

Just Shih Tzu Puppies 2019 Calendar

Roland’s World was created by Keith D. Tennant Sr. The writing of this book inspired me to really get to know my family, especially my grandchildren. I like to sit and watch them play and the way they show their different personalities. There is always one who stands out a little more than the others. I call him my little man. His name is Roland, so I decided to call my book Roland’s World. He is five years old. He’s very smart and curious—he asks so many questions. He makes me laugh because of the way he express himself. My book is for families to sit down and read with their children. I hope you find the book hilarious. Because our children grow up so fast, don’t let time pass you by. Enjoy reading Roland’s World. Tell your children “I love you” every day.

This Open Access book brings together authoritative voices in animal and environmental ethics, who address the many different facets of changing human-animal relationships in the Anthropocene. As we are living in complex times, the issue of how to establish meaningful relationships with other animals under Anthropocene conditions needs to be approached from a multitude of angles. This book offers the reader insight into the different discussions that exist around the topics of how we should understand animal agency, how we could take animal agency seriously in farms, urban areas and the wild, and what technologies are appropriate and morally desirable to use regarding animals. This book is of interest to both animal studies scholars and environmental ethics scholars, as well as to practitioners working with animals, such as wildlife managers, zookeepers, and conservation biologists.

BIBLE PET DOG 2020 CALENDAR AND PLANNER If you love dogs and bible verses, then you will love this planner and calendar for 2020. There is simply no better way to stay organized and to plan for the future, than with your own booklet with your best notes, dates, events, and also a great place to store coupons and pictures as well. This wonderful pet calendar is loaded with 119 pages and is in a 6x9 book size, which is perfect for fitting in your purse or bag when you are on the go. Each page has three days listed, with plenty of room for writing and note taking. You will also find bible scriptures throughout the booklet as well. Some examples of these scriptures can be seen below: For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life. - John 3:16 Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight. - Proverbs 3:5-6 Show me, Lord, my life’s end and the number of my days; let me know how fleeting my life is. - Psalm 39:4 The book also includes the years of 2018 and 2019 at a glance, should you need to see what the previous day or date was during the previous two years. The same applies for 2020 and 2021 as well, with a quick glance of future dates and calendar dates. SIZE: 6x9 PAPER: Black and White Planner Pages PAGES: 119 Pages with area for notes COVER: Soft Cover (Matte) Order your copy today!

The author of Seven Daughters of Eve returns with a lively account of how all dogs are descended from a mere handful of wolves. How did wolves evolve into dogs? When did this happen, and what role did humans play? Oxford geneticist Bryan Sykes used the full array of modern technology to explore the canine genetic journey that likely began when a human child decided to adopt a wolf cub thousands of years ago. In the process, he discovered that only a handful of genes have created the huge range of shapes, sizes, and colors in modern dogs. Providing scientific insight into these adaptive stages, Sykes focuses attention on our own species, and how our own evolution from (perhaps equally aggressive) primates was enhanced by this most unlikely ally. Whether examining our obsession with canine purity, or delving into the prehistoric past to answer the most fundamental question of all, “Why do we love our dog so much?,” Once a Wolf is an engaging work no dog lover or ancestry aficionado should be without.

Every day, heroes around the world go to work, help people, and keep them safe. And they do it all while wagging their tails! Working dogs can be found at hospitals, airports, schools, courtrooms, and in the military. Compare the important duties that service dogs, therapy dogs, screening dogs, guide dogs, and military working dogs perform and learn to summarize data. Packed with factual information and high-interest content, this fiction math book uses real-world examples of problem solving to build students’ math and reading skills. Let’s Explore Math sidebars feature math questions that challenge students to develop their math skills. A problem-solving section at the end of the book prompts students to reflect and apply what they’ve learned. Demystify math with this leveled book that makes learning math fun and accessible for kids ages 10-12 and appeals to reluctant readers.

A fascinating look at rescue dogs—where they come from, why every dog lover should consider adopting one, and how to make them part of your family. America’s leading undercover animal investigator, Pete Paxton, has, among other exploits, infiltrated more than seven hundred puppy mills, worked undercover to close one of the largest and most infamous puppy mills in the United States, and shuttered the most notorious trafficker of dogs for experimentation in history. In this book, he shares stories of the amazing dogs he has rescued and brought to loving families, and also offers invaluable guidance and wisdom for anyone living with rescue dogs. Far too many people think rescue dogs have irredeemable anxieties, behavior issues, or other problems. In truth, rescue dogs can—and do—become wonderful companions. This groundbreaking book will help readers understand these dogs’ unique ways of thinking, learning, and loving, and leaves no questions unanswered about the plight of dogs commercially bred in the United States—and what every dog lover can do about it.

