriptions written by some of the schools. Helpful information includes the school's area of specialization, setting, affiliation, accreditation, subjects offered, special academic programs, tuition, financial aid, student profile, faculty, academic programs, student life, admission information, contacts, and much more.
