Diese Ernährung geht zu Herzen! "Herzerkrankungen sind vermeidbar. Und wer bereits darunter leidet, kann ihr Fortschreiten stoppen und die heimtückischen Folgen rückgängig machen. Der Schlüssel zum Erfolg liegt in der Ernährung." Caldwell B. Esselstyn war Olympiasieger im Achter, erfolgreicher Chirurg und anerkannter Präventivmediziner - vor allem aber ist er ein Pionier. Sein revolutionäres Herz-Ernährungsprogramm - rein pflanzlich, ohne Fette, vegan - hat seine Wirksamkeit in über zwei Jahrzehnten und vielen Studien bewiesen. 'The Camper Cookie: Easy Recipes and Cool Tips for Your Campervan Life' is a friendly cookbook full of easy, delicious recipes that you can make in a campervan kitchen. The book also has some really helpful tips for cooking in a campervan like: how to create a capsule larder that uses the same ingredients for many meals or kitchen kit, like silicone lids, that help to make your cooking life easier. The recipes are also really good for weekday meals when you get in from work and want proper food but want something quick and simple. Summer is a passionate campervanner who also loves good food and she now blogs and writes books about the easy, home-style recipes that she creates for the campervan life. Summer and her partner, Glyn, had been camping for many years but got fed up with putting up a tent in the half-light on a Friday night or taking it down in the rain at the end of a wet weekend so decided to buy themselves a small campervan. They went to the campervan shows but realised that their very small budget would buy them barely more than a wheel there! But then they found a company that sold converted Toyota Previas for a reasonable price and their new campervan, 'Trev-the-Prev' came in to their life. Summer had Chronic Fatigue Syndrome for many years but healed herself by researching, like a

maniac, everything to do with mind-body health. She realised that nutritious food is very important to staying well and happy but found that it was not so easy to cook good food in the limited kitchen that you get in a small campervan. So she started to search for and develop easy real-food recipes that they could cook when they were out having adventures. She loves to share her recipes so she started up a blog (www.thecampercookie.com) and also writes recipe books for campervan cooking. She also demonstrates her recipes on YouTube and at shows.

Forget hurrying. Forget putting your foot down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around France for camper vans and motorhomes. We show you the coolest places to stay, what to see, what to do and explain why it's special. We meander around France on the most

brehtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for walkers, wine-quaffers, climbers and skiers. We include the steepest, the bendiest, the most picturesque and most interesting. And you don't even have to own a camper van or motorhome - we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to vineyards, beaches, mountains and highways that make you want to turn the key and go, go, go!

What's the deal? Why's Lucy writing a cookbook? Well my friend, I'm attempting to fill the void of information that's missing. To create content that I would actually read myself and information that I wish I had stumbled across on my researching endeavours. For starters, all the 'van life' cookbooks and cooking ideas out there have been written and developed by people with oodles amounts of money, people not living the true van life. So if you're about to embark on the true van life experience this will be the perfect book for you. The true recipe to make everything just that much simpler and more enjoyable. There's nothing worse than growing sick of those same few meals you can cook

and dreading meal times. What a lot of people don't know about me is that I'm a bit of a spreadsheet nerd - I love them. I like to understand everything and know what I can actually afford and when I'm treating myself. Sometimes foods you think cost more and what I consider some of the finer things in life, can turn out to be cheaper than expected. Often that is the case and I can live like a queen! But seriously, these are truly van life or camper life recipes for those budget, free camping, happy-go-lucky, looking for something tasty people in life. All money goes towards my coffee fund. This Book is suitable for Vegetarians and Vegans.

Issues of Life and Death such as abortion, assisted suicide, capital punishment and others are among the most contentious in many societies. Whose rights are protected? How do these rights and protections change over time and who makes those decisions? Based on the author's award-winning and hugely popular undergraduate course at the University of Texas, this book explores these questions and the fundamentally sociological processes which underlie the quest for morality and justice in human societies. The Author's goal is not to advocate any particular moral "high ground" but to shed light on the social movements and social processes which are at the root of these seemingly personal moral questions. Under 200 printed pages, this slim paperback is priced and sized to be easily assigned in a variety of undergraduate courses that touch on the social bases underlying these contested and

vertraut. In "Tief im Süden" begibt er sich auf neues Terrain: Erstmals erkundet er sein eigenes Land und unternimmt einen Roadtrip durch die Südstaaten. Der Südosten der USA präsentiert sich ihm als eine Realität voller Härten, in der ihm zugleich ungeahnter Mut, Herzlichkeit und Gemeinschaftsgefühl begegnen. Er fühlt sich erinnert an seine Reisen durch die ärmsten Länder der Welt. Exotisch erscheint ihm diese Gegend, erstaunlich die Offenheit, mit der ihm die Menschen begegnen. Er landet in Geisterstädten, Freikirchen und auf Waffenausstellungen entlang des "Old Man", des Mississippi. Rassismus und die Folgen von jahrhundertelanger Segregation sind allgegenwärtig. Theroux begibt sich hinein in diese gespaltene Gesellschaft, fragt nach und hört zu, getrieben von einer unstillbaren Neugier auf die Menschen und ihre Leben. Er ist fasziniert von diesem unbekanntem Amerika, aus einer geplanten Reise werden vier: "Da wusste ich", so schreibt er, "dass der Süden mich festhielt, mal in einer wohligen Umarmung, mal in einer unerbittlichen Umklammerung."