When Tokyo Marshall and Adonis Reid first crossed paths, sparks undeniably flew. Their connection was instant and a dream come true for Tokyo, until it suddenly became her very worst nightmare. Finding out Adonis’s true colors and intentions made her realize that he was nothing but a wolf in sheep’s clothing. But when Adonis does the unexpected and saves her life by eliminating a major threat, Tokyo’s love for him refuses to die. Now with their differences pushed to the side, Tokyo and Adonis are willing to start afresh and mend their broken past. With an open mind and open heart, Tokyo heads to Adonis’s hometown, Dallas, the city he rules with an iron fist. Far away from home but smitten for one man only, Tokyo is going to learn exactly who Adonis truly is and all the drama that comes with him. Adonis is known to the streets of Dallas as the infamous ‘AD’ and the number one man you don’t want to get on the wrong side of. He’s one of the finest caliber of men Dallas has to offer and has an endless line of chicks willing to be at his beck and call any day and anytime... One particular chick has had Adonis once before and isn’t planning on letting him go so soon. She still wants him all to herself, regardless of the new woman in his life. So is Adonis really going to be tied down to one woman for the rest of his days as a Dallas king? And is Tokyo willing to love him for who he really is, flaws and all? Or will she be led astray by her own inner demons?

Harlequin® Special Edition brings you three new titles for one great price, available now! These are heartwarming, romantic stories about life, love and family. This Special Edition box set includes: A HUSBAND SHE COULDN’T FORGET The Bravos of Valentine Bay by Christine Rimmer Alyssa Santangelo has no memory of the past seven years—including her divorce—but she remembers her love for Connor Bravo. One way or another, she’s going to get her husband back. WHAT MAKES A FATHER by Teresa Southwick When Annie becomes guardian to her late sister’s newborn twins, she expects to go it alone. But when Mason Blackburn shows up on her doorstep, her assumptions about family and love might just be proved wrong. A MAN OF HIS WORD Round-the-Clock Brides by Sandra Steffen Soldier Cole Cavanaugh is on a mission: to build a home for April, his best friend’s widow, and her two children. But when their relationship takes a turn for the intimate, the feelings of betrayal could be too strong to ignore...

Some people believe, Laughter is the best form of therapy. Author Kathy Weber happens to be one of them. Everyone has had days when all they want to do is scream, There’s Got To Be A Full Moon!!! Kathy, who has owned and operated a dog grooming business for 46-years, has had plenty of these days. She has seen a lot of crazy things and has had enough laughs to last her a lifetime. Kathy and Brad, her loving canine companion, have decided to let you in on some of the

Common Clinical Presentations in Dogs and Cats is a reliable resource and quick reference to essential information for diagnosing canine and feline patients, based on presenting complaints. The text takes a problem-oriented approach to recognizing common clinical conditions, and introduces diagnostic and treatment plans for companion animal practice. Equally useful for veterinary students and practicing clinicians, the book presents 78 chapters grouped by body system, for ease of access. Each chapter focuses on identifying the chief complaint, pinpointing possible diagnoses, and determining the clinical approach to patient care. The book is richly illustrated throughout with clinical photographs and line drawings that demonstrate the concepts presented. Common Clinical Presentations in Dogs and Cats is an essential resource that: • Gives clinicians fast access to essential details for approaching common case presentations in dogs and cats and forming a correct diagnosis • Presents information by clinical signs, organized by body system • Takes a standardized chapter format for ease of use • Includes color photographs and line drawings to illustrate the conditions discussed Written for small animal general practitioners and veterinary students, Common Clinical Presentations in Dogs and Cats is a patient-side reference that can help practitioners gain the knowledge and confidence to correctly diagnose a wide range of clinical presentations.

Sophisticated imaging tools continue to provide information about the central nervous system that is novel. This has impacted the diagnosis of neurological diseases in veterinary patients by allowing non-invasive in vivo diagnosis of diseases previously not open to diagnosis or only diagnosed post mortem. This eBook is a collection of papers submitted to the Research Topic “Neuroimaging in Veterinary Science”. It contains review and research papers, case reports and an accompanying editorial. It gives insight into the contributions diagnostic imaging can make to the field of veterinary neurology.

