This book provides an overview of how to run a Mathematical “Circle,” i.e., an organization that discovers and nurtures young mathematical talents through meaningful extra-curricular activities. This is the first volume in a trilogy describing in particular the S.M.A.R.T. Circle project, which was founded in Edmonton, Canada in 1981. The acronym S.M.A.R.T. stands for Saturday Mathematical Activities, Recreations & Tutorials. This book, Volume I, offers a sampling of many aspects, including projects and mini-courses. Volume II, which consists of student projects, addresses the purpose of the Circle, and Volume III, consisting of mini-courses, explains what actually takes place in the Circle. All three volumes provide a wealth of resources (mathematical problems, quizzes and games, together with their solutions). The books will be of interest to self-motivated students who want to conduct independent research, teachers who work with these students, and teachers who are currently running or planning to run Mathematical Circles of their own.

1. EAMCET Chapterwise Solutions 2020-2018 – Mathematics 2. The book divided into 29 Chapters 3. Each chapter is provided with the sufficient number of previous question 4. 3 Practice Sets given to know the preparation levels The Telangana State Council of Higher Education has announced the admissions in Andhra Pradesh Engineering Agricultural and Medical Common Entrance Test (Telangana EAMCET).
