

Sniper Questions And Answers

Modeled after the popular TV game show; features categories like state History, Geography, Exploration, People, Statehood, State Attractions, and lots more. Each category lists educational and entertaining answers--the student gives the correct question. Includes approximately 30 categories and 150 answers and questions. Kids love the Jeopardy-style format! This reproducible book features categories of your state to build quick-thinking skills. The categories includes missions, animals, landmarks, flag facts, ancestors, politics, settlers, statehood, trivia, first, potpourri and more.

In this tour de force—part historical thriller, part modern adventure—from the New York Times bestselling author of *I, Sniper*, Bob Lee Swagger uncovers why World War II's greatest sniper was erased from history...and why her disappearance still matters today. Ludmilla "Mili" Petrova was once the most hunted woman on earth, having raised the fury of two of the most powerful leaders on either side of World War II: Joseph Stalin and Adolf Hitler. But Kathy Reilly of *The Washington Post* doesn't know any of that when she encounters a brief mention of Mili in an old Russian propaganda magazine, and becomes interested in the story of a legendary, beautiful female sniper who seems to have vanished from history. Reilly enlists former marine sniper Bob Lee Swagger to parse out the scarce details of Mili's military service. The more Swagger learns about Mili's last mission, the more he's convinced her disappearance was no accident—but why would the Russian government go to such lengths to erase the existence of one of their own decorated soldiers? And why, when Swagger joins Kathy Reilly on a research trip, is someone trying to kill them before they can find out? As Bob Lee Swagger, "one of the finest series characters ever to grace the thriller genre, now and forever" (*Providence Journal-Bulletin*), races to put the pieces together, *Sniper's Honor* takes readers across oceans and time in an action-packed, compulsive read.

Now in paperback! From the author of the Navy SEALs Oral History series—an intimate look at the world's most efficient and deadly warriors. Snipers have a rich history. This fascinating book follows their tasks and techniques from the Revolutionary and Civil Wars through both World Wars, to the Korean War and Vietnam—the genesis of modern sniping—to the current conflicts in the Middle East. Also, readers will see how sniping has evolved on the civilian side in law enforcement. Readers will learn about the tools of the trade, but most importantly, they will hear from the experts themselves: military snipers, as well as civilian police and SWAT snipers. Capturing the suspense and action of the hunt, the words of these men draw readers into the close-knit, little-known world of men who need only one bullet to get the job done.

The explosion of Web-based data has created a demand among executives and technologists for methods to identify, gather, analyze, and utilize data that may be of value to corporations and organizations. The emergence of data mining, and the larger field of Web mining, has businesses lost within a confusing maze of mechanisms and strategies for obta

Tells how to handle difficult or hostile questions from employees and bosses, and covers company policies, diversity questions, evaluations, firings, productivity, and change

The recent discovery of a wooden chest, unopened for 100 years revealed a treasure trove of eloquent trench diaries, letters and poetry. The author was Hamish Mann, a young Black Watch subaltern killed in France in 1917 just five days after his 21st birthday. Thanks to Mann's outstanding literary gifts and prodigious output, this book re-lives his fateful journey from the declaration of war, his voluntary work at a military hospital, his training and commission and, finally, his service with 8th Black Watch on the Somme. The daily hardship and trauma he experienced at the Front were shared with countless thousands of his comrades. But Hamish's extraordinary gift was his ability to record the traumatic events and the range of his emotions, writing often in his dug-out by the light of a guttering candle. A century on, thanks to the Family's discovery and Jacquie Buttriss's sensitive commentary, Hamish's tragically short life can be celebrated and his literary legacy given the recognition it so richly deserves.

A trash from a high school accidentally obtained a ring, and from then on, his life went through a tremendous change. The school belle, cold beauty, and mature woman all fell in love with him, and he even entered an ideal university to begin a glorious life.

