The Hairy Bikers' Veggie Feasts

Si King and Dave Myers, AKA the Hairy Bikers have travelled an interesting road. Born in the north of England, both Si and Dave had their childhood challenges. For Si, being bullied as the fat kid in class was part of his daily school routine. For Dave, his life changed when he became a childhood carer for his mother. But through the challenges of their early years came a love of really good food. And it was food that brought Si and Dave together. Their eyes met over a curry and a pint on the set of a Catherine Cookson drama, and they knew they would be firm and fast friends for life. From deserts to desserts, potholes to pot roasts, the nation's favourite cooking duo reveals what's made their friendship such a special and lasting one. They've eaten their way around the world a good few times, but have never lost sight of what matters: great friends, great family and great food. In this heartwarming memoir of friendship and hilarious misadventure, Si and Dave take you on the ride of their lives!

A heart-expanding story of hope, friendship, and the power that comes with realizing that magic, like family, doesn't always look the way you expect it to. Eleven-year-old June is a problem-solver. Some people might call her a busybody, but that's okay. Just look at all the couples she helped find love! (Grateful newlyweds Marlene and Big Vic have even promised June free hot chocolate for life at their café.)However, when June learns that her parents are getting divorced, she has to face the fact that there are some problems too big even for her. At least, that's what the adults in her life keep saying.But June's convinced there's a way to make her parents fall back in love. While brainstorming ideas on her new secondhand laptop -- purchased from a mysterious store in town called The Shop of Last Resort -- June gets a strange IM from someone named JuniePie28 . . . someone who claims to be an older version of June messaging her from the future.At first, she assumes it's a prank. But JuniePie28 knows too much about June's life to be a fraud, and future June warns her against interfering with her parents' marriage. But June can't just sit around and watch her parents' marriage dissolve, not when there's a magical shop in town that could be the answer to all her problems! Will June prove her older self wrong and stop the divorce? Or will she have to accept that there are some things she can't control?

There's something about the smell of meat cooking that signals a feast - it's savoury, comforting and tempting. Alle Ortschaften werden von menschenfressenden Horden belagert, nur eine einzige Stadt ist noch nicht befallen. Dorthin hat sich der tyrannische Herrscher Mevolent zurückgezogen. Plant er jetzt etwa eine Invasion der Erde? Das Sanktuarium ist besorgt und schickt die Toten Männer los. Skulduggery Pleasant und Walküre Unruh sind natürlich dabei.
