

## Russell Simmons Book Super Rich

Master entrepreneur, original hip-hop mogul, and New York Times bestselling author Russell Simmons shares the most fundamental key to success—meditation—and guides readers to use stillness as a powerful tool to access their potential. In the New York Times bestseller *Super Rich*, Russell Simmons proved that to be rich is more than just having money in the bank—wealth is about balance, joy, and conscientious living. In *Success Through Stillness*, Simmons shows the connection between inner peace and outward success through interviews with other successful leaders in various industries, and how learning to be still has been instrumental in his own career. Simmons attributes his meditation practice with changing his life for the better and says that there is no “bad” way to meditate, only different forms for different people. In this highly anticipated new book, Russell Simmons guides readers into finding greater clarity and focus, and explains how to be healthier in both mind and body. Simmons breaks down what he's learned from masters of meditation into a guide that is accessible to those unfamiliar with the practice.

Extraordinary men and women—we see them in our communities every day. They impact countless lives, they uplift and they inspire. But where did their inspiration come from? How did they become extraordinary? Through the personal stories of twenty men and women, *Dare To Be Extraordinary: A Collection of Life Lessons From African American Fathers* breathes life into one of today's most compelling familial and social issues: fatherhood in the African American community. In-depth discourse allows business leaders, cultural icons, athletes, politicians, activists, doctors, newsmakers, and some of the best and brightest minds of our time, the chance to share—with honesty, wit and intellect—lessons learned from their fathers. *Dare To Be Extraordinary* recognizes and honors the wisdom and teachings of African American fathers passed down to both sons and daughters who took those lessons to heart and have led extraordinary lives.

Inspired by the award-winning poet and actor's acclaimed one-man play, a powerful coming-of-age memoir that reimagines masculinity for the twenty-first-century male. Award-winning poet, actor, and writer Carlos Andrés Gómez is a supremely gifted storyteller with a captivating voice whose power resonates equally on the live stage and on the page. In one of his most moving spoken-word poems, Gómez recounts a confrontation he once had after accidentally bumping into another man at a club. Just as they were about to fight, Gómez experienced an unexplainable surge of emotion that made his eyes well up with tears. Everyone at the scene jumped back, as if crying, or showing vulnerability, was the most insane thing that Gómez could possibly have done. Like many men in our society, Gómez grew up believing that he had to be ready to fight at all times, treat women as objects, and close off his emotional self. It wasn't until he discovered acting that he began to see the true cost of squelching one's emotions—and how aggression dominates everything that young males are taught. Statistics on graduation rates, employment, and teen and young-adult suicide make it clear that the young males in our society are at a crisis point, but Gómez seeks to reverse these ominous trends by

sharing the lessons that he has learned. Like Hill Harper's Letters to a Young Brother, Man Up will be an agent for positive change, galvanizing men—but also mothers, girlfriends, wives, and sisters—to rethink and reimagine the way all men interact with women, deal with violence, handle fear, and express emotion.

In every life situation, focus on all the positive outcomes. Destruction comes from focusing only on the negative. Whatever you focus on and give your attention to is what will manifest. Whatever you constantly think about is where you're focusing your energy. When you find yourself thinking in agreement with the dark side, direct your thinking to have your mind focus on anything positive. Ensure that your mind is nourishing you with its thoughts. By directing your thoughts, you can choose your mindstate. Never let your mind think whatever it wants. You will become the essence of your constant thought. Watch your mind!

Money Honey is an inspirational, entrepreneurial guide to finding the wealth inside of you! Money Honey is written based on the principles that a gift is the transfer of something without the expectation of receiving something in return. Each edition of Money Honey will include ten chapters of self-motivating stories and innovative ideas that can be manifested through the gifts that are already inside of you. Although gift-giving might involve an expectation of reciprocity, a gift is meant to be free. Money Honey defines the purpose of the term “gift” that refers to anything that makes the other happier or more optimistic, especially as a favor. Our purpose is to contribute to social bonding between members of a community through the act of mutually exchanging money for goods by creating entrepreneurs. Life on Earth is considered one of God’s gifts, and it is a good thing to receive wealth from God and the good health to enjoy it. To enjoy your work and accept your lot in life—this is indeed a gift from God (Ecclesiastes 5:19 NLT).

Vom Erfolg der Hip-Hop-Kultur inspirieren lassen Hip-Hop ist die bedeutendste popkulturelle Strömung unserer Zeit. Rap dominiert die Charts, Streetwear und Sneakers prägen die Mode und aus der Hip-Hop-Kultur entstehen Milliardenunternehmen. Die Bedeutung ist immens: Hip-Hop ist Selbstverwirklichung, die Überwindung von Klassismus und Rassismus, ein Identifikationsangebot an Millionen. Phillip Böndel und Tobias Kargoll zeigen, wie sich Techniken und Mindset der Hip-Hop-Kultur für persönliche und unternehmerischen Erfolg nutzen lassen. Auf einer Reise durch die Hip-Hop-Geschichte von den Wurzeln in den USA bis zur Gegenwart in Deutschland wird deutlich, worin der Erfolg der Kultur begründet liegt. Die Geschichten von Szenegrößen wie Specter (Aggro Berlin), Elvir Omerbegovic (Selfmade Records), Kool Savas und Raf Camora aber auch Banksy, Virgil Abloh, Karl Kani, Achraf Ait Bouzalim und Kanye West veranschaulichen die Erfolgsgeheimnisse der Hip-Hop-Kultur.

Collins came up with the storyline one night while channel surfing.
