The Western Home: A Literary History of Norwegian America is a history of American literature. It is different from other histories of American literature in that the language of the writers and their readers was not English. There have been studies of American authors who have used languages such as French, German, Spanish, or Swedish, but this is the first comprehensive history of any literature written and read in the United States in another language than English. Indeed, most histories of American literature are based on the theory that English is the only American literary language. Such a theory, however, dismisses the fact that English has in periods been a minority language in many areas. In this book American literature is the literature of people who are American by choice or by birth regardless of the language they may have used. This book demonstrates that Norwegian has indeed been an American literary language and that many of the American writers in this language deserve our attention.

Ideal for students, entry-level technicians, and experienced professionals, the fully updated Sixth Edition of MEDIUM/HEAVY DUTY TRUCK ENGINES, FUEL & COMPUTERIZED MANAGEMENT SYSTEMS is the most comprehensive guide to highway diesel engines and their management systems available today. The new edition features expanded coverage of natural gas (NG) fuel systems, after-treatment diagnostics, and drive systems that rely on electric traction motors (including hybrid, fuel cell, and all-electric). Three new chapters address electric powertrain technology, and a new, dedicated chapter on the Connected Truck addresses telematics, ELDs, and cybersecurity. This user-friendly, full-color resource covers the full range of commercial vehicle powertrains, from light- to heavy-duty, and includes transit bus drive systems. Set apart from any other book on the market by its

emphasis on the modern multiplexed chassis, this practical, wide-ranging guide helps students prepare for career success in the dynamic field of diesel engine and commercial vehicle service and repair.