Tricks and treats keep the Halloween spirit alive in coastal Maine. But this year the haunted house theme is getting carried a little too far . . . HAUNTED HOUSE MURDER by LESLIE MEIER Newcomers to Tinker’s Cove, Ty and Heather Moon have moved into a dilapidated house reputed to be a haven for ghosts. Now strange noises and flickering lights erupt from the house at all hours and neighborly relations are on edge. And when a local boy goes missing near the house, it’s up to Lucy Stone to unravel the mystery of the eccentric couple and their increasingly frightful behavior. DEATH BY HAUNTED HOUSE by LEE HOLLIS For the past two years, the house next door to Hayley Powell has sat abandoned after the owner died under mysterious circumstances. The Salinger family has recently taken possession of the property, but the realtor behind the deal has vanished—after a very public and angry argument with Damien Salinger. If Bar Harbor’s newest neighbors are murderers, Hayley will haunt them until they confess. HALLOWED OUT by BARBARA ROSS With its history of hauntings and ghost sightings, Busman’s Harbor is the perfect setting for Halloween festivities. But when a reenactment of a Prohibition-era gangster’s murder ends with a literal bang and a dead actor from New Jersey, Julia Snowden must identify a killer before she ends up sleeping with the fishes. PRAISE FOR HAUNTED HOUSE MURDER “Haunted houses, a holiday staple, are an especially good fit for the authors’ folksy Down East setting. All three tales offer a dash of detection, but their strong suit is hometown charm.” –Kirkus Reviews “Enjoyable. . . . The well-drawn main characters, not the spooky goings-on, are the main attraction. Cozy fans are in for a Halloween treat.”

This edition continues to provide readers with the trusted and proven advice that has made previous editions a success. Integrate a puppy in your life Explore the latest science of dogs Train a happy, healthy pup Raise and nurture a loving dog Rather than saying: "Uh oh, now what?!" new pet owners can be equipped with the best advice.

***As featured on BBC2’s Between the Covers** ‘Glamorous. Heart-breaking. Hilarious. Feminist. Life-changing’ Katherine Ryan ‘I loved this book so much. It’s hard to overpraise. So funny and so sad and so hopeful’ Neil Gaiman ‘A wonderful and very special book’ Adam Kay, author of This is Going to Hurt ‘Funny, sparkingly honest and heart-breaking’ Bel Mooney, Daily Mail ‘Heartwarming and heartbreaking all at the same time! Genuinely couldn’t put it down’ Alan Carr ‘Incredibly moving, always funny and brilliantly witty. I urge everyone to read it’ Frank Skinner ‘LOVELY. Sad and funny and warm and DOGS’ Marian Keyes ‘Very beautiful and poignant . . . it’ll make you laugh and cry in equal measure’ Giles Paley-Phillips ‘I read it in one sitting - it’s so blinking good’ Lorraine Kelly ‘A book that will leave you smiling but with a lump in your throat’ Mail on Sunday, ‘100 Hottest Summer Books 2019’ *** The funny, heart-breaking, wonderfully told story of love, family and overwhelming loss which led Emily Dean to find hope and healing in the dog she always wanted. Growing up with the Deans was a fabulous training ground for many things: ignoring unpaid bills, being the most entertaining guest at dinner, deconstructing poetry. It was never home for the dog Emily craved. Emily shared the lively chaos with her beloved older sister Rachael, her rock. Over the years the sisters bond grew ever closer. As Rachael went on to have the cosy family and treasured dog, Giggle, Emily threw herself into unsettled adventure - dog ownership remaining a distant dream. Then, tragically, Rachael is diagnosed with cancer. In just three devastating years Emily loses not only her sister but both her parents as well. This is the funny heart-breaking, wonderfully told story of how Emily discovers that it is possible to overcome the worst that life can throw at you, that it’s never too late to make peace with your past, and that the right time is only ever now, as she finally starts again with her very own dog - the adorable Shih-tzu named Raymond.*

It is a mystery story and a detective story about mankind’s primordial quest for peace on earth, which first requires that we understand how peace gets destroyed. And like the thrillers on TV that reveal clues slowly, you will see a crescendo of mysteries that I knew were clues, if I could just figure them out! Those tough experiences were simply what I had to go through to develop the sensitivity to subliminal signals in nature that I never would have been able to pick up if my life had only been happy and easy. Yet the story is peppered with exhilarating moments of transcendence, love, and naivete. Wonderful experiences dotted this life like pecans in cinnamon rolls.

