In recent years, the

Circular Economy

(CE) has gained

worldwide attention as

an effective

alternative economic

system to the current

take-make-waste

model of production

and consumption. As

Read Online Waste To Wealth

more and more firms begin to recognize the potential of this novel approach, the CE quickly moves from theory to practice and the demand for a coherent and structured strategic approach – one that companies can rely upon when commencing their circular journey –

Read Online Waste To Wealth

The Circular Economy grows accordingly. Strategic Management and the Circular Economy aims to bridge the theory-practice gap by putting forward a detailed step-by-step process for analysis, formulation, and planning of CE strategies. Starting from a solid framework of easy-to-