Hamish Mann, Black Watch, Officer-Poet, 1896-1917
Tsurgdari: Sniper's Nest

For a month in the fall of 2002, a series of sniper attacks suddenly dominated the headlines in the nation's capital. Beginning in the Washington suburbs, these crimes eventually stretched over one hundred miles along I-95 to Richmond. More than a thousand law officers would pursue the perpetrators—an enormous number for one case. The number of reporters covering the story, however, was even greater. On the Trail of the D.C. Sniper uses the remarkable events of that October to explore the shifting character of journalism as it entered the twenty-first century and to question how this change in the way news is gathered and reported impacted the events it covered. Because of its political significance, Washington, D.C., although not a huge population center, is home to an international news corps rivaling that of London or New York. The sniper story thus gained unusually broad media coverage. These events also coincided with the rise of cable network news, meaning that the story would be delivered through a greatly accelerated news cycle. Continuous coverage on television meant a more intense race for scoops; when a major development wasn't available, lesser incidents were sometimes played up in an attempt to maintain the sense of an always unfolding story. Jack Censer looks at the atmosphere of heightened anxiety in which this killing spree occurred—coming only a year after the 9/11 attacks, as well as the unsolved anthrax scare centered in the D.C. area—and asks if the press, by intensifying its focus, also intensified the sense of fear. To bring in another perspective, Censer looks closely at the elementary and secondary schools in the area, comparing their experience of the threat with the press's perception, and presentation, of it. In most cases, school officials chose a course of precaution in which life could carry on, rather than one of hypervigilance and lockdowns. Although it is widely thought that journalists have strong political and commercial biases, Censer reveals that in this case the press was motivated, above all, by the creation of a gripping story to evoke emotion from its audience. One of the most detailed studies yet published of how the press follows a story in the twenty-four-hour news era, this book provides a window on post-9/11 anxiety and the relationship between those fears, public events, and the news media.

Langverwachte opvolger van de bestseller 'Cold Case Kennedy' Jurist Flip de Mey analyseerde jarenlang het dossier van de moord op de Amerikaanse president John F. Kennedy. In zijn bestseller Cold Case Kennedy kwam hij op basis van alle originele documenten tot een verrassende en baanbrekende theorie. In de langverwachte opvolger De Lee Harvey Oswald Files gaat De Mey na welke rol Oswald precies speelde. Hij doet dat met dezelfde nauwgezetheid waarmee hij eerder aantoonde dat Kennedy het slachtoffer werd van een complot. Hij dook opnieuw in de dossiers, sprak met twee goede vrienden van Oswald en wist de hand te leggen op uniek fotomateriaal van Oswalds geweer. De conclusie is voor De Mey ondubbelzinnig: Oswald was niet de dader van de moord op Kennedy. Wie is dan wel verantwoordelijk? En vooral, waarom moest JFK vermoord worden? Flip de Mey geeft een even haarscherp als stevig onderbouwd antwoord. Flip de Mey levert opnieuw een waardevolle bijdrage tot de literatuur over de beroemdste moord van de 20ste eeuw.

The Gang Life: Laugh Now, Cry Later examines the criminal gangster mindset and offers gang prevention strategies, using real-world examples to demonstrate a holistic approach toward combatting this surging societal problem. The text outlines the evolution of gang membership from a state of interest, to association, to hardcore "O.G." (Original Gangster) status, and explores the evolution of law enforcement's multi-pronged approach to combating criminal street gang violence, from the catch-and-release mentality of the 1970s and 1980s to today's collaboration with private organizations such as Boys & Girls Clubs. In-depth profiles, case studies, and lengthy histories of gangs, gang members, and their transformations are provided to demonstrate the deleterious effect of gangs on society. Designed for criminal justice students and for practitioners in the field, this text offers readers a holistic approach toward gang prevention from three nationally awarded educators and gang investigators.

It is 1944, and vast armies drive each other back and forth over blood-drenched Europe. In the midst of it, two radically different women meet, one a Russian speaking American on a failed diplomatic mission and the other a Soviet sniper. The American, fleeing a sordid past worthy of Dostoyevsky, has murder in her heart but has injured no man. The other, a once-saintly believer, has killed a hundred of them for Stalin. Their politics are worlds apart, but a reckless drunken kiss has tied them together, through church and trench, incense and the smoke of battle. If they survive the war, can they survive the peace?

