Eine totgesagte Schuhmarke, die über Nacht zum ultimativ angesagten Modeartikel wird. Ein neu eröffnetes Restaurant, das sofort zum absoluten Renner wird. Der Roman einer unbekanntes Autorin, der ohne Werbung zum Bestseller wird. Für den magischen Moment, der eine Lawine losstößt und einen neuen Trend begründen kann, gibt es zahlreiche Beispiele. Wie ein Virus breitet sich das Neue einer Epidemie gleich unaufhaltsam flächendeckend aus. So wie eine einzelne kranke Person eine Grippewelle auslösen kann, genügt ein winziger, gezielter Schubs, um einen Modetrend zu setzen, ein neues Produkt als Massenware durchzusetzen oder die Kriminalitätsrate in einer Großstadt zu senken. „Tipping Point“ zeigt, wie wenig Aufwand zu einem Mega-Erfolg führen kann.

Sixth Edition Named a 2013 Doody's Essential Purchase! A detailed road map of essential knowledge for obtaining licensure and employment as a nursing home administrator, the Seventh Edition of this classic text is updated to reflect the 2014 National Association of Boards of Examiners of Nursing Home Administrators (NAB) Domains of Practice. With more than 50 new topics, it comprehensively addresses all new regulations for managing a nursing facility along with a detailed overview of the skills and knowledge required to be a successful administrator. The Seventh Edition responds to the many changes that have recently occurred in the long-term care field. It provides a completely new Minimum Data Set 3.0 (MDS), 2015 Federal Requirements for Electronic Records, the new International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM), new Quality Measures, updated Instructions for Making Data as per the Centers for Medicare and Medicaid, the impacts of the Affordable Care Act (ACA), and several new federal regulations. The Seventh Edition clearly describes what nursing home managers do, how they think, and how they lead. It breaks down the art of management into its basic tasks—forecasting, planning, organizing, staffing, directing, controlling quality, innovating, and marketing—and examines them in depth. The text pinpoints all of the separate components of nursing home administration—management, human resources, team dynamics, conflict resolution, finance and business, industry laws and regulations, and patient care—and describes how they fit together to form the coordinated activity set required of a successful nursing home administrator. Abundant real-life case studies, chapter objectives, and critical thinking questions greatly enhance learning. Mastering this text will prepare students to take—and pass with a depth of understanding—the nationally required NAB examination. New to the Seventh Edition: 2014 updated NAB Domains of Practice: Management, Human Resources, Finance, Environment, and Resident Care Introduces over 50 new topics including team dynamics, conflict resolution, and basic principles of nursing and social work Vast changes wrought by new technology and patient data New information on safety and disaster preparedness Updates signs and symptoms of abuse, neglect, and exploitation Provides new technology vocabulary Reorganized for quick access to information A completely new Minimum Data Set 3.0 (MDS) 2015 Federal Requirements for Electronic Records International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) New quality measures Impacts of the ACA on long-term care Updated tables and figures New federal regulations for quality of care approaches for residents with dementia; additional medication issues; infection control; residents' rights to establish advance directives; and defining unnecessary drugs Key Features: Provides in-depth coverage of all aspects of nursing home administration Includes current data on the field of long-term care Replete with real-life case studies, learning objectives, and critical thinking questions Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators Prepares students for the nationally required NAB exam

Nursing Home Administration, Sixth Edition

During the last twenty years, the interest in public health leadership has continued to increase with the need to strengthen the infrastructure of public health, the events of September 11, 2001, the health reform movement, and scientific breakthroughs. The increasing role for primary care programs in the public health agenda, and the increasing deficit at the federal, state, and local level. In five parts, this book explores the basic theories and principles of leadership and then describes how they may be applied in the public health setting. Leadership skills and competencies, as well as methods for measuring and evaluating leaders are all thoroughly covered. This new third edition is an exhaustive revision that now includes extensive coverage of the leadership skills and tools that are critical to

managing public health emergencies.

Robbins Management: The Essentials covers the concepts essential to management in the 21st century in a fresh, lively format that's perfectly suited to a typical university semester. The second edition features new and in-depth coverage of sustainability, ethics and corporate social responsibility and new case studies from local and international businesses.

With a renewed focus on job-relevant skills, the newest edition of this bestselling text helps management and non-management students alike better prepare to enter the workforce. Management, 15th Edition, Global Edition, vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action--helping them develop the specific skills that employers are looking for and understand how the concepts they're learning about actually work in today's dynamic business world.

Existing narratives about how we should organize are built upon, and reinforce, a concept of 'good management' derived from what is assumed to be a fundamental need to increase efficiency. But this assumption is based on a presentist, monocultural, and generally limited view of management's past. A New History of Management disputes these foundations. By reassessing conventional perspectives on past management theories and providing a new critical outline of present-day management, it highlights alternative conceptions of 'good management' focused on ethical aims, sustainability, and alternative views of good practice. From this new historical perspective, existing assumptions can be countered and simplistic views disputed, offering a platform from which graduate students, researchers, and reflective practitioners can develop alternative approaches for managing and organizing in the twenty-first century.

Grundlagen der Unternehmensführung

Wie kann das Management in Zeiten radikaler Innovationen und Buzzwords wie Agilität und Digitalisierung die aktuellen und zukünftigen Anforderungen erfüllen? Die Markt- und Wettbewerbsveränderungen führen die meisten derzeit üblichen Ansätze der Managementpraxis an ihre Grenzen. Schnelle Lösungen und kurzfristiger Erfolg sind nicht zielführend, wirksame Konzepte und nachhaltige Strategien werden essentiell. Der Autor setzt sich kritisch mit den derzeitigen Hypes und Modeerscheinungen im Management auseinander und zeigt die Grundlagen für eine radikale Innovation von Management auf. Sowohl akademisch als auch unternehmerisch arbeitet er an einer Neuorientierung der Unternehmensführung. Damit erhalten Manager in der Praxis zahlreiche Impulse, um fundierte unternehmerische Antworten auf die brennenden Fragen in ihren Unternehmen formulieren zu können. Außerdem werden Anwendungsbeispiele aus der Praxis des

Managements wie "Entscheidung" oder "Komplexitätsbearbeitung" auf Basis der gezeigten Grundlagen demonstriert.