Enter the Mortgage Dragon: True Facts from a Mortgage Industry Insider with a Personal Tell-All is a compelling personal story about a man who overcame extreme adversity to succeed in the lucrative mortgage industry. This comes with great tips along the way and the pitfalls to avoid when it comes to the department of business oversight. You do not have to have an Ivy League education to succeed in this line of work or any other field in which “by referral only” is the dream goal. Enter the Mortgage Dragon is unlike any book on the subject, as it gives the reader a very personal journey while at the same time covers every important aspect in the industry. A few of the key takeaways include the following: The importance of understanding the various loan programs to assess what works best for you as a consumer or your client How down payments, credit, and income affect a mortgage Why customer service is crucial in achieving lending industry success Understanding credit and mistakes a consumer should not make during the loan process How to avoid the department of business oversight You are guilty until proven innocent How to effectively use the internet when it comes to the lending industry Best practices a mortgage loan advisor should keep-marketing and beyond Learn from author Jim Siebert, a previous top achiever in this field, through the journey of his childhood and personal relationships, his passion for U2, and the years that have had a profound effect on his career. Be prepared to be inspired while learning the important tools to succeed!

From Alexandra Horowitz, #1 New York Times bestselling author of Inside of a Dog, an eye-opening, informative, and wholly entertaining examination and celebration of the human-canine relationship for the curious dog owner and science-lover alike. We keep dogs and are kept by them. We love dogs (and we assume) we are loved by them. We buy them sweaters, toys, shoes; we are concerned with their social lives, their food, and their health. The story of humans and dogs is thousands of years old but is far from understood. In Our Dogs, Ourselves, Alexandra Horowitz explores all aspects of this unique and complex interspecies pairing. As Horowitz considers the current culture of dogdom, she reveals the odd, surprising, and contradictory ways we live with dogs. We celebrate their individuality but breed them for sameness. Despite our deep emotional relationships with dogs, legally they are property to be bought, sold, abandoned, or euthanized as we wish. Even the way we speak to our dogs is at once perplexing and delightful. In thirteen thoughtful and charming chapters, Our Dogs, Ourselves affirms our profound affection for this most charismatic of animals—and opens our eyes to the companions at our sides as never before.

A nose-to-tail guide to man’s best friend! From the giant Great Dane to the tiny Chihuahua, Eyes On Dogs provides an up-close view of man’s best friend. Which breed is nicknamed the “puffy-lion dog”? Why are greyhounds used as universal blood donors? Which breed is believed to be the world’s oldest? Learn the answers to all of these questions and more as each dog breed is introduced with stunning photos, interesting facts, and fascinating information about everyone’s favorite pet.

From the author of Once Upon a Wine, a new novel set in the charming seashore town of Black Dog Bay, Delaware. When everything has gone to the dogs . . . When Jocelyn Hillier is named legal guardian for the late Mr. Allardyce’s pack of pedigree Labrador retrievers, her world is flipped upside down. She’s spent her entire life toiling in the tourism industry in Black Dog Bay and never expected to be living the pampered life of a seasonal resident in an ocean side mansion, complete with a generous stipend. But her new role isn’t without its challenges: The dogs (although lovable) are more high-maintenance than any Hollywood diva, the man she wants to marry breaks her heart, and she’s confronted at every turn by her late benefactor’s estranged son, Liam, who thinks he’s entitled to the inheritance left to the dogs. Jocelyn has worked too hard to back down without a fight, and she’s determined to keep her new fur family together. As she strives to uphold the “Best in Show” standards her pack requires, Jocelyn finds love, family, and forgiveness in the most unexpected places.

“It is said that at all times, there are 36 special people in the world, and that were it not for them, all of them, if even one of them was missing, the world would come to an end.” – TALMUD, THE CENTRAL RELIGIOUS TEXT OF RABBINIC JUDAISM, AS QUOTED BY WIKIPEDIA Was the crucifixion engineered to end Roman rule? Could World War II have been avoided? Could the Titanic have been saved? The 36 Watchers tells the story of Jenna Berg, a young, professional, carefree NYC dweller, who, almost unwillingly, becomes a member of the most secretive and powerful group that has been protecting humankind from total destruction since the beginning of time.