After escaping Kashka's capture, Shiro wakes up lost in the Forest Region. After his map is destroyed by the river, Shiro has to rely on his instincts while keeping foot to avoid being hunted, and to find where he is, so he can head for Afron. Meanwhile, Taro has arrived in Afron, one of the 5 Tsurgdari cities. Where Tsurgdars do not sleep, nor are there quiet places to hide. However, instead of having to survive on garbage and cold nights on the streets, he finds himself being a guest in one of the most prestigious hotels in Afron under unusual circumstances. Is Shiro the only target?

Slingshot Shooting is one of the fastest growing shooting sports around the world. Slingshot Shooting, unlike other shooting sports, is supposed to be something that anyone on any budget can participate in. Unfortunately when the new slingshot shooter goes on their search for information on how to get started, they find ads for slingshot shooting equipment that costs hundreds of dollars. To make things worse, it can be hard for new users to find the answers to the most common questions. In the Slingshot Sniper, Kenny Cannon, expert slingshot shooter and winner of the SSF Pro Division tournament (May 2012), takes you by the hand and shows you everything you need to know in order to get started in slingshot shooting for next to nothing! Not only does Kenny teaching you everything you need to know about getting involved in slingshot shooting without breaking the bank, he also teaches you how to shoot slingshots like an expert. In the Slingshot Sniper, Kenny will take you through his system of shooting that allows his to regularly hit the target at a rate of 90% or better! With the Slingshot Sniper, not only will you have all your questions answered about the sport of Slingshot Shooting, but you'll also be able to shoot accurately at all distances by the end of the book! Video Resource Guide Included FREE With the purchase of the Slingshot Sniper, you'll also receive a video resource guide that contains 10 videos on how to shoot like a PRO! You'll also get a list of suppliers for bands, pouches, ammo, and everything slingshot related! If you are looking to get involved in Slingshot Shooting, the Slingshot Sniper provides you with cutting edge, up to date information on how to get started quickly.

The harrowing call comes from the NYPD. Willy's ex-wife, Mary, has been found dead in her Lower East Side apartment and Willy is asked to identify the body. Torn from his beloved Vermont, Willy returns to the city of his hard-drinking youth with misgivings that deepen when he sees Mary's sad corpse on a gurney. Because of a fresh puncture mark in her arm, the police think she overdosed. Yet Willy has doubts. Driven by loss and guilt, he searches deeper and deeper into his past, to a long-ago Vietnam where he was a merciless loner known as the Sniper. Soon Willy will answer for his old sins...and live up to his chilling nickname.

The True Story of Anti-Abortion Killer James Kopp Sniper opens in October 1998 near Buffalo, NY. A man is alone in the dark in a forest. He clutches an assault rifle and is thinking about his mission. "You can cut holes in the fences around the death camps," he thinks. "A trickle of relief in the abortion holocaust. It is your duty to do it." He nestles the rifle into his shoulder and shoots at his target through the back window of a house, then flees. Barnett Sepia, a doctor who provides abortions, is fatally wounded. The shooter is James Kopp, the son of a Marine, who came to embrace the pro-life cause and ultimately the notion of "justifiable homicide: against abortion providers. Kopp fancies himself a lone wolf in the movement; a celibate man driven to "defend the unborn." He is nicknamed "Atomic Dog" in the movement and helps orchestrate assaults on abortion clinics. As the story unfolds, he becomes the central figure in an international manhunt for multiple shootings in Canada. On the FBI's Top Ten Most Wanted list, Kopp flees to Mexico, Ireland, and France. Award-winning journalist Jon wells followed Kopp's footsteps, traveled to his hometown, and interviewed investigators in the U.S., Canada, Ireland, and France to tell this gripping detective story and dark psychological drama.

