Why do so many
women with

gambling addiction

relapse? Lifelong

recovery requires

much more than to

For centuries men and women have been attracted to the Casinos. The earliest controlled gambling houses started in Venice, Italy around 1638 AD. It wasn't until the 1900s that they became commonplace. Although the art of "gambling" was initially outlawed by state legislation in the United States. In 1931

relationship there with someone who could potentially become a lover in the near future is like placing a "side bet" on the table. This person is fondly referred to as a "Casino Wife or Casino Husband." They will also be easy to spot. The men will be dressed as though they are going to an "awards ceremony." The women

spouse patiently waiting for them to return home with their winnings. The serious "cheater" will actually bring their spouse with them and devise clever ways to have them detained, while they work their cheating magic. We have seen couples come to the table together and one of them will lose a few hands on purpose so

Gambling can be a

really relaxing pastime.

It can take away a day's tension and worry and help you de-stress. If it is done to engage in recreation, to amuse yourself, fool around or just have fun then there shouldn't be any harm to some form of

moderate gambling.

However, it is almost a certainty that anything that is fun and easy in life is almost too good to be true and is then more often than not associated as a vice.

And so it is with gambling, easy bucks for a good time can tend to lead to an addiction if you're not careful. Too often we hear of many