Alexandra Rowan earned a double major degree in creative writing and communications. Shortly after her graduation in 2013 she died suddenly and without warning because of her use of hormone-based birth control. This book is a testament to her life, written by her father, David. My Beautiful Memory examines her life and death, and describes the difficult journey that her parents had to undertake following their loss. It concludes with an examination of the US drug industry’s influence over the regulation of these drugs that kill over one thousand women each year. Alexandra was a young woman with a love of many things, but her chief passion was writing. Latter parts of the book are written in her own words.

Dogs For Dummies (9781119609070) was previously published as Dogs For Dummies (9780764552748). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. These days, people's dogs have become bona fide members of the family. Moving from the kennel to the couch, they share our beds, family rooms, and holidays; and they are recipients of our kindest and utmost concern. A pet partnership is a lifetime commitment. Do it right, and your dog will become an important and valuable part of the family for many years. Do it wrong, and you've broken a sacred covenant between humankind and another living being. Dogs For Dummies, 2nd Edition, is for you if you are looking to adopt a dog, trying to improve the relationship with the one you have, or attempting to come up with fun things to do with your canine companion. This book is also for people who want to Choose the right veterinarian Explore the dog-breeding business Find breed-rescue groups Identify canine health problems Look for a purebred It's a "doggy-dog" world, and this easy-to-use guide will help you navigate it. Improve your chances at pet success by knowing how to raise and live with your dog properly. Discover which breed best suits your lifestyle, and if a puppy or adult dog is best for you. Dogs For Dummies, 2nd Edition, also covers the following topics and more: Caring for an aging dog Choosing collars, harnesses, halters, and leashes Considering euthanasia Feeding Fido the right way House training puppies and adult dogs Keeping up appearances with good grooming Participating in canine competitions Preparing your dog for a disaster Traveling with your dog Award-winning author Gina Spadafori says the lack of accurate information — not the lack of effort or concern — is often the reason for doomed people-pet pairings. With her help, you can avoid the agony. Dogs For Dummies, 2nd Edition, is full of useful tips, how-to advice, illustrations, and photographs (both color and black-and-white). You deserve a healthy, happy, and well-mannered canine companion; and you'll be the owner every pet wants and deserves — informed, responsible, and loving.

He's on the ski patrol. She's terrified of being buried alive. Criminal recyclers have kidnapped her brother. Will an avalanche kill them or snowball their romance? Story-line: When easy-going Tanker Sutherland is jilted at the altar, he moves to Utah for a job on the ski patrol and to train a new avalanche rescue dog, Tobler. Tank is annoyed when he's assigned to help a pretentious, well-to-do woman named Olivia find her brother instead of an official search and rescue. Never once did he dream it would involve criminal recyclers, kidnapping, an avalanche and serious danger. Olivia DeMarcus is terrified of being buried alive, but it doesn't stop her from going to the winter mountains during a huge storm to find her real estate developer brother when he doesn't return her calls. Unfortunately, she's assigned a ski patroller who doesn't have his heart in the search. Will Olivia and Tanker set their distrust aside long enough to rescue her brother from criminal recyclers and fall in love? This novella is a contemporary, clean & wholesome, action/adventure romance! If you like action, adventure and romance, then you will enjoy this book! Scroll up to the BUY NOW button to purchase today! "Very clever and talented author highly recommend all her books." - 5 out 5 Stars, Reviewer "A heartwarming romance with mystery! I highly recommend this as a fun read that will entertain and lift one's spirits." - 5 out of 5 Stars, Gail Pallotta, Author Do you think you've got what it takes to care for a Shih Tzu? They're one of the most popular non-shedding small breeds, but there's a lot to know before bringing one into your life. They can be a bit stubborn, but their big personality and loving nature makes up for it. A Shih Tzu is the ideal pet for anyone who needs a dog with a perfect balance between playful and lazy. In The Complete Guide to Shih Tzus you will learn everything you need to know from start to end; how to choose a puppy, training, traveling, grooming, health care and senior care. You will also learn all about the background of the breed, its history, breed pre-disposed diseases, and special traits. All the information is specific to Shih Tzus and in easy-reading comprehensive detail. Find answers to questions like: Is a Shih Tzu the right dog for me? I brought my Shih Tzu home. What now? How can I best train my Shih Tzu? What are some common mistakes should I avoid? This book is designed to help guide you through life with a Shih Tzu from puppy to old age and everything in between. Chapters include all the basics such as: What is a Shih Tzu? Purpose and a Paycheck