Battleplan was an ambitious magazine devoted to providing variants, scenarios, and articles on game strategy for wargaming products by a variety of publishers. Published between 1987 and 1989, the magazine had a great deal of content to appeal to war gamers, including articles and materials for Ambush!, Squad Leader, Advanced Squad Leader, Up Front, and many other games. The periodical lasted nine issues, before it was folded into the Wargamer, Volume 2 periodical. In this issue, published in June/July 1988, the contents include: Editorial Midway Random Events - A classic with spice Hastings, 1066 - Review and addendum The Battle of Senlac Hill - Hastings, 1066 variants, strategies and tactics A House Divided - Complete mega-variant with counters Wilderness of Mirrors - New Central America scenario That Dirty Double Dealing Nuclear War Variant That Only Leaves You With Half a Chance! - Fiction and variant Axis & Allies - Technology variant Rumania Uber Alles - Strategies in Russian Campaign Sniper: Special Forces - Scenarios and variants Options for France – World in Flames variant Armor on the Chir River – A new scenario for Armor at Kursk Air War Once More! - Realism variant Empires in Arms in the Peninsula - Strategies from the Canadian Wargamer's Journal Feedback Forum Feedback & Survey Questions – future Battleplan mini-wargames Gamer's Guide Classifieds Writers Guidelines Inserts: A House Divided Leader countersheet

Blink is what you would call a good-hearted bad man because, even though he is a drug dealer, he uses his money to uplift and provide for the people in his neighborhood. However, greedy eyes are gazing at his lucrative operations and have no qualms about how it is obtained. With the backing of mob connections, Blink's territory is invaded, and war breaks out. Even while busy battling his enemies, Blink can't relax his guard because treachery lies within. Add to this a vengeance-seeking vigilante who has his own death list and the combustible combination can't help but explode!

Former river rat, Ro Walsh has worked on the Niagara River all his life and has seen how its deadly mystique engulfs strangers and friends alike. It is stamped irrevocably on their death faces. Despite an unending feeling that something unnatural exists in the unfathomable void that is the plunge basin at the base of Niagara Falls, Walsh escapes its pull. And his fears. But only for a while. Now it wants him back. A sniper is on the loose in Niagara Falls and his targets are the men who work on the river known as river rats. Or so it seems. In spite of the danger, Walsh is compelled to return to the Falls setting in motion events that will take him into the mysterious depths of the plunge basin. And on a collision course with his darkest fears.

Located in the bleak and desolate Orkney Islands, THE SNIPER'S STORY twists and turns through a harsh, windswept environment where secrets thrive and a member of the community can seemingly get away with murder. Games live and die commercially on the player experience. Games User Research is collectively the way we optimise the quality of the user experience (UX) in games, working with all aspects of a game from the mechanics and interface, visuals and art, interaction and progression, making sure every element works in concert and supports the game UX. This means that Games User Research is essential and integral to the production of games and to shape the experience of players. Today, Games User Research stands as the primary pathway to understanding players and how to design, build, and launch games that provide the right game UX. Until now, the knowledge in Games User Research and Game UX has been fragmented and there were no comprehensive, authoritative resources available. This book bridges the current gap of knowledge in Games User Research, building the go-to resource for everyone working with players and games or other interactive entertainment products. It is accessible to those new to Games User Research, while being deeply comprehensive and insightful for even hardened veterans of the game industry. In this book, dozens of veterans share their wisdom and best practices on how to plan user research, obtain the actionable insights from users, conduct user-centred testing, which methods to use when, how platforms influence user research practices, and much, much more.

The years since 9/11 have seen major changes in the way snipers are employed on the modern battlefield, alongside an incredibly rapid evolution in their weapons, equipment and training. This book covers the 14 years of near-constant warfare since the dawn of the 21st century, documenting where, when and how snipers have been deployed; their rifles, optics and their ancillary equipment such as laser range finders; their training and tactics and accounts of real-life operations involving sniper teams. The wars in Iraq and Afghanistan have reaffirmed the importance of snipers in both conventional and unconventional warfare, and this new study covers these developments in depth, as well as looking at the role of the sniper in police and counterterrorism environments.

