

## My Name Is Angie

Angelina (Angie) Aranyi was only eleven years old but far ahead both mentally and physically of her peers. She was raised in a strict household in Budapest, Hungary, but she dreamed about experiencing a quieter village life. Her dream came true when her mother met a peasant woman whose granddaughter was the same age as Angie. To her surprise, her parents allowed her to spend her long school break with the Nagy family in the village of Kisegres. Her entire world changes when she encounters not only a different culture and religion but also her host family's nephew, an incredibly handsome boy named Joe, who immediately fell in love with Angie, a feeling that was mutual. The off-and-on romance continues for six summers and a winter that she spent at her host family's rural home. Being a beautiful young girl, she is being courted by other young men who mistake her for being much older, but Joe always managed to work his way back into her heart, until Angie met a soldier named Andy. Joe's bad temper and jealousy cast a dark shadow on Angie and Andy's new romance. Angie knew that a hard decision was ahead of her; she had to choose between her first love and uncertain future with Joe, or the steady and deeply loving Andy who would do just about anything for her. Angie could have never imagined that when she makes her final decision at age sixteen, it would send her on an unexpected and incredible journey in life.

This is not a gentle story. I have not lived a gentle life. If while you're reading my story you become uncomfortable when I speak very openly about my sexual feelings, or if you get pissed at me for cussing all the time, or if it offends you when I curse God, that's perfectly okay. You have a right to your own feelings and opinions, and so do I. If I had tried to "pretty it up," it wouldn't be how it really happened.

When my novel, 'Pathways' begins, we find our heroine, Angie Turner, employed full-time at a Bargain Store in her hometown of Paterson, New Jersey and attending the local community college. Angie is the best employee at work, the best student at her college and the stalwart support to her friends and wayward parents, a White mother and a Black father, although she rarely departs from her modest demeanor, despite her obvious exceptional abilities. Angie meets a recent Pakistani immigrant, falls in love, becomes pregnant and loses the father of her child when immigration officers remove him from the country, because of a flaw in his visa application. The daughter Angie gives birth to is stricken with a rare congenital neurological disorder, but neither this devastating setback, nor the difficulty of raising and supporting a disabled child as a single parent can prevent Angie from succeeding brilliantly through college, law school, and eventually, a career as a New York attorney.

*The Book Before Revelations is a modern-day religious fantasy starring angels and demons that wage the ultimate battle. Meet Nate, a young adolescent who has survived nothing but the worst from an abusive family and bullying at school. He meets an angel named Angie, who has experienced similar betrayals in heaven. The two begin to bond on an unusual level. As their friendship grows, Angie hears about an unstoppable war that hell plans to unleash on earth. There is no way heaven stands a chance of victory ... unless the believers on earth can stop it with their heavenly yet human bodies opposing hell's angels and demons. The young boy who was a non-believer begins training one on one with the angel. On Nate and Angie's journey, will they find happiness, love, friends, and peace in a time of war?*

*"Power, Race, and Higher Education is a parallel narrative written by two scholars. Kakali Bhattacharya, who is a South Asian woman who immigrated to the United States to pursue her graduate degrees and eventually became an academic. Kent Gillen is a White man who focuses on completing his doctoral studies under Kakali's supervision. Kent comes to a crossroad where he has to interrogate his sociocultural position, how he benefits from a White supremacist system, even if he did not ask for any of the benefits or had his personal plights. Embedded in the dilemmas are implications for cross-cultural qualitative research, understanding of how whiteness functions, and how we attend to our deepest wounds as we work to become allies and build bridges. This book can be used in undergraduate and graduate courses in race and culture studies in the social sciences and humanities, qualitative methods courses, and graduate classes that help students with writing up qualitative research. Individual graduate students and professors who advise graduate students may benefit from this text. "Riveting, courageous, innovative and brave! This spell-binding book not only holds your attention, it holds you to account as you read a beautifully integrated narrative that weaves theory, research, artistry and practice into an utterly compelling positioning of our power relations within society and the academy." Rita Irwin, Ph.D., Professor of Art Education in the Department of Curriculum and Pedagogy, and Associate Dean of Teacher Education, at the University of British Columbia in Vancouver "It is a book that will inform scholarly conversations with both undergraduate and graduate students, and influence future qualitative researchers." Enrique Alemán, Jr., Ph.D., Professor & Chair, Educational Leadership & Policy Studies, University of Texas at San Antonio "Told in honest and straightforward language, this engaging book has much to say about scholarly responsibility, White privilege, and our necessary reconciliation toward equity and a deep awareness of self." It was the sixties, a time of political and social upheaval, Hippies against the establishment. Young people from cities, towns, and college campuses, began protesting against the government and or involvement in Viet Nam. The music, drugs, clothes and long hair were an expression of their conscious separation from the long traditions engrained by the establishment. Young folks were trying to find themselves by honoring their bodies through health foods, by becoming in touch with their inner selves through meditation, and some needed to let go and experience life through the most potent and addicting drugs available on the streets and on college campuses. John Morabito was born and raised in the scenic Hudson Valley in New York about twenty five miles from New York City. He attended school in Peekskill and entered the military during the Viet Nam War at the age of nineteen. After completing his tour of duty in 1967, he returned to New York and briefly worked locally for General Motors. He then began his travels by hitchhiking throughout the United States during the mid sixties. He interfaced with many sects of people and experienced working in many areas of the United States which offered him the opportunity to broaden his outlook of America.

With a crippled body and a broken spirit, Johnny Hendricks is forced to face the battle of his life. A horrific auto accident has taken a friend and left Johnny bound to a wheelchair. It infuriates him that God has brought him so far only to take his dream away from him. The realization that God didn't leave him and he was the one who left God, humbles him and puts him on the right path. A still small voice in the night gives him a new vision of a project that only he can do. A ghost from the past and an unknown Yooper, who is on the run, are just two of the hurdles Johnny faces on this uphill climb. As usual, God, in his wisdom and mercy, throws in a few new elements to make this a fascinating read.

Melanie and Angie are determined to win the Challenge to the Chef to promote their Fairy Tale Cupcakes bakery. But, when Vic's dead body is found inside a freezer truck, Mel and Angie will need to use their best judgment to find the cold-blooded killer or they may lose more than the contest- they may lose their lives.

The noble defender Piers urges the four to aid his beleaguered land. **The Finxerunt Movement is a growing international student-led Non-Governmental Organization (NGO) founded on July 10th, 2017 on the basis of building a sustainable future, due to the several conceptual issues in our current global systems in economics, leadership, education, healthcare, human-rights and equality, and societal prioritization. Using a comprehensive, yet attainable Three-Step initiative, the organization proposes new ideas to tackle the roots of many modern issues in order to make the world a better place. Here at Finxerunt, we wish to push for equality and to highlight the intelligence and creativity of each individual. In doing so, the organization hopes to unite the minds of ordinary people to push towards advancement in our society. Uniting would end the many distractions of war and partisan politics, which would enable humans to expand in knowledge and do boundless things. A long-term goal of this organization is to join hands with people in creating a better world for the environment and the people on it. The organization hopes to unite the minds of people in order to push towards advancement in our society. When people unite, they celebrate their differences, and by default, this eliminates the need for war and aggression. Instead, people are driven by a common goal for a better world, and the "I is replaced with the We". The ultimate purpose of this project is to highlight the infinite possibilities that can occur when people come together - whether it simply spreads awareness or leads to tangible change. By creating this initiative, we hope to reach people all over the world and to encourage them to develop an interest in fostering a greater society.**