I Will Take You to Broceliande

Animals in Our Midst: The Challenges of Co-existing with Animals in the Anthropocene

Purpose and a Paycheck tells the compelling story of how a growing movement of older entrepreneurs and part-time workers are creating a stronger and more vibrant economy. Whether you're a corporate executive, business owner, policymaker, or moving into the later season of your career, the stakes for America's aging population are high. People 65 and older will account for 20 percent of the population in 2030, up from 13 percent in 2000. Many prognosticators blame the aging population for the stagnating economy, citing that as more and more people retire, they will stop working as relatively fewer working people have to support growing numbers of dependent elderly. Purpose and a Paycheck debunks this line of thought by showing how a growing movement of elderly entrepreneurs and part time workers are creating conditions for a stronger and more vibrant economy. Growing numbers of Americans are no longer retiring in the traditional sense. The numbers are striking and largely unappreciated. The labor force participation rate of men 60 years and over has risen nearly one-third from a low of 26 percent in 1996 to 35 percent in 2014. The comparable rate for women is from 15 percent to 25 percent. Even more impressive, 25.5 percent of new business ventures in 2016 were started by the 55-to-64-year-old age group, up from 14.8 percent in 1996. People in their 50s and 60s are launching new businesses at nearly twice the rate of people in their 20s. America's aging society and workforce is redefining work for all generations and is among the most significant long-term forces shaping the U.S. economy and society, alongside globalization, automation and climate change. Instead of an economic deadweight, America's aging population holds the promise of getting back the economy mojo. Reframing aging will result in faster rates of economic growth and higher living standards for all of us in addition to a more fulfilling and financially secure second half of life for our aging population.

"An engaging SF [sic] tale whose cause-effect plotline takes a licking and keeps on ticking."—Kirkus Reviews "Avi Datta spins an intricate and inventive sci-fi narrative that engages the mind and merges several interesting themes... The Winding does a fantastic job of portraying the emotions and thoughts of the protagonist through comprehensive internal dialogue." —The Manhattan Book Review "An intelligent, transporting time-travel tale brimming with music, ideas, emotion, imagination, and possibility. This is a stunner." —The BookView Review

Would you change reality for love?

Morally complex, orphan, and absolute genius Vincent Abajian is hellbent to uncover all he can on Artificial Intelligence. His relentless pursuit distracts him from a traumatic childhood loss—his childhood best friend Akane was engulfed in a time-turbulence, a random rift in space and time.

But when a beautiful, temperamental, post-doctoral scientist, Emika Amari, joins his Center, everything changes. Vincent is convinced that Akane is inside the irresistible Emika. As they begin a life together, Vincent's past and his connection with a time turbulence survivor challenge everything they've created and push them into a spiral of politics and conspiracy. Vincent's silence to protect Emika threatens to tear them apart. Unknowingly, Emika is torn between what she wants and what Akane wants from her. With his newfound power, Vincent struggles with whether or not he should create another time-turbulence to free Emika from the grasp of Akane once and for all. But will tinkering with time be more destructive than anything he has ever encountered before?

A serial killer's obsession with the preservation of beauty sees him return to stalk the streets of Penzance in the summer of 2019. It's 23 years since his first victims went missing, setting DI Brandon Hammett on the hunt for the Sleeping Beauty Killer. A beautiful woman is being held captive in an unknown location. Although not physically injured, she is manacled to a chair in a darkened, sinister dining room. Her captor is polite but menacing. Her female companions silent spectators. When a glass box is found in Prussia Cove, containing a conch and the ear of a missing beauty, a murder investigation is launched. Is the Sleeping Beauty Killer back? Or is this a copycat killing? What's clear is an evasive, clever killer is at large, presenting DI Brandon Hammett with a deadly race against time. "A dark and sinister hunt for a serial killer had me hooked from the first page." Dreda Say Mitchell "Assured and intriguing, Fairest Creatures is a novel that will grip you from the first page and hold you to the last." William Ryan, author of the Captain Korolev books. "I loved this novel with its unusual viewpoints and characters. It raced along with a great pace taking the reader with it. It was easy to invest in the main characters; they were so well-drawn and rounded. I even found myself feeling sorry for the killer! This is a great debut novel from a writer I can't wait to read again. Highly recommended." Judi Daykin, author of the DS Sara Hirst novels.