As the Egyptian revolution unfolded throughout 2011 and the ensuing years, no one was better positioned to comment on it—and try to push it in productive directions—than best-selling novelist and political commentator Alaa Al-Aswany. For years a leading critic of the Mubarak regime, Al-Aswany used his weekly newspaper column for Al-Masry Al-Youm to propound the revolution's ideals and to confront the increasingly troubled politics of its aftermath. This book presents, for the first time in English, all of Al-Aswany's columns from the period, a comprehensive account of the turmoil of the post-revolutionary years, and a portrait of a country and a people in flux. Each column is presented along with a context-setting introduction, as well

as notes and a glossary, all designed to give non-Egyptian readers the background they need to understand the events and figures that Al-Aswany chronicles. The result is a definitive portrait of Egypt today—how it got here, and where it might be headed.

Here is the book that guides the President of the United States from the first in the Oval Office and to the day he (or she?) walks out for the last time. In fact, the strategies and mindset recommended in these pages are essential tools for capturing the Presidency, much less wielding it. The international scene today is either a madhouse or the product of extraordinarily cynical techniques such as these, applied with cold cunning, by our nations leaders. This handbook provides a comparison of the world's premier intelligence agencies, discusses tactics of surveillance, war, and public persuasion, practical advice on political maneuvering at the local, national and international levels. A rational, results-based handbook, it is destined to be a secret favorite of politicians, agents of the special services, CEOs and corporate boards for the next hundred years to come. And for the many other ambitious contenders in the world of winner-take-all bare-knuckles capitalism. The author, who cites decades of insider knowledge at the KGB and the CIA, says he originally compiled this book upon a request from Washington anonymous, of course. - Publisher.

With hundreds of photographs and illustrations demonstrating priceless tips and techniques, if it's not in TheUltimate Guide to U.S. Army Combat Skills, Tactics, and Techniques, your Army of One don't need it!

Simo Häyhä (1905 – 2002) is the most famous sniper in the world. During the Winter War fought between Russia and Finland in 1939 – 1940 he had 542 confirmed kills with iron sights, a record that still stands today. He has been a role model for snipers all over the world and paved the way for them by demonstrating their significance on the battlefield. Simo Häyhä was a man of action who spoke very little, but he was hugely respected by his men and his superiors and given many difficult missions, including taking out specific targets. Able to move silently and swiftly through the landscape, melting into the snowbound surroundings in his white camouflage fatigues, his aim was deadly and his quarry rarely escaped. The Russians learned of his reputation as a marksman and tried several times to kill him by indirect fire. He was promoted from corporal to second lieutenant and he was awarded the Cross of Kollaa. For sniping Simo Häyhä only ever used his own m/28-30 rifle. Eventually his luck ran out and Simo received a serious head wound on March 6 1940, though he subsequently recovered. After the war Simo Häyhä lead a quiet, unassuming life in farming and forestry. His roots were deep in the Finnish soil and he loved life in rural Finland. A true patriot, he epitomized the traits of a professional soldier, performing his duty and setting an example of bravery that personified the Finnish spirit when confronted by the Russian onslaught. The White Sniper fully explores Simo Häyhä's life, his exploits in the Winter War, the secrets behind his success including character and technique, and also includes a detailed look at his rifle itself. There are appendices on the basics of shooting, the impact of fire on the battlefield, battles on the Kollaa Front during the Winter War and a list of ranked snipers of the world.

Speaking in public can be fun - honestly! Whatever the occasion, whatever the content, whatever the situation, this book will teach you everything you need to know to plan, prepare and deliver any speech or presentation and will give you the skills to deliver it with style, wit, charm and confidence. Discover expert tips, tricks, tools and techniques that will help you build on skills and abilities you already have so you can stand up in front of any audience and really wow them. Whether you're looking for help in overcoming your fears and building your confidence, or whether you're already quite good and want to polish your performance, this book will help you. Anyone can learn to speak in public. This book will show you how even you can do it brilliantly.

