Emphasises shared decision making, appraisal, and dealing with difficult situations as well as the more common topics such as taking a history and breaking bad news. This work is useful for healthcare educators with an interest in communication skills training and personal and professional development.

OSCE, the popular technique of examining clinical medical

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

trainees, is now about 40 years old. Its usage has become universal. Whether you are a trainer or a trainee stakeholder in health care, you cannot afford to be ignorant of OSCE. OSCE for Trainees in Medicine will enable you, the trainee to:

- Prepare for the OSCE in medicine specialties
- Face the examiners at an OSCE with confidence
- Professionally and proficiently interact with patients in any setting
- Enhance your clinical competencies
- Demystify the OSCE process
- Love rather than loathe an OSCE

If you want to master and tame the OSCE as a trainee and become OSCE- savvy, then this book is a must for you.

This book provides medical students and interns with a broad range of commonly encountered medical cases, a highlight of

exams. Don't be caught out! This book has been specifically designed to give you invaluable guidance and practice for taking medical histories. It features 50 complete case studies, including referral letters, medical histories, suggested data gathering methods, points to consider, warning signs, management of uncomfortable topics and differential diagnosis. With a focus on the importance and benefits of role-play in revision, this concise and easy to read format provides the study aid for Membership of the Royal College of Physicians (MRCP) candidates sitting their Objective Structured Clinical Examination (OSCE) and Practical Assessment of Clinical Examination Skills (PACES) examinations. It is also of great benefit to undergraduates approaching their final year examinations.

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

The forerunner to this book - Ryder, Mir & Freeman's 'An Aid to the MRCP Short Cases' - rapidly established itself as a classic and has sold over 30,000 copies. The new Progressive Assessment of Clinical Examination Skills (PACES) has replaced the old short case exam and, as a result, the authors have revised, reworked and extended their highly successful text so that it continues to address the study needs of candidates. This new revision aid is now presented in two volumes: An Aid to the MRCP PACES Volume 1: Stations 1, 3 and 5 An Aid to the MRCP PACES Volume 2: Stations 2 and 4 This Volume covers Station 2 'History Taking' and Station 4 'Communication Skills'. In the 'History Taking' section at least 50 examples of each type of question and case are included, together with scenarios

with simulated patients. The focus of the book is very much on the examiners' expectations so that candidates have a true picture of the areas on which they are being tested. Station 4 'Communication Skills' also covers the ethical issues in the doctor-patient relationship, such as managing organ transplantation, consenting for hospital post-mortem, etc. Also included in this Volume is the 'Experiences and Anecdotes' chapter providing real quotes from both candidates and examiners - this helps the candidate to avoid the more common pitfalls of the exam.

**frequently encountered in the examination, are all set out in a standardised format, and include hints and tips as well as a summary of consolidated key learning points. Each case contains a section on presentation which will aid the candidate in perfecting this skill. Although most appropriate for MRCP (PACES) examination candidates, the book's clear structure and balance of detail and clarity make it useful reading for medical students and trainee physicians. It will also be an excellent resource for clinicians involved in teaching students and doctors. 'The style is succinct, not minimalist but sufficient. The presentation is fresh and logical. The authors have done an outstanding job in introducing the setting for the PACES examination and the expectations of the examiners.'** - from the Foreword by Bryan Williams

topics such as evidence-based medicine. The questions are supplemented at the back of the book with explanatory answers to aid further revision and study.

The new edition of *So you want to be a brain surgeon?* continues to provide a fun yet informative guide for all medical students and for all those considering a medical degree. An entertaining, authoritative and indispensable guide for all levels, from those thinking of applying to medical school through to medical students and to young doctors. The text has been radically updated, and includes even more chapters. A guide for the MRCP PACES examination. It covers five clinical stations, including Brief Clinical Consultation, History Taking, Communication Skills and Ethics. It provides practical

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

advice on approach to the patient, inspection of signs and examination technique, with explanations of how to interpret the elicited signs.

A practical manual of clinical medicine, arranged systematically and concisely as a wide-ranging systems-based survey of the main points of clinical practice - perfectly geared towards study for the MRCP(UK) Part 1 examination. Neil Black, in the Foreword The MRCP exam is not only a necessary hurdle to pass for any junior doctor wishing to become a hospital physician in the UK, but also an excellent training in the theory and clinical skills needed to be a senior physician. This book is a comprehensive revision text covering all the clinical subjects of the MRCP Part 1 and 2

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

examination. It adheres to the MRCP official syllabus and also reflects UK clinical guidelines as well as peer-reviewed medical research papers. The information is set out in an easily accessible way, making studying for this important exam productive and enjoyable. Organised by subject area, salient points are noted and the contents give appropriate weighting to the individual topics. Boxed text, tables and figures all add to this concise guide's appeal. Whilst it covers much traditional material such as lists of causes and differential diagnoses, this is the only book written entirely according to the current evidence-base as published by NICE, SCIE and the Cochrane Collaboration. This is a one-stop manual for candidates of the MRCP Part 1 and 2 but is also highly recommended for

Medical Directory

For doctors and medical students who wish to pass examinations, and above all, to gain competency in the practice of internal medicine, they must master the skills of communication, history taking, and physical examination. However, in spite of the abundance of textbooks, very few of them offer practical information to improve these skills. Thus, this concise book offers the required up-to-date, detailed, and practical information that is needed to master communication, history taking, and physical examination. Written by an experienced university academic and a senior examiner in a number of international examination boards, this book will greatly

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

increase the chances of candidates to pass internal medicine exams. It simply gives students and doctors the passport for such success. Also, above all, it will provide enormous help to improve patient care, which is the ultimate goal in the practice of medicine.

methods, describes techniques in detail and gives relevant findings and their causes. In More Detail: A.C.E.S for P.A.C.E.S. starts off with a short discussion of examinations in general and then discusses the M.R.C.P P.A.C.E.S. examination in detail. The next part of the book is an analysis and then a discussion of clinical skills followed by a general outline on how one should approach the development of clinical skills. A detailed discussion of the organ systems follows with a chapter dedicated to each system. Each chapter is divided into three sections. Initially there is a detailed description of clinical method. Next there is an outline of the common conditions that may occur in relation to each system. The final section of each chapter contains a description of clinical findings and the conditions

## Online Library Mrcp Paces Ethics And Communication Skills Master Pass

in which they occur. The approach taken by this book is a description of the findings that may occur at each step of the clinical encounter. The last chapter discusses communication and ethics. This chapter begins with an analysis of the way in which candidates are assessed at examinations. It then analyses communication and ethics and describes a method of communication. An appendix is included which gives a summary of history taking and examination techniques for each system.

This book provides rapid revision for MRCP candidates preparing for the commonly overlooked 'Ethics and Communication Skills' section of the Practical Assessment of Clinical Examination Skills (PACES) exam. It assists you in developing an understanding of ethical issues and enhances