A pregnancy! A birth! A child! What's next? Do you ever stop to think of what that line means in between the date of birth and date of death on a tombstone? How that little dash encompasses all the wonderful miracles, hardships, trials, and blessings a child would go through before he or she returns to the dust. Life is full of unexplained, unforeseen events that can cause an influx of various emotions, making you feel like you're on a rollercoaster of highs and lows. These emotions however can help shape your character either negatively or positively depending on how you handle each situation. Sometimes, we have heartaches and pains that plunge us into a valley of doubt and fear filled with deep depression. The days we spend in sorrow and despair may seem never ending; however, there are days filled with laughter and hope that cultivate the feeling of love, like the warm embrace of the sunshine that brings joy after the summer rain. Yes, it is true that life right now may seem chaotic, difficult, or painful at times, but even through this tumultuous life span, there is an inner strength and powerful force that guides and manoeuvres every decision you will make. With all that is happening around you, if you have that persistent will to survive, you can be this child, A Lily Amongst Thorns.

Grief is no stranger to most people. To some degree we each experience its dark tentacles reaching into our soul, and each of us handles it differently. Lyn has felt moved to write a powerful book, dotted with amazing stories, that encourage us to find meaning in our grief. "Grief is not a punishment. It is a part of life. It is a part of who we are. It is a part of what we are made of. It is a part of what we are capable of. It is a part of what we are capable of feeling. It is a part of what we are capable of doing. It is a part of what we are capable of becoming. It is a part of what we are capable of achieving. It is a part of what we are capable of creating. It is a part of what we are capable of loving. It is a part of what we are capable of being." — (Unknown)

Health and welfare issues of brachycephalic (flat-faced) animals are one of the most pressing problems facing companion animals right now. Dogs, in particular, are suffering from a 'brachycephalic crisis' resulting from a perfect storm where a combination of factors, including genetic predisposition, environmental influences, and human intervention, have led to an array of health issues are amplified by a population boom for certain brachycephalic breeds such as the French Bulldog and Pug. But yet, for many owners, these dogs represent the perfect companion: endearing personas and cute lovable faces that make them a desirable package. So where is the truth in all of this? This book will equip veterinary professionals, animal welfare scientists, breeders and owners with the fuller story about brachycephalic health and welfare. The first half of the book provides a comprehensive overview of the issues, including the history of the breed, the genetic basis of the condition, and the various health problems associated with it. The second half of the book provides a detailed look at the diagnosis, treatment and prevention of the many unique healthcare needs of brachycephalic animals. Cutting-edge knowledge is shared on a range of disciplines including respiratory disease, ophthalmology, dermatology, dentistry, neurology, and reproductive and anesthesia. With twenty chapters written by world-leading experts, lifetimes of experience and knowledge are condensed into the first book dedicated exclusively to brachycephaly in companion animals. This essential reference work will inform, challenge and stimulate; it will open your mind to new opportunities for you to improve the welfare of brachycephalic animals by your personal and collective choices and actions. But prepare to be surprised: you may just find that the solutions to these health problems are simpler than you think. Brachycephaly in companion animals will be changed forever.

Man's best friend, domesticated since prehistoric times, a travelling companion for explorers and artists, thinkers and walkers, equally happy curled up by the fire and bounding through the great outdoors—dogs matter to us because we love them. But what is it about dogs that makes them so special? Is it their unconditional love and loyalty, or is it their ability to bring us joy and companionship? Or is it all these things and more? In this humorous guide, a CEO and a rescue dog share powerful lessons for living a better life, including how to find treats or knowing when to bark. They're loyal, loving, and big-hearted?dogs are our best friends for a good reason. Yet the question remains: how do we ensure that our dogs are as happy and healthy as we are? In this humorous guide, a CEO and a rescue dog share powerful lessons for living a better life, including how to find treats or knowing when to bark. They're loyal, loving, and big-hearted?dogs are our best friends for a good reason. Yet the question remains: how do we ensure that our dogs are as happy and healthy as we are?