Chris Kyle diente von 1999 bis 2009 bei den US Navy SEALs und verzeichnete in jener Zeit die höchste Zahl an tödlichen Treffern in der amerikanischen Militärgeschichte. 160 gezielte Liquidationen schreibt ihm das Pentagon offiziell zu. Seine Kameraden nannten ihn "Die Legende", seine Feinde "Teufel" ... In dieser eindringlichen Autobiografie erzählt der geborene Texaner, der 2013 erschossen wurde, die Geschichte seiner außergewöhnlichen Karriere. Nach dem 11. September 2001 wurde er im Kampf gegen den Terror an die Front geschickt und fand seine Berufung als Scharfschütze. Hart und ehrlich spricht Kyle über die Schattenseiten des Krieges und das brutale Handwerk des Tötens. Seine Frau Taya schildert in bewegenden Einschüben, wie der Krieg sich nicht nur auf ihre Ehe und ihre Kinder auswirkte, sondern auch auf ihren Mann. American Sniper ist das Psychogramm eines Scharfschützen und ein fesselnder Augenzeugenbericht aus dem Krieg, den nur ein Mann erzählen kann.

Ultimate Guide to U.S. Army Combat Skills, Tactics, and Techniques

Democracy is the Answer

Two young soldiers use their skills as snipers to confront the horrors of chemical warfare on the battlefronts of World War I Europe. Michael Sauvage, a prairie-farmer's son, and Erik Path, a young carpenter's apprentice, are among the first soldiers to join the Allied sniping program. Michael and Erik could not be more different, but their unique skills, when combined, make them the deadliest sniper team in Europe. Now those skills will be put to the test, and the price of failure could result in the deaths of millions of allied soldiers and civilians, and defeat at the hands of the Germans. Rumors that the Germans are close to completing a new battlefield gas; odorless, colorless, and invariably fatal, have the Allies scrambling to find a way to stop this horrifying killer for which they have no defense. Michael and Erik are given the task of tracking down the laboratory where the gas is being manufactured and tested, deep behind enemy lines in occupied France. Their mission: destroy the lab and assassinate the scientist leading the research.

Snipers are exceptional. The trained sniper is a complex fusion of hard skills such as weapons knowledge, situational awareness, knowledge of ballistics and physics, and soft skills such as emotional stability, empathy, and a stoic acceptance of the hardships associated with a particular set of circumstances. There are countless instances where a single sniper, embarking on a secret mission, would have to improvise, operate beyond any hope of support, and yet still manage to carry out the mission and get back home unharmed even though the enemy was actively hunting him. For the first time ever, *The Sniper Mind* reveals the practical steps that allow a sniper's brain to work in this superhuman precise, calculated way. It teaches readers how to understand and apply these steps, whether they are stuck in a cubicle facing mounting piles of work or sitting in a corner office making industry-defining decisions. Through the explanation of advanced military training techniques and cutting-edge neuroscience, David Amerland's book provides concrete strategies and real-world skills that can help us be better: -At our jobs -In our relationships -In our executive decision making -In the paths we choose to take through life By learning how snipers teach their minds to eliminate fears and deal with uncertainty we can also develop the mental toughness we need to achieve the goals that seem to elude us in business as well as in life.

An internationally-renowned scholar in the fields of international and transitional justice, Diane Orentlicher provides an unparalleled account of an international tribunal's impact in societies that have the greatest stake in its work. In *Some Kind of Justice: The ICTY's Impact in Bosnia and Serbia*, Orentlicher explores the evolving domestic impact of the International Criminal Tribunal for the former Yugoslavia (ICTY), which operated longer than any other international war crimes court. Drawing on hundreds of research interviews and a rich body of inter-disciplinary scholarship, Orentlicher provides a path-breaking account of how the Tribunal influenced domestic political developments, victims' experience of justice, acknowledgement of wartime atrocities, and domestic war crimes prosecutions, as well as the dynamic factors behind its evolving influence in each of these spheres. Highlighting the perspectives of Bosnians and Serbians, *Some Kind of Justice* offers important and practical lessons about how international criminal courts can improve the delivery of justice.

First published in 1948, this book is a practical guide to the sniper's art in World War II. Captain Shore's enthusiasm for firearms and especially for rifles led him to take every possible opportunity to try out different weapons, ammunition and methods of shooting. His interest was combined with sound common sense, and he would never countenance a rumour about a particular weapon or incident unless he was able to confirm it for himself. As a result everything in this book is based on his personal experience. In World War II Captain Shore took part in the British landings at D-Day, and fought in Normandy and northern Europe. He came across many different weapons in varying condition, some of the worst being those used by the Dutch and Belgian resistance fighters. He was keen to learn from experienced snipers and then to train others, and he became an officer sniping instructor at the British Army of the Rhine Training Centre. He shares a wealth of first-hand knowledge of different rifles, pistols, machine guns, ammunition, telescopes, binoculars and all the equipment a sniper should carry. This is not only an account of sniping in World War II but also a guide to all aspects of sniping based on personal knowledge and experience in training and battle. Illustrated heavily with photos, pictures and other illustrations of snipers, their weapons and their tactics.

The Sniper's Story

The White Sniper

Lieutenant Donal Connor has been given the most bizarre of new cases. Four famous stage performers have died in recent months, three of them in state capitals within Transifca, the fourth in far Zurinam. And now the idolised diva Maria deLivnova is coming to Tristopolis. Donal's boss is determined that nothing like this is ever to happen in

his city. Connor is to have anything he needs, as long the diva lives. And so begins a dark investigation through a world where corpses give up their psychic energy in the massive necroflux generators which power the city, where gargoyles talk, where wraiths work in slavery, a world of the dead where corruption is alive. This is an extraordinary SF novel set in alternate universe quite unlike any imagined in SF before; a universe where magic and the supernatural and the undead are given a scientific rationale and hoorfyingly plausible rationale. The novel's setting, Tristopolis, is the ultimate noir city; an immense baroque creation of haunted stone skyscrapers, black metal and city-wide catacombs. Its hero Donal Connor is immensely likeable and easy to identify with. Even once he's dead.

On December 1, 1950, Marine Captain Everett Donovan wakes up in a mortar crater behind enemy lines and is confronted by his Korean counterpart--who will survive the encounter?

Get ready – it ' s time to create a happy closet! The Happy Closet will help you transform your wardrobe (and your mind) into an organised and clutter-free space, ensuring you dress for the person you are today and never again utter the ill-fated words, ' I have nothing to wear ' . In this inspirational book you ' ll find out how to move past the unconscious hoarding patterns in your personality. You will learn how to go from collecting rails of clothes you rarely wear to shopping effectively and mindfully to building a wardrobe that works for you, whatever your lifestyle. Once your clothes are in order, you will feel more confident, more in control and less anxious. This is a book for anyone who has ever wanted to have more with less. Get ready to discover your Happy Closet, where well-being is always well-dressed.

Fans of James Patterson and Michael Connelly will love C.M. Sutter! Download this first book in the unputdownable Detective Jesse McCord Police Thriller Series now! The ambush is in place, he takes aim, and shots ring out. Chicago is officially on notice, and a siege is underway on the city ' s men and women in blue. Assigned to the task force investigating the shootings, Jesse McCord and twenty of Chicago ' s top-notch detectives work day and night to track down the sniper whose agenda is apparent—to kill as many police officers as possible. Getting in front of the crazed assailant is the only way to stop him, but without a name, a face, or a witness to the shootings, the police department is chasing a ghost. As a profile evolves, Jesse is struck by the realization that he and the sniper have much more in common than anyone could have known. It ' s the epiphany he needs to stop the shooter, and a dangerous game of cat and mouse begins. Taking on the killer face-to-face, and single-handedly, is the only way Jesse can protect his colleagues and end the siege on his beloved Chicago—the city he calls home and always will.

The True Story of Anti-Abortion Killer James Kopp
